Consideration Continued.

Authorizing Purchase of Real Property from P. Helseth et ux., for \$1,500, Required for the Crosstown Freeway.

File No. 15175, Resolution No. (Series of 1939).

Discussion.

The President of the Board questioned the necessity of purchasing the subject parcel in view of the fact that the Crosstown Freeway route had not as yet been adopted, and suggested that something should be done to review the entire subject because the possibility exists that the freeway may not be constructed, with the result that the city may then have any number of parcels on hand with no definite use therefor.

Supervisor McAteer inquired into the number of parcels which would have to be acquired to accommodate the subject freeway. The Chief Administrative Officer stated the Supervisor would be furnished with the information desired.

Supervisor Blake expressed the opinion that before the Board approved the purchase of any property for the proposed freeway, it should consider the adoption of a policy with respect to the construction of the freeway and before he would vote on the subject proposal he recommended that the Board hold public hearings looking toward the adoption of such a policy.

President Ferdon declared that public hearings would be held before the Board approved or disapproved a route for the subject freeway.

There being no objection, further consideration was *temporarily postponed* to permit the appearance of Mr. Sherman P. Duckel, the Director of Public Works.

Adopted.

Authorizing Conveyance of Quitclaim Deed to Fredwin H. Somers et ux., Covering Portion of Alameda Pipe Line Right of Way in Dumbarton Tract, in Consideration of \$600 Payment to the City.

Directing the State Legislative Representative to Arrange to Have Legislation Presented in the State Legislature Which Would Amend the Provisions of the Bradley-Burns Uniform Local Sales and Use Tax Law so as to Extend the Benefits of Reciprocal Use Tax Exemption Provisions Therein Contained to Local Jurisdictions Imposing Purchase and Use Tax Levies.

File No. 15183, Resolution No. 17400 (Series of 1939).

Adopted by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McAteer, McCarty, McMahon, Rolph, Sullivan—11.

Continuation of Consideration of File No. 15175, Purchase of Property from P. Helseth et ux., for \$1,500, Required for the Crosstown Freeway.

The Director of Public Works, Mr. Sherman P. Duckel, appeared and answered questions propounded by the several members of the Board.

He called the Board's attention to the fact that about two years ago it had approved the purchase of a parcel of property for the subject freeway by the payment of \$7,000, and the subject parcel would be the second one the city was being asked to purchase, according to available records.

In answer to a query, Mr. Duckel stated that the probable cost of the freeway construction would amount to between ten and twelve million dollars. Mr. Duckel informed Supervisor McAteer that the money to pay for the subject parcel would come from the gas tax fund.

Mr. Duckel further expressed the opinion that any change in the proposed route of the Western Freeway would affect the construction of the Crosstown Freeway.

Supervisor McAteer stated he would be unable to vote on the pending measure due to his belief that by doing so the Board would be obligating itself to an endorsement of the proposed Crosstown Freeway which, at the moment, is still in the drawing board stage. If the Board approved the purchase of the subject property, it would be tantamount to an alert to the residents in the area affected to the end that any proposed improvement or new construction would be immediately halted. Until such time as the Board has had the opportunity of studying the freeway plans and deciding the route, he would withhold his vote on the purchase of property for the proposed freeway.

Supervisor Halley moved, seconded by Supervisor Casey, that consideration of the pending measure be continued for one week to permit the Director of Public Works to submit to the Board the preliminary plans and data which he may have available thereon.

No objection and motion *carried*.

Consideration continued one week.

Board of Supervisors to hear protests, if any, of all persons interested in the following described work done or in the assessment, diagram or warrant for pay of the cost of the same, or in any property affected thereby: Improvement of Campbell Avenue between Goettingen Street and Somerset Street and of Somerset Street between Campbell and San Bruno Avenues, including the intersection of Campbell Avenue and Somerset Street, by Eaton and Smith, Contractors, as described in Declaration of Intention Order No. 46971 dated December 16, 1955, of the Department of Public Works.

File No. 14098

Protest Filed.

The Clerk informed the Board that a protest had been filed in connection with the foregoing matter by Attorney Ralph Irby White on behalf of protestants Mr. and Mrs. Adolph Washauer.

Privilege of the Floor.

The privilege of the floor was extended to Attorney Ralph Irby White. Mr. White explained the position of the protestants and produced photographic evidence to support his contention that additional relief should be afforded his clients.

Supervisor Blake moved, seconded by Supervisor Ertola, that the matter be re-referred to the Streets Committee for further study.

Query of Deputy City Attorney.

Supervisor McAteer asked Deputy City Attorney Thomas Blanchard as to the Board's jurisdiction over the pending matter. Mr. Blanchard replied that some time back an opinion had been rendered by the City Attorney's office with respect to a portion of the Public Works Code and held that matters such as that presently before the Board must be heard before the entire Board. Everyone interested must be accorded the opportunity of being heard and then, if the Board so desires, the matter may be referred to committee for further study.

Supervisor Rolph raised the question of whether the matter should be handled by the Department of Public Works with a view to reaching an amicable settlement. Mr. Blanchard replied that since the matter was now under the jurisdiction of the Board, the Board could refer the matter to the city agency for action if it deemed it necessary to do so.

There being no further discussion, the roll was called on the motion to re-refer the matter to committee for further study and report back to the Board, and it was *adopted* by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Halley, McAteer, McCarty, McMahon, Rolph—9.

No: Supervisor Sullivan—1.

Absent: Supervisor Ferdon—1.

Consideration Continued.

Approving Action of the Recreation and Park Commission Granting Permission to the Library Commission to Occupy a Portion of the North Beach Playground for Branch Library Purposes.

File No. 14942-1, Ordinance No. (Series of 1939).

Motion to Re-refer.

Supervisor Ertola moved, seconded by Supervisor Casey, that the measure be re-referred to committee so that an opportunity may be afforded all interested persons and/or organizations' representatives to be heard.

Explanation Requested.

Supervisor McAteer asked that a summary be given the Board so that it may be duly informed on all aspects of the matter.

Supervisor McCarty gave a detailed explanation, stating that this problem had been under study for a period of fourteen years and that several sites had been considered in the North Beach area, notably one on Telegraph Hill; one opposite the Washington Square Plaza; one on the triangular corner bounded by Powell, Union and Columbus Avenue; one on the triangular corner bounded by Columbus Avenue, Lombard and Mason Streets; and finally the one selected by the Mayor which would take in a portion of the North Beach Playground. Supervisor McCarty pointed out that regardless of where the library branch is finally located, it will be opposed by some segment of the North Beach population and that the Finance Committee has been guided by the principle that the project as recommended by the Mayor will do the greatest good for the greatest number.

Supervisor Ertola expressed the belief that everyone interested in the project had not been heard.

Supervisor McAteer elicited the information from Max Funke, General Manager of the Recreation and Park Department, that the North Beach Playground had been constructed as a result of the passage of the 1905 Playground Bonds, and asked Mr. Funke to determine if there is any implied trust involved which would preclude use of the area for other than recreational purposes, and before he would vote on the measure he would appreciate the information. Supervisor McMahan likewise asked for similar information regarding the construction of branch libraries on playground facilities in the Parkside and Marina Districts.

Mr. Funke stated he would look into the matter, and report back to the Board.

The roll was thereupon called on the motion to re-refer the measure to committee and it lost by the following vote:

Ayes: Supervisors Blake, Casey, Ertola, Halley, McAteer—5.

Noes: Supervisors Dobbs, McCarty, McMahan, Rolph, Sullivan—5.

Absent: Supervisor Ferdon—1.

Supervisor Halley moved, seconded by Supervisor Ertola, that consideration be continued for a period of two weeks.

Motion *carried* by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Halley, McAteer, McCarty, McMahan, Rolph, Sullivan—10.

UNFINISHED BUSINESS.

Adopted.

The following recommendations of Finance Committee, heretofore Passed for Second Reading, were taken up:

Authorizing Purchase of Real Property from P. Helseth et ux., for \$1,500, Required for the Crosstown Freeway.

File No. 15175, Resolution No. 17417 (Series of 1939).

Discussion.

Supervisor McAteer asked Mr. Sherman P. Duckel, Director of the Department of Public Works, as to the number of homes which would have to be purchased in contemplation of the construction of the Crosstown Freeway. Mr. Duckel replied that up to the present time only one parcel, comprising ten lots, had been purchased and

that the pending measure related to the second parcel proposed to be bought by the city.

Upon the assurance by the Director of Public Works that the city would only purchase unimproved property, Supervisor McAteer stated he would vote for the measure.

However, Mr. Duckel did qualify his assurance by stating that in the event it became necessary to purchase buildings as well, the matter would naturally come before the Board and he would make the required explanation showing the necessity for such proposed purchase, i.e., to forestall the making of expensive improvements which the city would later have to pay for, etc.

The roll was thereupon called and the measure was *adopted* by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Halley, McAteer, McMahan, Rolph, Sullivan—9.

The following recommendation of Finance Committee was taken up:

Approving Action of the Recreation and Park Commission Granting Permission to the Library Commission to Occupy a Portion of the North Beach Playground for Branch Library Purposes.

File No. 14942-1, Ordinance No. (Series of 1939).

January 14, 1957—Consideration continued to January 28, 1957.

Discussion.

Supervisor Ertola stated he has been informed that people in the Telegraph Hill and Russian Hill areas had not been given an opportunity to be heard in committee, and accordingly moved, seconded by Supervisor McAteer, that the pending measure be re-referred to committee for further hearings.

Objection.

Supervisor Dobbs objected to the motion, contending that his committee had, to his knowledge, heard from all interested parties on a number of occasions and that he felt no additional benefit would result from re-reference.

Privilege of the Floor.

The privilege of the floor was accorded Mayor George Christopher. The Mayor emphasized the importance of acting on the measure today and that if it were re-referred to committee, he would suggest that the allocation of funds for the North Beach public library be transferred for use in another area in San Francisco.

Supervisor Ertola expressed the opinion that everybody is entitled to his or her day in court and mentioned that he had before him a petition signed by 1,100 persons requesting a further hearing.

Supervisor McCarty stated he would vote against re-reference but suggested that Supervisor Ertola withdraw his motion and move that the Board resolve itself into a Committee of the Whole for the purpose of hearing from all interested parties.

Supervisor Ertola thereupon withdrew his motion to re-refer the measure to committee, there being no objection, and moved that the Board resolve itself into a Committee of the Whole for the purpose of a public hearing. Motion seconded by Supervisor McCarty.

Supervisor Dobbs explained that he would vote against hearing the matter in Committee of the Whole for the reason that his philosophy has been to hear all matters in committee. That is what committees are for and when matters are sent from committee to the Board the Board should then consider them and not reopen them for further and repetitious public discussion.

Supervisor Blake stated he believed that everyone concerned had not been heard and that Supervisor Ertola should be commended for his suggested action, which is in the interests of good government.

The roll was thereupon called and the motion to resolve the Board into a Committee of the Whole *carried* by the following vote:

Ayes: Supervisors Blake, Ertola, Ferdon, Halley, McAteer, McCarty, Rolph—7.

Noes: Supervisors Dobbs, McMahan, Sullivan—3.

Absent: Supervisor Casey—1.

Privilege of the Floor.

The privilege of the floor was extended to the following:

Proponents:

Mrs. J. Henry Mohr, President of the Public Library Commission;
Mr. J. Max Moore, Member of the Public Library Commission;
Mrs. Grace Duhagon;
Attorney Elios P. Anderlini.

Opponents:

Mrs. Marie Pagano, Telegraph Hill Nursery School;
Mrs. James Tringali, Hancock-Cooper P.T.A.;
Mrs. Mary DiQuattro, North Beach Playground Mothers' Club;
Mrs. S. Giambarresi, Francisco Junior High P.T.A.;
Rev. Ettore DiGiantomazzo, Pastor, St. John's Lutheran Church;
Mrs. Frances T. Scott, Telegraph Hill Neighborhood Association;
Elmo DeMartini, Telegraph Hill Cooperative Nursery School;
Mrs. Bernice Hochman, San Francisco Council of Cooperative Nursery Schools;
Mrs. Joseph Ingliona;
Mrs. Ann Lantriella, Telegraph Hill Cooperative Nursery School;
Mrs. Leila Ruffner;
Mrs. Kenneth Evers, Telegraph Hill Dwellers, Inc.

Rebuttal time was accorded all parties desiring it.

Motion to Rise and Report.

Supervisor Halley moved that the Committee of the Whole rise and report. Motion seconded by Supervisor McMahon and, there being no objection, motion *carried*.

Discussion.

Supervisor Ertola asked Mrs. Mohr if the Commission would consider another site for the branch library. She replied that the request would have to be considered by the Commission as a whole.

Supervisor Halley stated he would vote in favor of the pending site provided plans would include a covered, basement recreational room.

Mrs. Mohr suggested the request be made in writing and the Commission would consider it.

Supervisor Halley then asked Max G. Funke, General Manager of the Recreation and Park Department, whether his suggestion would meet with favor with his department. Mr. Funke replied that his commission would be very happy to consider it.

Supervisor McAteer then interrogated Mrs. Mohr on various phases of the different sites considered by the Public Library Commission. He concluded his statement by saying he would vote against the measure because he believed the proper procedure had not been adhered to in resolving differences between the Public Library and Recreation and Park Commissions in the determination of the proper site for the North Beach library branch.

Supervisor Blake expressed the opinion that the passage of the pending measure would provide a branch library in a location inimical to the interests of some of the people of North Beach; however, he hoped that the suggestion of Supervisor Halley for a recreational area in the basement of the proposed building will be built.

The roll was thereupon called and the pending measure was *passed for second reading* by the following vote:

Ayes: Supervisors Blake, Dobbs, Ferdon, Halley, McCarty, McMahon, Rolph, Sullivan—8.

Noes: Supervisors Ertola, McAteer—2.

Absent: Supervisor Casey—1.

It is hereby declared to be the policy of the State Legislation Committee that the life of the Bay Area Rapid Transit Commission be extended until the 1959 session of the State Legislature; that the powers of the Commission be expanded to actually bringing a bill into existence; that the Commission be comprised of term commissioners; that all nine bay area counties be included in the formation of the District; that each county contribute on a voluntary basis its pro-rata share of operating expenses for the Commission, and that efforts be made to place such contributions on a matching basis by the State.

The President explained that under present law, if the Board took no action with respect to the foregoing motion, the intent of such motion automatically would remain the policy of the City and County of San Francisco by action of the State Legislation Committee. If the Board took action, it would then become the official policy of the City and County of San Francisco.

File No. 15339, Ordinance No. (Series of 1939).

Discussion.

To a query, Mr. Charles D. Miller, Manager of the Municipal Railway, stated that the used cars intended to be leased are 11 years old and are presumed to last 25 years.

President Ferdon inquired if the Public Utilities Commission had considered the submission of a bond issue because of the possible existence of an intention to circumvent the provisions of the charter because in the past the electorate were accorded the opportunity of voting upon the proposed purchase of equipment.

Mr. Miller stated the Public Utilities Commission did not consider such a submission.

Supervisor Rolph brought up the question of the payment of a sales tax. Supervisor McCarty replied that the city would have to pay such a tax.

Supervisor Halley desired to know if the specifications of the proposed used equipment were such as to be able to handle the traffic in San Francisco in a satisfactory manner. Mr. Miller assured Supervisor Halley that such would be the case.

The roll was thereupon called and the measure was *passed for second reading* by the following vote:

The following measure, from the Finance Committee, was taken up:
Proposed Amendments to Schedules of Compensation Presented by the Civil Service Commission for Inclusion in the Salary Standardization Ordinance of 1957, Charter Sections 151 and 151.1.

File No. 14485

**Statement and Proposed Amendment by Supervisor Harold S. Dobbs,
Chairman of the Finance Committee.**

As submitted by the Civil Service Commission, the Salary and Wage Survey, dated February 8, 1957, proposes salary increases for 691 classifications, including 9,332 permanently established positions, at an estimated annually increased cost of \$2,515,236 plus approximately \$500,000 for retirement, vacation and other benefits.

The proposed amendments before you today, for reference to the Civil Service Commission, include amendments, offered by or on behalf of 494 classifications out of a total of 704 classifications, proposing increases or further increases over the salaries recommended by the Civil Service Commission.

On behalf, and as recommendations of the Finance Committee:

I offer all of such requests as, supported by necessary data and filed with this Board, seek adjustment in the schedule of compensations set forth in the Salary and Wage Survey of the Civil Service Commission, submitted to this Board on February 8, 1957, as proposed amendments to said schedule of compensations and I move with respect to such proposed amendments to the schedule of compensations, that the data presented to and considered by this Board as warranting such proposed amendments, be transmitted to the Civil Service Commission for review and analysis, and report thereon to this Board, together with a report as to what other changes, and the cost thereof, such proposed amendments would require to maintain an equitable relationship with other rates in said schedule.

For the purpose of this motion, the highest salary rate or range requested, by employees or their representatives, to be established for each particular classification in, or in connection with, the data submitted and relied upon as warranting an adjustment in the schedule of compensations proposed by the Civil Service Commission is hereby proposed as an amendment to said schedule of compensations, and the Clerk of the Board is authorized to tabulate such requested rates or ranges of salary and transmit such tabulation to the Civil Service Commission together with such data.

Motion seconded by Supervisor McMahon.

Proposed Amendment, by Supervisor McCarty, to the Recommendations of the Finance Committee, Salary Standardization 1957, File 14485.

As an amendment to the recommendations of the Finance Committee, I offer as a proposed amendment to the administrative provisions of the proposed Salary Standardization Ordinance to become effective July 1, 1957, File 14485, the following:

Section VI. *Holidays for Employees Whose Compensations Are Fixed Herein:*

(a) Except as otherwise provided in Section V (b) hereof, and except when normal operations require or in an emergency employees whose compensations are fixed in the schedules of compensations adopted by the Board of Supervisors pursuant to the provisions of Section 151 and Section 151.1 of the Charter shall not be required to work on the following days hereby declared to be holidays for such employees: January 1, February 12, February 22, May 30, July 4, September 9, October 12, November 11, December 25, but

in the event one of these days falls on Sunday the Monday following shall be observed as a holiday; the first Monday of September (Labor Day); any day appointed by the President of the United States or the Governor of California as Thanksgiving Day; twelve M. to three P.M. on Good Friday; any day declared to be a holiday by proclamation of the Mayor after such day has heretofore been declared a holiday by the Governor of the State of California or the President of the United States; and any day on which an election is held throughout the State, without loss of compensation therefor.

Provided that the Board of Education may, for its own employees, substitute for the holidays declared above an equal number of different holidays.

Provided further that holidays for employees in Class L504 Emergency Hospital Surgeon shall be as determined by the Director of Public Health with the approval of the Civil Service Commission.

Employees required by their respective appointing officers to work on any of the above specified or substitute holidays shall be paid extra compensation of *one additional day's pay at time and one-half the usual rate.*

(The preceding paragraph, prior to the amendment proposed by Supervisor McCarty, reads as follows:

Such employees required by their respective appointing officers to work on any of the above specified or substitute holidays shall be paid extra compensation in the amount of eight hours' pay for eight hours worked or a proportionate amount for less than eight hours worked. The amount of a day's pay for a holiday worked by monthly employees shall be determined by dividing the current annual salary of the position for a normal work schedule by the number of work days in the year (including holidays enumerated herein) included in the normal work schedule as defined herein.)

Provided further that occupants of executive, administrative and professional positions enumerated in the Annual Salary Ordinance who are required by appointing officers to work on such holidays, shall not receive extra compensation, but may be granted time off equivalent to the time worked, in accordance with the rules of the Civil Service Commission.

Employees assigned to departments where the services of their positions are required for a seven-day operation, or employees working a five-day work week schedule other than Monday through Friday inclusive, and employees of the Department of Public Health assigned to the laundries of the San Francisco Hospital or Laguna Honda Home shall be allowed another day off if a holiday specified herein falls on their regular day off.

An employee whose services are terminated the day before a holiday enumerated herein who has worked not less than five consecutive work days next preceding termination of employment shall be paid for such holiday.

The data presented to and considered by the Board as warranting such proposed amendment is the data prepared and submitted by the Civil Service Commission in its "Salary and Wage Survey," submitted to the Board of Supervisors, February 11, 1957, and I move that the Clerk be authorized and directed to transmit the proposed amendment and data referred to, to the Civil Service Commission for review, analysis and report, together with a report as to what other changes, and the cost thereof such proposed amendment would require to maintain an equitable relationship with other rates in the schedules of compensations proposed by the Civil Service Commission.

Motion seconded by Supervisor McAteer.

Supervisor Dobbs maintained that the adoption of the foregoing amendment would be tantamount to paying an employee two and

one-half times his daily wage for holidays. This is not being done in private employment and therefore should not be done under civil service.

The roll was thereupon called on the amendment to the recommendations of the Finance Committee and it was *adopted* by the following vote:

Ayes: Supervisors Casey, Ertola, Ferdon, McAteer, McCarty, Sullivan—6.

Noes: Supervisors Dobbs, Halley, McMahon, Rolph—4.

Absent: Supervisor Blake—1.

OFF-CALENDAR LEGISLATION.

Statement by Supervisor Harold S. Dobbs, Chairman of the Finance Committee, Re Salary Standardization.

In its consideration of the salary and wage survey submitted by the Civil Service Commission dated February 8, 1957, the Finance Committee discovered proposed salaries recommended by the Civil Service Commission for certain classifications which may, in the opinion of the Finance Committee, require adjustment but for which classifications referred to, no data was submitted to the Board of Supervisors and, as a consequence, no proposed amendment was offered.

It has been and is the opinion of your Finance Committee, supported by the opinion of the City Attorney, that the Finance Committee would have the right to recommend and the Board of Supervisors would have the right to adopt amendments to salaries for the classifications referred to either upon the basis of data contained in the Civil Service Commission's salary and wage survey or by relationship to other classifications within such survey and without the necessity for a proposed amendment and its reference to the Civil Service Commission.

Out of an abundance of caution, however, and so as not to jeopardize possible increases for the classifications referred to and because of the insistence of the Civil Service Commission, your Finance Committee recommends certain further proposed amendments to the salary and wage survey submitted by the Civil Service Commission this year and will move their reference to the Civil Service Commission for report and recommendations as to what other related classifications are affected and the costs involved.

On behalf of the Finance Committee I now offer such a motion.

Warranted by the data contained in the Civil Service Commission's "Salary and Wage Survey," submitted to this Board under date of February 8, 1957, and/or by rates of pay recommended therein for related classifications, I offer proposed amendments to the rates of pay recommended by the Civil Service Commission in said "Salary and Wage Survey" (such amendments being indicated in a tabulation prepared by the Clerk of the Board which shall be transmitted by him to the Civil Service Commission), and I move that the data presented to and considered by this Board as warranting such proposed amendments be transmitted to the Civil Service Commission for review and analysis, and report thereon to this Board on March 11, 1957, together with a report as to what other changes, and the cost thereof, such proposed amendments would require to maintain an equitable relationship with other rates in said schedule.

Motion seconded by Supervisors McMahon and McCarty and adopted by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McAteer, McCarty, McMahon, Rolph, Sullivan—11.

Statement by Supervisor J Eugene McAteer.

Last year, at about this time, a Charter Amendment was submitted to this Board of Supervisors relative to increasing the salary of Board members from \$200 per month to \$400 per month. The Board will recall that at the time this Charter Amendment was discussed before the full Board, I made several comments concerning it.

These comments were to the effect that I was basically opposed to the proposal, for several reasons:

1. I believed that San Francisco should have a Board with fewer members.

2. I believed that the Board should be a full-time body and that it should be paid a salary considerably above that which was being proposed—i.e., the \$400 per month.

However, I voted to place the proposed Charter Amendment on the ballot for submission to the electorate because my other ten fellow members indicated that they were in favor of the legislation. Similar legislation had been presented to the electorate many times previously, since the Charter was adopted in 1932 and, on each occasion, had been defeated. Therefore, I believed that unanimous endorsement of this Board was needed, if the other ten fellow members of mine were to acquire that which they wanted.

At the time I made my comments to the Board, Mr. Ferdon, who was presiding then, as he is today, made the observation that I could

place my thinking on this subject before the Board, at a date in the future. In response to this observation, I assured him that such would be the case.

Consequently, I am now introducing a proposed Charter Amendment which would reduce the number of members of this Body from eleven to six.

The proposed change will not become effective until the municipal election in 1961. This provision has been made, because five Supervisors will be elected at the approaching November election and these five terms will not expire until January 1962.

Briefly, this proposal embodies the following:

1. Members of the Board of Supervisors shall be elected by districts. These districts shall be the same as the *present* State Assembly districts in San Francisco and shall so remain, even though subsequent State re-apportionment shall change the State Assembly boundaries.

2. Terms of members of the Board shall be for four years.

3. Members shall serve on a full-time basis and shall be paid the same annual salary as that prescribed for judges of the Municipal Courts.

4. The members shall elect a President for a one-year-term and, during his term, he shall preside at Board meetings but shall not have a vote, *unless* one of the other five members is absent or has been excused from voting.

These basic changes in our present system would give to the taxpayers of San Francisco a full-time Board of Directors to run their Corporation which has a \$200 million dollar budget. The Board of Supervisors is the legislative body of our city. Other than the Mayor's office, the Board of Supervisors is the only publicly elected office to which the voters may look for positive action to curb, what I consider to be, the steadily creeping power and influence of the "bureaucrats" in our modern local municipal government.

A full-time Board would eliminate the present need of Board members to pursue outside business interests. In my opinion, it would encourage better city-wide representation, since the present, almost-daily requirements of committee meetings, reading and digesting lengthy reports and financial statements, telephone calls, "on the spot" inspection, regular Charter-specified afternoon meetings, receptions, luncheons and dinners, are far too demanding, in terms of money and time, to fit into the normal non-flexible schedule of most members of the community. As you know, on this present Board we have six attorneys, one dentist and four businessmen who, so far, have been able to arrange their business lives to conform with the many time demands of this Board. However, in each case, each member has expressed, on more than one occasion, his concern over the tremendous time drain on his particular business or profession.

The population composition of San Francisco has changed greatly in the past twenty years. Many new districts have been created, many "old time" San Francisco families have moved to our neighboring Peninsula cities in order to seek suburban living and, conversely, many people from all sections of our country have moved into our city, for many well founded reasons. Therefore, I believe that district representation on the municipal legislative body would give the various districts of our city better representation. Certainly the voters in the various districts would have a better opportunity to know their candidates and the ethnic and minority groups—of which there are many in our metropolitan cosmopolitan city—would acquire better representation. As you know, the present Board members live in the West Portal, St. Francis Wood, North Beach, Marina, Sea Cliff, and "Broderick-Presidio" districts of our city. No member lives in the Sunset, Richmond, Mission, Hunters Point, Bayview, Crocker-Amazon, McLaren Park, Potrero, Excelsior or "South of Market" area.

This concludes my comments on my proposed Charter Amendment. It is hoped that it will be referred to the Judiciary Committee of the Board. If so, as Chairman of this Committee, I shall call upon the Charter Revision Committee to hold hearings on the proposal. Also, I hope that the many groups—civic, labor and management—which are concerned with local municipal government problems, will fully explore the proposal as herewith presented and that it will be presented to the voters of our city in due course.

Statement by Supervisor J Eugene McAteer on His Political Future.

In November of this year, five members of the Board of Supervisors will be elected by the voters of San Francisco. This is the time of year when Board incumbents begin to plan their political strategy for the November contest, when sponsoring groups begin their canvass of potential candidates, when political columnists begin their guessing games on political candidates, when candidates begin to fret and worry whether or not they will be able to get the "right support" and the "necessary money" and when would-be candidates start to analyze their chances against incumbents.

It is also the time when all of the citizenry should begin to investigate and conscientiously consider their potential candidates for the Board of Supervisors. It is one of the most important aspects of our entire theory of government. One famous political-scientist has said, "When American Democracy starts to crumble, it will do so because of the weaknesses of the municipal councils throughout the land; for they are the foundations on which the castle of democracy is built."

To me, it seems only fair to other members of the Board and, mainly, to the electorate, that when a member of this body has reached a conclusion on his future relationship with it, he should so express himself. Consequently, I wish to advise that I shall not be a candidate for re-election to this Board at the approaching November election. God willing, I shall complete my present term, however.

The fact that I shall not submit my name to my fellow San Franciscans this Fall, for re-election to this Board, does not infer, in any sense, that I shall not be a candidate for public office at some time in the future—nor does it preclude my future participation in civic affairs.

I shall continue to interest myself in the civic problems of my native city. San Francisco is the city of my birth, my rearing, my education, my business, my home and I intend to remain a part of her.

Reference to Committee.

Supervisor McCarty requested that the Finance Committee study the feasibility of appropriating the sum of \$50,000 or an amount deemed to be sufficient, to provide for engineering studies and architectural surveys of possible sites and the type of edifice required to meet the needs of major league baseball.

Referred to Finance Committee.

Requesting Representation by Regional Service Committee on Tours of Rural Communities.

Supervisor Rolph asked that a letter be directed to the Chief Administrative Officer urging that he request that a representative of the Regional Service Committee accompany representatives of the San Francisco Chamber of Commerce on its tours of rural communities. Supervisor Rolph brought to light a tour to be conducted by the Chamber of eleven Sacramento Valley cities during the period March 5-7 and expressed the opinion that representatives of the Regional Service Committee should accompany this tour as well as others which may be planned in the future.

Referred to the Chief Administrative Officer.

ADJOURNMENT.

There being no further business, the Board, at the hour of 4:30 p. m., adjourned.

JOHN R. McGRATH, Clerk.

The following measure from Finance Committee, without recommendation, was taken up:

An Ordinance Fixing and Determining Rates of Compensation for Members of the Uniformed Forces of the Police and Fire Departments Under Sections 35.5.1 and 36.2 of the Charter, Effective July 1, 1957.

File No. 15361, Ordinance No. . . . (Series of 1939).

Supervisor McCarty moved passage to second reading; motion seconded by Supervisor Sullivan.

Statement by Supervisor Dobbs.

Supervisor Dobbs, Chairman of the Finance Committee, advised the Board that the foregoing matter had been in Finance Committee but a very short time; the committee had heard only once from representatives of the departments involved, and that figures were submitted at the last meeting of the committee as to the costs involved. The matter was a very serious one and since a difference of opinion existed, it was being referred to the Board without recommendation. If the matter is passed it would increase the basic rates of pay for all personnel in both departments. Under the charter, the Board cannot establish a rate that is higher than that paid to comparable personnel in cities of 100,000 or over, and passage of the subject measure would result in additional percentage increase. He further pointed out that if the measure should pass, a taxpayer's suit would inevitably follow because the Secretary of the Civil Service Commission will not sign the payrolls nor will the Controller sign the vouchers. It would cost the city an additional \$643,000, which would mean the highest rate in California. Further, the Municipal Conference Committee pointed out by letter that premium pay is prohibited under the charter. If the Board should pass the ordinance, every other employe group will likewise request longevity pay and this would be tantamount to opening up Pandora's Box.

To a query by Supervisor McAteer, Mr. Harry Albert, Assistant Personnel Director, replied that the Commission felt that the longevity pay did not constitute a part of the basic rates of pay, and they did certify the rates with the exception of the longevity pay feature.

Supervisor McCarty reminded the Board that the Civil Service Commission certifies to the Board of Supervisors the highest rates paid by cities having a population of 100,000 and over. The Charter gives the Board the discretionary power of setting salaries but cannot set a rate higher than those paid by cities having a population of 100,000 and over. The question here is whether or not the so-called longevity merit payments, which have been adopted by Los Angeles, constitute a part of the basic rate as contemplated by the charter. If they are basic rates of pay, we have the right to legally pass the ordinance before us today. If they are not, then of course passage of this ordinance would be an idle act. The City Attorney in his opinion has concluded that these are not premium rates at all. If we disagree with the opinion of the City Attorney and you vote against the ordinance, here is what will result: A lawsuit will be filed by the Police or Fire Departments. The lawsuit may result in only one thing—to compel the Civil Service Commission to declare that these premium rates are properly a part of the basic rates. If the ordinance is passed, the Civil Service Commission will not

approve the payrolls and the Controller will not pay the checks. The law relating to the Police and Fire Departments as set forth in the Charter is one thing. In another part of the Charter, the law relates to the crafts. In another part of the Charter, the law relates to the miscellaneous employees. The policemen and the firemen are entitled to a determination by the courts as to the legality of the premium rates. That is the reason why I voted for this ordinance in committee, because I want to have this legality suit adjudicated.

Supervisor Dobbs reiterated his previous statement that all other groups of city employees will clamor for longevity pay in the event this measure is passed.

Supervisor Ertola declared that he would go along with the opinion rendered by the City Attorney and vote for the measure.

To a query advanced by Supervisor McAteer as to whether the passage of the measure would affect the paychecks of the Police and Fire Departments, Controller Harry D. Ross stated that there were two points involved with respect to basic rates of pay: (1) the basic rates depend upon certification by the Civil Service Commission and (2) the legality of the longevity pay.

To a query, Harry Albert, Assistant Director of Personnel, replied that the Civil Service Commission did certify the rates of pay in Los Angeles but not the longevity pay.

To a query, Controller Harry D. Ross replied that in his opinion, to provide for longevity payments a charter amendment would be required.

To a query by Supervisor McCarty as to whether the language in the letter from the Civil Service Commission dated February 14, 1957, wherein reference is made to "rates of compensation," was to the word "basic" as set forth in the Charter, Deputy City Attorney Thomas Blanchard replied that the Charter provided that pay for policemen and firemen shall be based on the rates paid similar employees in cities of a population of 100,000 and over.

To a query by Supervisor McCarty, Controller Harry D. Ross stated he had not as yet reached any conclusion with respect to the intent of the letter from the Civil Service Commission, but believed that the term "rates of compensation" as set forth in the Charter, excluded longevity payments. If the Civil Service Commission certified the basic rates of pay, there would be no quarrel as to payment; the only complaint would involve the approval of the so-called longevity pay.

To another query by Supervisor McCarty, the Controller replied that if the longevity pay were approved by the Board, there would be a question of legality involved.

Supervisor McAteer asked the Controller whether payment of warrants for premium pay would be withheld by him pending conclusion of possible litigation. The Controller stated that such would be the case.

Motion to Continue Consideration.

Supervisor McAteer moved, seconded by Supervisor Sullivan, that consideration be continued for one hour to permit the appearance of members of the Civil Service Commission and allow the Controller an opportunity to contact his attorney.

Substitute Motion.

Supervisor Dobbs moved as a substitute that when the Board concluded its deliberations, it recess until Wednesday at 3:00 p. m. Courtesy second extended by Supervisor Halley.

To a query, Harry Albert, Assistant Director of Personnel, replied that if the payrolls of the Police and Fire Department are submitted in two parts, the Secretary of the Commission would only approve the one which does not involve the longevity payments.

An effort on the part of Supervisor Dobbs to have the Board eventually recess until Tuesday, March 12th, at 4:30 p. m., failed for want of a second.

Supervisor Rolph expressed the opinion that the matter should be acted upon today in view of the fact that regardless of how the measure fared, a suit would be filed.

Withdrawal of Substitute Motion.

There being no objection, Supervisor Dobbs *withdrew* his substitute motion.

There being no objection, Supervisor McAteer *withdrew* his motion to postpone consideration for one hour.

Supervisor McCarty: If we pass the ordinance today, will we have to pass it the same way next Monday?

Mr. Blanchard: If the ordinance is amended when it is before the Board for final passage, it must again be passed to second reading.

Supervisor McMahan: If we do not pass this ordinance, what happens?

Mr. Blanchard: You must pass another ordinance reestablishing the basic rates.

Motion to Continue.

Supervisor McCarty moved, seconded by Supervisor Halley, that when the Board concludes its deliberations today, it recess until 5:00 o'clock p. m., Tuesday, March 12, 1957.

Motion *carried* by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Halley, McCarty, McMahan, Rolph—8.

Noes: Supervisors Ferdon, McAteer, Sullivan—3.

Passage for Second Reading.

The following measure from Finance Committee was taken up:
An Ordinance Fixing and Determining Schedules of Compensation to Be Paid Municipal Officers and Employees and Non-Certificated Employees of the San Francisco Unified School District, Whose Offices and Positions Are Allocated to Classifications Specified Herein and Compensations for Which Are Subject to the Provisions of Section 151 and Section 151.1 of the Charter; Establishing Work Schedules and Conditions of Employment, and Method of Payment for Various Work Schedules; Providing that the Said Schedules of Compensation Shall Be Effective Beginning July 1, 1957.

File No. 14485-2, Ordinance No. . . . (Series of 1939).

Statement by Supervisor Dobbs in Connection With Salary Standardization Pursuant to Sections 151 and 151.1 of the Charter.

Your Finance Committee presents to you today its recommendation in connection with File No. 14485, Salary Standardization for Miscellaneous Employees Pursuant to Sections 151 and 151.1 of the Charter.

The measure is presented to you in two parts, the first, dealing with the administrative provisions of the proposed ordinance and the second, dealing with the schedules of compensations to be provided employees whose salaries are fixed pursuant to the Charter sections referred to.

Administrative Provisions. There is before the Board a proposal for amendment to the Administrative provisions in connection with holidays for employees whose compensations are fixed in the Salary Standardization Ordinance. This amendment proposes to pay extra compensation of one additional day's pay at one and one-half the usual rate for holidays worked. Because all employees are presently paid at the rate of straight time for holidays upon which they do not work such proposed amendment would, in the majority opinion of the Finance Committee, authorize two and one-half days' pay for an employee who works on one of the eleven recognized holidays.

It is the majority recommendation of your Finance Committee that such proposed amendment to the administrative provisions of the Salary Standardization Ordinance be not adopted.

Schedule of Compensations. With respect to the second part of the measure, the schedule of compensations, the Finance Committee presents a unanimous recommendation for adoption as reported by the Committee.

Miscellaneous employees of the City and County of San Francisco number 9,404 and are divided into 704 classifications.

I read to you from a table showing, generally and approximately, the increases provided for miscellaneous employees last year and those which this year are recommended by the Civil Service Commission and/or the Finance Committee:

Your Finance Committee held many meetings on the subject of Salary Standardization and made an exhaustive study of the data submitted by the Civil Service Commission and by the employees or organizations who or which submitted additional data in support of salaries higher than those recommended by the Civil Service Com-

mission. In light of all of the information adduced from all of the data submitted, your Finance Committee believes its recommendations to be eminently fair.

Motion Disapproving Proposed Amendment to Section 6(a), Administrative Provisions of the Salary Standardization Ordinance.

Supervisor Dobbs moved, as a majority recommendation of the Finance Committee, that the proposed amendment to Section VI(a), administrative provisions of the Salary Standardization Ordinance of 1957, File No. 14485 ("Holidays for Employees Whose Compensations are Fixed Herein"), proposed by this Board of February 25, 1957, be refused adoption.

Motion seconded by Supervisor McMahon.

Supervisor Dobbs again reminded the Board that monthly employees are involved and that they are paid for all holidays and to approve the proposed amendment would be tantamount to paying them two and one-half times their legal wage on holidays worked.

Substitute Motion.

Supervisor McCarty moved as a substitute, that the proposed amendment to Section VI (a), administrative provisions of the Salary Standardization Ordinance of 1957, File No. 14485 ("Holidays for Employees Whose Compensations are Fixed Herein"), proposed by this Board of February 25, 1957, be adopted. Motion seconded by Supervisors McAteer and Sullivan.

Supervisor McCarty: It is not true that these employees will be paid two and one-half times their daily rates. The Charter provides that these employees do not have to work on Sundays and holidays. If worked on holidays, you only give them one day's pay for such work. I say such work should be paid for at the rate of time and one-half and this amendment, if passed, will do just that.

The roll was thereupon called on the substitute motion and it was *adopted* by the following vote:

Ayes: Supervisors Blake, Casey, Ertola, Ferdon, McAteer, McCarty, Sullivan—7.

Noes: Supervisors Dobbs, Halley, McMahon, Rolph—4.

Motion Approving Amended Recommendations of Finance Committee.

Motion seconded by Supervisors McMahon and McCarty.

Paragraph 4 of Section VI(a) of the administrative provisions then read as follows:

"Employees required by their respective appointing officers to work on any of the above specified or substitute holidays shall be paid extra compensation of one additional day's pay at time and one-half the usual rate in the amount of 12 hours' pay for 8 hours worked or a proportionate amount for less than 8 hours worked."

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McAteer, McCarty, McMahon, Rolph, Sullivan—11.

Quorum present.

President John J. Ferdon presiding.

Resumption of consideration of the following legislation:

An Ordinance Fixing and Determining Rates of Compensation for Members of the Uniformed Forces of the Police and Fire Departments Under Sections 35.5.1 and 36.2 of the Charter, Effective July 1, 1957.

File No. 15361, Ordinance No. . . . (Series of 1939).

Discussion.

Supervisor Dobbs pointed out that the recess was occasioned by the fact that the Controller was permitted the opportunity of consulting with his attorney and further, to permit representatives of the Civil Service Commission to be in attendance.

Controller Harry D. Ross stated he was unable to make a determination at this time as to whether he would release the warrants to members of the Police and Fire Departments, particularly that portion involving payment of longevity pay. He pointed out that should a suit be filed, a restraining order might be issued with respect to the releasing of the funds.

In reply to a query by Supervisor McCarty, William L. Henderson, Secretary of the Civil Service Commission, replied to the effect that his commission did not believe the longevity pay under discussion constituted a part of the rates of pay as interpreted by the Charter.

Supervisor McCarty: Is or is not the letter from the Civil Service Commission a certification of the longevity rates of pay being paid in Los Angeles?

Mr. Henderson: We only certified the rates of pay but we reserved our opinion with respect to the longevity pay.

Supervisor McCarty: I want to know from the Commissioners themselves whether or not the longevity pay is part of the rates of pay.

Mr. Henderson: We do not believe that the premium pay is a part of the rates of pay.

(Here Supervisor McCarty read excerpts from the Charter dealing with certification of rates by the Civil Service Commission.)

Supervisor McCarty: It is our job to set the salaries within the limitations of the Charter. We cannot set them in excess of the highest amount appearing in the certification. It is not our duty to decide the rates to be included in the certification and rates to be excluded from the certification; that duty belongs to the Civil Service Commission, which shall certify the rates of pay as defined in the Charter to the Board. I can say frankly what has happened here is this: The Civil Service Commission has evaded its responsi-

bility. The Charter says they shall certify, not that we shall certify. In addition to those rates of compensation, Los Angeles pays the following amounts as longevity pay subject to the following terms and conditions. (Here Supervisor McCarty read the amounts paid the personnel based on seniority.) I want the Civil Service Commission to take the equivocations out of their letter and tell us what rates are being or are not being certified.

Supervisor McCarty: Does your letter certify that the longevity pay constitutes a part of the rates of pay as set forth in the Charter?

Mr. Henderson: We reserve the opinion whether the longevity pay constitutes rates of pay as set forth in the Charter. It is a legal question and that is all the Commissioners will tell you should they come here.

Summoning Civil Service Commissioners.

There being no objection, the President *directed the Clerk to summon the members of the Civil Service Commission.*

Supervisor McCarty: The Civil Service Commission is a fact-finding body. They certify rates to the Board. The Board is a salary-fixing body.

Supervisor Halley: If we enact this measure, from a point of law, would it be sustained?

Mr. Thomas Blanchard, Deputy City Attorney: I think it would be.

Supervisor Rolph: I feel very strongly about it. Here the Controller advises us very definitely that he does not know whether he will or will not approve the payrolls. Supervisor McCarty pointed out this is strictly a legal matter. If it is not passed, it is said the employees will file for a writ of mandamus to have the Civil Service Commission certify the longevity pay. If we give it a negative vote, the courts will then decide and in the meantime the families of the men involved will not be deprived of their pay. In view of the Controller's statement that he cannot give us assurance at this time that he will approve the payrolls, I am compelled to vote against it.

Supervisor McMahan: I will vote against it due to Mr. Ross' statement that he could not give any opinion today whether he could or could not pay the men if this measure passes. This includes the chiefs of both departments.

Supervisor Halley. If this matter passes today and is approved by the Mayor, will these salaries be considered a part of the general salary ordinance?

Mr. Blanchard: It depends upon the type of suit to be filed. There is a savings clause in the Annual Salary Ordinance, which would exempt other employees from being involved.

Supervisor McCarty: If the Civil Service Commission certifies to us what in its opinion are the rates of compensation under the Charter, would the Commission send over the timerolls to the Controller?

Mr. Henderson: The timerolls would come to us. We would approve the basic rates and we would disapprove the other items, the longevity pay, until the courts have ruled on the question.

Supervisor McCarty: I am asking you this: if the Civil Service Commission certifies to us what, in its opinion, are the rates of compensation as contemplated in the Charter, would the Civil Service Commission send the timerolls to the Controller?

Mr. Henderson: I do not know what you have in mind by asking me that question. I cannot answer it. We make the certification to the Board in compliance with the provisions of the Charter. We do

not believe that the longevity pay is a part of the rate of compensation, and we will not approve such pay until the courts have ruled on it.

Supervisor McCarty: If the Civil Service Commission certifies to us the rate of pay which it believes to be the rate of compensation and we granted it, would the Commission send the timerolls to the Controller?

Supervisor McCarty. If the Civil Service Commission certifies to this Board next year the rates of compensation which it believes are contemplated by the Charter and this Board granted it, would you send the timerolls to the Controller for payment?

Mr. Henderson: I have heretofore done so when rates were certified.

Supervisor McCarty: If, next year, the Civil Service Commission certifies to us what it believes to be rates of compensation as contemplated by the Charter, and we granted it to the members of the Police and Fire Departments, would you send the timerolls to the Controller to be paid?

Mr. Henderson: Yes, if there is no question of legality.

Supervisor McCarty: If the Civil Service Commission determines that it is legal and we adopted it, would you refuse to sign the timerolls?

Mr. Henderson: There are a lot of interpretations——

Supervisor McCarty: If, next year, the Civil Service Commission certifies to us rates of pay which it believes to be legal and we adopted it, would you refuse to send the timerolls over to the Controller if you disagreed with the Commission?

Mr. Henderson: I would approve them unless there is some serious doubt in my mind as to legality.

Supervisor McCarty: Is it your opinion that the longevity payments are illegal?

Mr. Henderson: Yes, it is. We would approve the basic rates and disapprove the longevity pay.

Supervisor McCarty: In view of the statement that the Commission does not believe these are rates of pay at all as contemplated by the Charter and Mr. Henderson does not believe they are and would not certify the timerolls, it is my opinion that they have not certified the rates at all.

Controller Ross again told the Board that the complexities of the situation precluded him from definitely stating whether or not he would approve the timerolls.

Supervisor McCarty: I do not propose to gamble the paychecks of 3000 men, involving wives and children, when we are told at this time that the Controller does not know whether he can or cannot pay pending the outcome of the action. There are men in the departments who want to gamble and those who do not want to gamble. In view of what has happened here today, I have no other course than to vote against the calendar matter.

Supervisor McCarty: In view of my remarks, I request permission to withdraw my motion.

There being no objection, motion *withdrawn*.

Supervisor McAteer: Did the City Attorney's opinion say that the longevity pay constituted a part of the basic rate of pay?

Mr. Blanchard: The City Attorney has so ruled.

Substitute Measure.

Supervisor Dobbs moved, seconded by Supervisor McMahon, a substitute measure without the longevity provisions, and reading as follows:

Passage for Second Reading.

Fixing and Determining Rates of Compensation to Be Paid Municipal Officers and Employees, Whose Offices and Positions Are Allocated to Classes Specified Herein and Compensations for Which Are Subject to the Provisions of Sections 35.5.1 and 36.2 of the Charter; and Providing that Said Rates of Compensation Shall Be Effective Beginning July 1, 1957.

File No. 15361, Ordinance No. . . . (Series of 1939).

Supervisor Dobbs moved passage for second reading; seconded by Supervisor McMahon.

Passed for Second Reading by the following vote:

Ayes: Supervisors Blake, Dobbs, Ertola, Ferdon, Halley, McAteer, McCarty, McMahon, Rolph—9.

Noes: Supervisors Casey, Sullivan—2.

Supervisor Halley Excused.

There being no objection, Supervisor Halley was *excused* at 6:40 p. m.

Motion to Rescind Action Whereby Board Passed Salary Standardization Ordinance for Second Reading.

Supervisor McAteer moved, seconded by Supervisor Ertola, that the Board rescind its action whereby it had heretofore passed the Salary Standardization Ordinance to second reading to permit him an opportunity of correcting an obvious inequity.

Supervisor Dobbs: I believe this is a very serious thing. We should weigh this matter very carefully. We have before us a motion to reopen the whole Salary Standardization Ordinance, and we can go on until the end of time, from one group to another, finding reasons why we should reconsider. I think it is wrong; we have passed the matter. It is here only because we have discussed the longevity problem. I hope you will vote down the motion to reopen the salary question. In fairness to all concerned, I hope the Board will not reopen the entire matter and that it will vote down the motion.

Supervisor McCarty: Were it not for the fact that the longevity pay came up, this matter would not be before us today. I feel it is extremely bad practice to reopen the entire salary matter for one, two or half-dozen classifications. I have had several phone calls today from city employees who wanted further consideration. If you do it for one, you should do it for fifty or one hundred.

Motion Lost.

The roll was thereupon called and the motion *lost* by the following vote:

Ayes: Supervisors Blake, Casey, Ertola, McAteer, Sullivan—5.

Noes: Supervisors Dobbs, Ferdon, McCarty, McMahon, Rolph—5.

Absent: Supervisor Halley—1.

There being no further business, the Board, at the hour of 6:55 p. m., adjourned.

File No. 15361, Ordinance No. 10210 (Series of 1939).

Request for Information.

Supervisor Blake requested that the Clerk obtain information from the Fire and Police Commissions regarding the opinions of the respective commissions relating to merits of the system of longevity payments.

No objection and the *Clerk was directed to comply*.

Explanation of Vote.

Supervisor Casey stated that while he voted against the pending measure on first reading, he would now vote for it to assure payment of compensation to members of the Police and Fire Departments, but he emphasized the fact that longevity payments were becoming more and more common today, in line with such other programs affecting health, welfare and pensions, and that he is in favor of them.

Thereupon, the foregoing measure was *finally passed* by the following vote:

Ayes: Supervisors Blake, Casey, Ertola, Ferdon, Halley, McAteer, McCarty, McMahon, Rolph, Sullivan—10.

Absent: Supervisor Dobbs—1.

Final Passage.

The following measure from Finance Committee, heretofore Passed for Second Reading, was taken up:

An Ordinance Fixing and Determining Schedules of Compensation to be Paid Municipal Officers and Employees and Non-Certificated Employees of the San Francisco Unified School District, Whose Offices and Positions Are Allocated to Classifications Specified Herein and Compensations for Which Are Subject to the Provisions of Section 151 and 151.1 of the Charter; Establishing Work Schedules and Conditions of Employment, and Method of Payment for Various Work Schedules; Providing that the Said Schedules of Compensation Shall Be Effective Beginning July 1, 1957.

File No. 14485-2, Ordinance No. 10203 (Series of 1939).

Motion.

The following motion was presented in written form by Supervisor McCarty:

In connection with File 14485, Salary Standardization for Miscellaneous Employees, the Civil Service Commission notified the Clerk, on Thursday last, that the measure, as passed to second reading, contained a rate which, through clerical error, was reported and fixed in an amount higher than the data warrants.

The rate referred to is that for Classification B-222.1, Carhouse Receiver, and should have been fixed at \$300-360, instead of \$360-440. The rate \$300-360 is the rate established for the Classification B-222, General Clerk, with which class, historically, the Carhouse Receiver classification has been related.

The members of the Board will recall that the Clerk phoned last week and requested authority to correct the clerical error referred to in order that the proper rate might appear in the official publication of the measure, which publication was required to be made on Saturday, March 16, 1957, in order that the measure be finally passed today and thus comply with charter requirements.

Accordingly, I move ratification and approval of the action by which the Clerk of this Board, did, on March 14, 1957, correct the clerical error which appeared in the Salary Standardization Ordinance for Miscellaneous Employees, File No. 14485, by changing the rate of compensation established for Class No. B-222.1, Carhouse Receiver, from \$360-440 to \$300-360.

Motion seconded by Supervisor McMahan and *carried by the following vote:*

Ayes: Supervisors Blake, Casey, Ertola, Ferdon, Halley, McAteer, McCarty, McMahan, Rolph, Sullivan—10.

Absent: Supervisor Dobbs—1.

Discussion.

Supervisor Halley stated that had he been in attendance last Tuesday when the motion was made to reopen the salary standardization question, he probably would have voted against it due to the time limitations involved. However, he pointed out the inadequacy of the time permitted each member of the Board to fully study the recommendations of the Finance Committee and to possibly advance certain adjustments of his own. He stated he is considering the submission of legislation calling for a revision of the Board's rules or of the Civil Service provisions or even a charter amendment which would permit Board members ample time to study the recommendations of the Finance Committee prior to deadline.

The roll was thereupon called and the pending measure was *finally passed* by the following vote:

Ayes: Supervisors Blake, Casey, Ertola, Ferdon, Halley, McAteer, McCarty, McMahan, Rolph, Sullivan—10.

Absent: Supervisor Dobbs—1.

ROLL CALL FOR THE INTRODUCTION OF MEASURES AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Statement by Supervisor Blake Regarding Shipbuilding and Ship Repair on the Pacific Coast.

Supervisor Blake: Ninety ships are being built in this country, with a value around \$963,000,000. On the Pacific Coast but one ship is being built by a San Francisco firm. It is a wine tanker. No other type of vessel is being built on the Pacific Coast. It is about time that Congress hears about this condition. San Francisco is entitled to its share. Two cruisers were taken away from San Francisco—\$14,000,000 apiece—taken to the east coast. \$28,000,000 worth of bread and butter. It is about time that the San Francisco Bay Area protest to the United States Navy. How many more vessels will be taken from the Bay Area to be repaired elsewhere? I think a letter should be sent to our Federal Legislative Representative, through the Mayor's office, to see what can be done about this matter.

No objection and the *Clerk was directed to comply.*

Suggesting Passage of Off-Shore Oil Drilling Bills in State Legislature.

Supervisor Blake suggested that certain bills in the State Legislature calling for off-shore oil drilling should be passed so that the oil companies may proceed with plans to order the construction of oil drilling rigs. These rigs, Supervisor Blake pointed out, could be constructed in local shipyards.

Referred to County, State and National Affairs Committee.

Meeting.

Supervisor Halley, chairman of the County, State and National Affairs Committee, announced a meeting of his committee for Wednesday, March 20th, at 1:30 p. m.

Request for Preparation of Legislation.

Supervisor Halley requested that the City Attorney prepare the necessary legislation providing for a chain of command wherein the elective city officials of San Francisco would succeed to the responsibilities of governing the affairs of the city in the event of a disaster. The legislation shall provide that the following officials shall be in charge in the order shown: Mayor, President of the Board of Supervisors, individual remaining members of the Board of Supervisors, according to length of time and service and in the event two members are tied with respect to time and service, if elected, the one having received the highest number of votes would prevail.

No objection and the *Clerk was directed to comply.*

Review of Previous Salary Standardization Procedures.

Supervisor Halley requested that the Clerk review procedures which the Board followed between 1948 and the present time to see if, during any one of those years, the Board of Supervisors had been permitted sufficient time to study the recommendations of the Finance Committee in connection with salary standardization before passage to second reading. This request is the result of insufficient time permitted the members of the Board in this year's salary question, thus precluding them of the opportunity of giving the matter further study and possibly proposing additional increases for certain classifications beyond those recommended by the Finance Committee.

No objection and the *Clerk was directed to comply.*

Reference to Committee.

Adding Section 165.1.5 to the Charter Relating to Increase of \$25.00 Monthly in Retirement Allowances of Miscellaneous Officers and Employees Retired Under Section 165 Prior to July 1, 1957.

Resumption of Consideration of Mayor's Veto of File No. 15366.

Supervisor Dobbs moved, seconded by Supervisor McMahan, that the Mayor's veto and accompanying file be re-referred to Finance Committee for appropriate study.

No objection and motion *carried*.

The President reminded the members of the Finance Committee of the charter requirement which provided that measures vetoed by the Mayor must be acted upon by the Board within 30 days, and directed the Committee to report back within the time limit prescribed for Board action on the veto.

Resumpting of Consideration of File No. 15379, Relating to Lease With Hanni and Girerd, Inc., as Lessors, Covering Space Required by the Purchasing Department for Its Automotive Shop.

Consideration of the foregoing was temporarily postponed earlier in the meeting to permit the appearance of the Director of Property. However, efforts to locate him proved unavailing. Therefore, there being no objection, *consideration of the measure was continued for one week.*

File No. 12830-1, Ordinance No. (Series of 1939).

Requests for Information.

Supervisor McAteer requested that the Recreation and Park Department make known its intention with respect to compliance with promises made to the public at the time the 1947 Recreation Bond issue was submitted to the electorate, particularly insofar as they apply to improving the Golden Gate Park handball facilities; further, whether such earmarked funds have been used for other purposes.

The Clerk was *directed to send a copy of the reply to all members of the Board*.

Supervisor Halley asked that the Recreation and Park Department make known its plans, if any, for installing recreational facilities, such as barbecues, tables and the like, along the Interior Green Belt area, and its ideas as to the feasibility of such uses.

Query.

Supervisor Halley asked Deputy City Attorney Thomas Blanchard whether, in the event the Recreation and Park Department decided to abandon all or part of the subject parcel after dedication for park purposes, such abandonment would require the approval of the electorate.

Mr. Blanchard replied that in such event it would have to go to a vote of the people.

The roll was thereupon called and the measure was *passed for second reading* by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McAteer, Rolph, Sullivan—9.

Absent: Supervisors McCarty, McMahon—2.

Introduction of Guest.

The President of the Board introduced Joseph F. Burke, National Commander, Disabled American Veterans.

Passage for Second Reading.

Appropriating \$28,000, Public Works, General Office, for Preparation of Inventory of Pacific Telephone and Telegraph Company's Plant in Streets and a Map Showing Title to Streets.

File No. 14862-5, Ordinance No. (Series of 1939).

Discussion.

Supervisor Rolph expressed the opinion that it might be necessary to expend the stated sum of \$28,000 and that the information desired, of an inventory nature, should be easily obtainable from the utility company.

Mr. Dion R. Holm, City Attorney, was called and upon his appearance, explained in detail the various steps which must be taken to enable the city to successfully defend its position that the utility company should pay a reasonable fee for its franchise for use of the city streets. The City Attorney further pointed out that the city stands to lose in the neighborhood of \$1,250,000 per year and that speed in the accumulation of the necessary data is essential. Mr. Holm also stated that the city must be prepared to spend a large sum of money, possibly in excess of \$250,000, in the prosecution of its case; just how much he could not say.

Motion to Reduce Appropriation.

Supervisor McAteer determined from City Engineer Reuben Owens that it would cost the city the estimated sum of \$1,700 to photostat the records of the utility company and accordingly moved that the sum of \$28,000 be reduced to \$1,700. Motion seconded by Supervisor Rolph.

There being no objection, the foregoing motion was *withdrawn*.

Supervisor Rolph stated he could not vote for the appropriation unless he was thoroughly convinced of its necessity.

Supervisor McAteer believed the request for \$28,000 was premature. When all of the photostat material has been obtained, the City Engineer can then ask an outside engineering firm what it will cost to make an evaluation. When that is done, the City Engineer can then determine whether it can do the job more cheaply. Accordingly, he would vote against the appropriation.

Supervisor Rolph suggested that the matter go over for a period of one week and in the meantime find out, through the City Attorney and the City Engineer, just what documents the utility company will make available to the city.

Supervisor Rolph further questioned the pending measure, contending that there is no breakdown of the sum with respect to amount allocated for inventory and amount allocated for evaluation.

Supervisor Rolph thereupon moved, seconded by Supervisor Dobbs, that consideration be continued for one week to permit the accumulation of the information heretofore mentioned.

The roll was thereupon called and the motion to continue consideration for one week *lost* by the following vote:

Noes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McAteer, Rolph, Sullivan—9.

Absent: Supervisors McCarty, McMahan—2.

The roll was thereupon called and the pending measure was *passed for second reading* by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, Sullivan—7.

Noes: Supervisors McAteer, Rolph—2.

Absent: Supervisors McCarty, McMahan—2.

Passage for Second Reading.

Amending Ordinance No. 4942 (Series of 1939), the Membership Ordinance, by Changing the Title of "American Institute of Traffic Engineers" Appearing in Section 1.9, Department of Public Works, to Read "Institute of Traffic Engineers."

File No. 14940-1, Ordinance No. (Series of 1939).

Passed for Second Reading by the following vote:

Passed for Second Reading by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McAteer, McCarty, Rolph, Sullivan—10.

No: Supervisor McMahon—1.

Resumption of Consideration of Measure.

The Board resumed its consideration of the following measure:

Appropriating \$12,000, Police, for Survey of the Police Department.

File No. 15348, Ordinance No. . . . (Series of 1939).

Discussion.

President Harold R. McKinnon of the Police Commission explained the necessity for the requested appropriation.

Supervisor Halley expressed the opinion that a survey would not be proper at this time because the San Francisco Police Department is one of the finest in the nation.

Supervisor McAteer stated he was opposed to any survey which would cast reflection upon the Chief of Police and the departmental personnel.

Motion to Defer Consideration.

Supervisor McAteer moved, seconded by Supervisor Halley, that consideration be continued for one week to permit him to determine definitely whether or not such a survey is advisable at this time; and to also determine whether there has been, and the scope of, a survey conducted by the Police Department in the past during the tenure of former Chief Charles Dullea.

Supervisor McAteer inquired if a police survey book heretofore authored by either Mr. Bruce Smith, Jr., or Bruce Smith, Sr., could not be used to assist in the survey rather than expending the large sum under study.

Mr. McKinnon stated that such a suggestion is not a practical one since many questions may have to be explored which would not be covered by the book, and an objective survey would prove invaluable to the Chief of Police.

Supervisor Rolph stated he would vote against the motion, contending that the question of who wrote the book is irrelevant and that the sum of \$12,000 for the survey seems to be a reasonable figure.

Supervisor McCarty stated he would vote against the motion to continue because the Board had heretofore voted the sum of \$25,000 for a survey of the Water Department and \$46,000 to a New York firm to establish a Records Center.

The roll was thereupon called on the motion to continue consideration for one week and it *lost* by the following vote:

Ayes: Supervisors Blake, Ertola, Halley, McAteer—4.

Noes: Supervisors Casey, Dobbs, Ferdon, McCarty, McMahan, Rolph, Sullivan—7.

Supervisor McAteer stated he would vote against the measure because he felt the survey could be accomplished by the expenditure of much less money than it is proposed to pay Mr. Smith, and that facilities and personnel are available capable of accomplishing that which is expected of Mr. Smith.

The roll was thereupon called on the pending measure and it was *passed for second reading* by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, McCarty, McMahan, Rolph, Sullivan—8.

Noes: Supervisors Ferdon, Halley, McAteer—3.

Request for Information.

Supervisor Halley requested that the Clerk ascertain from the Police Department whether a survey had been conducted in 1950, by whom and what its recommendations were, and if they were effectuated.

No objection and the *Clerk was directed to comply*.

Resumption of Consideration of Measure.

The Board resumed its consideration of the following measure:

Refused Final Passage.

Appropriating \$6,620, Public Health, San Francisco Hospital, for Equipment to Be Installed in the Newly Completed Bakery; an Emergency Measure.

File No. 15416, Ordinance No. (Series of 1939).

Request for Information.

Supervisor McAteer requested that the Clerk direct a communication to the Chief Administrative Officer inquiring into his plans for

the rehabilitation and/or modernization of the San Francisco Hospital and the Laguna Honda Home, stressing the fact that the objectives for such work were clearly defined at the time the bonds were voted at the election of 1954, and in 1957, two and one-half years later, there still remained the unexpended sum of six million dollars.

No objection and the *Clerk was directed to comply.*

Supervisor Rolph questioned the method whereby inventory is being kept at the health institutions, citing the huge losses suffered by the Laguna Honda Home as a result of pilfering, and suggested steps be taken to institute a system whereby the employees would be charged with the responsibility of keeping an accurate check of such inventory. Mr. Harry D. Ross, Controller, told Supervisor Rolph that he would furnish him with a copy of procedure recommended by his office which would eliminate occurrence of such theft.

The roll was thereupon called and the pending measure was *refused final passage* by the following vote:

Ayes: Supervisors McCarty, Sullivan—2.

Noes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McAteer, McMahan, Rolph—9.

Adopted.

The following measure presented by the Clerk was taken up:

Fixing Date of Monday, April 8, 1957, 2:00 P. M., for Hearing the Appeal from the Decision of the City Planning Commission by Its Resolution No. 4657, Disapproving Application to Rezone Property Comprising Portion of Area Bounded by Lincoln Way, Irving Street, Funston and Fourteenth Avenues, from Second Residential District to Commercial District.

File No. 15445-1, Resolution No. 17674 (Series of 1939).

The Clerk read a communication from the Department of Public Works certifying to the sufficiency of the signatures on the appeal subject, to the qualification that the Board of Supervisors must be satisfied that the Real Estate Department is empowered to represent the San Francisco Unified School District, the appellant in the case.

Deputy City Attorney Thomas Blanchard informed the Board that if it raised no objection, the pending measure could be considered as being properly before the Board.

Supervisor Dobbs thereupon moved adoption; seconded by Supervisor McMahan.

Adopted by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McAteer, McCarty, McMahan, Rolph, Sullivan—11.

File No. 15348, Ordinance No. 10257 (Series of 1939).

Statement by Supervisor McAteer.

Supervisor McAteer read the following telegram, addressed to the Clerk of the Board, in answer to a telegraphic request to Bruce Smith, Jr., for information concerning "Titles of any books concerning Police Department operation, authored or collaborated in writing, by Bruce Smith, Jr."

"I wrote the 'Policeman's Hire' for the winter 1954 edition of the Annals of the American Academy of Political Arts and Science. Also 'Police Administration' and 'The Problem Solvers,' GRA Reporter, January 1953. Now writing the 'Police Sergeant' as a book. 22 police surveys have kept me quite busy otherwise. It is my opinion that the only worthwhile books on police administration have been written by Bruce Smith, Sr., and O. W. Wilson. If the authorship of a book is an essential qualification to performing a police survey in San Francisco, I recommend that you employ O. W. Wilson in person. Bruce Smith, Jr."

The Supervisor also read excerpts from pages 1 and 18 of the 1950 Police Department Survey conducted by members of the Police Department.

Supervisor McAteer suggested that instead of providing the \$12,000 for the appropriation for a survey of the Police Department, a copy of the book written by Bruce Smith, Sr., be purchased and given to the Chief of Police. He stated that the Police Commission said it would not be guided by the new survey.

Supervisor Dobbs stated that what is being sought is an objective survey by someone from the outside; that no one was being criticized and that the San Francisco Police Department, under its present leadership, was the finest in the country.

Supervisor Halley stated that the Finance Committee had not had before it for consideration the 1950 Survey of the Police Department, and that the measure should be re-referred to the Finance Committee; that such an appropriation might be a waste of public funds.

Motion to Re-refer to Committee Defeated.

Thereupon, Supervisor Halley moved, seconded by Supervisor Ertola, that the measure be re-referred to the Finance Committee.

Supervisor Dobbs: Speaking on motion to re-refer. Nothing will be accomplished if carried. The matter has been in committee for four weeks. This is a matter of sensible economy and not strict economy.

Supervisor McCarty stated that the Finance Committee had been requested by the Police Commission to provide for a new survey in order that it might have a fresh outlook in reaching conclusions they think advisable; and that if it is re-referred to committee, it will be back on the calendar with the same recommendation of the committee; that he felt the request was a reasonable one, and that the price was right.

Supervisor Sullivan expressed the view, after being assured that the Finance Committee had a full and complete hearing on the measure, that there would be no good purpose for re-reference to committee.

Thereupon the roll was called on the motion and it was *defeated* by the following vote:

Ayes: Supervisors Blake, Casey, Ertola, Halley, McAteer—5.

Noes: Supervisors Dobbs, Ferdon, McCarty, McMahan, Rolph, Sullivan—6.

Thereupon the roll was called and the measure was *finally passed* by the following vote:

Motion to Submit for Approval of the State Department of Public Works a Proposed Ordinance Prohibiting Operation of Certain Types of Commercial Vehicles on Nineteenth Avenue, Park-Presidio Boulevard and Lake Street, Between Twelfth and Fifteenth Avenues.

It is moved that the subject ordinance, File No. 13835-1, be submitted to the Department of Public Works, State of California, for approval in writing prior to enactment by this Board, as required by the provisions of Section 713 of the Vehicle Code of the State of California.

File No. 13835

Supervisor Blake, seconded by Supervisor Halley, moved adoption.

Discussion.

Supervisor McCarty was opposed to the motion because it would make the situation intolerable on Lombard Street.

Supervisor McMahan was informed that all interested organizations had been heard from and were in accord with the proposed new truck designations.

Supervisor McAteer stated that Nineteenth Avenue is a long hard drive up to the crest; that Lombard Street is level, and that the Marina civic organizations withdrew objections when the situation was explained to them.

Supervisor Dobbs stated that he was opposed to the alternate routes because it would only move the situation from Nineteenth Avenue to Lombard Street, which would not be a satisfactory adjustment.

Supervisor Casey stated that routing the trucks into The Embarcadero, now in the process of the freeway construction, would become impossible.

Supervisor Rolph requested information as to the procedure as set up on this Calendar item. The City Attorney replied that the situation is the first of its kind.

Supervisor McCarty felt that adoption of this motion was tantamount to a direction to the State Department of Public Works for the re-routing of heavy trucks, and that the measure should not be submitted unless we believed it should be accomplished.

The roll was thereupon called and the motion was *refused adoption* by the following vote:

Ayes: Supervisors Blake, Ertola, Halley, McAteer, Sullivan—5.

Noes: Supervisors Casey, Dobbs, Ferdon, McCarty, McMahan, Rolph—6.

Tabled.

It was the ruling of the Chair that the following measure, placed on the Calendar by the Streets Committee, with the qualification noted, is not properly the subject of Board action, in view of the defeat of the immediately preceding motion:

Prohibiting the Operation of Commercial Vehicles Exceeding 35 Feet in Length on Nineteenth Avenue, Park-Presidio Boulevard and Lake Street, Between Twelfth Avenue and Fifteenth Avenue, and Designating Alternate Routes.

File No. 13835-1, Ordinance No. . . . (Series of 1939).

(If immediately foregoing motion carries, the Streets Committee recommends that consideration of this proposed ordinance be postponed until reply is received from the State Department of Public Works.)

Thereupon, on motion of Supervisor Dobbs, seconded by Supervisor McCarty, and, there being no objection, the foregoing measure was *tabled*.

Consideration of Legislation Out of Order.

Supervisor Rolph, seconded by Supervisor Halley, moved that the rules be suspended to permit the following measure to be considered out of order.

No objection and motion *carried*.

Adopted.

The following recommendation of the County, State and National Affairs Committee was taken up:

Declaration of Policy—San Francisco Bay Area Rapid Transit District; and Rescinding Resolution No. 17546 (Series of 1939).

File No. 15359-1, Resolution No. 17733 (Series of 1939).

Supervisor Halley informed the members of the Board as to the position of the State Legislation Committee and the County, State and National Affairs Committee, i.e., that SB 850 should be approved with the 5-cent taxing power and that the district should be comprised of six counties.

Supervisor Rolph, seconded by Supervisor Halley, moved the privilege of the floor for Alan K. Browne, Chairman of the San Francisco Bay Area Rapid Transit Commission.

No objection and motion *carried*.

Mr. Browne explained that it was the position of the Commission that San Francisco should approve SB 850 as now pending before the State Legislature and should not be too insistent that San Mateo and Santa Clara Counties become members. He further stated that if San Francisco amended the bill as suggested it might result in not having any rapid transit district at all.

Mr. Ross stated that he believed that San Francisco should have a feasibility engineering report before it commits itself, and that a mandate relative to the rates and charges should be submitted because if the City is to support the district it should know to what degree.

Supervisor McCarty, in explaining his vote, said that he would vote for the measure because it would permit the district to start planning and to prepare and submit the route of the entire district without any delay.

Adopted by the following vote:

Ayes: Supervisors: Blake, Ertola, Ferdon, Halley, McCarty, McMahon, Rolph, Sullivan—8.

Absent: Supervisors Casey, Dobbs, McAteer—3.

Supervisor McCarty now presiding.

Passage for Second Reading.

The Board resumed consideration of the following measure, heretofore temporarily postponed.

Appropriating \$33,000, Public Works, General Office, for Purchase of Land at Army and Kansas Streets Required for Expansion of the Maintenance Yard.

File No. 15491, Ordinance No. (Series of 1939).

Mr. Rezos replied to inquiry by Supervisor Sullivan by stating that the original bid was made two years ago based on a price of \$2.50 per square foot, but due to the graduate increase in the price of commercial property the price was now \$3.00 per square foot, and that he believed the price was fair.

Passed for Second Reading by the following vote:

Ayes: Supervisors Blake, Ertola, Halley, McCarty, McMahan, Rolph, Sullivan—7.

Absent: Supervisors Casey, Dobbs, Ferdon, McAteer—4.

President Ferdon now presiding.

Consideration of Legislation Out of Order.

Supervisor Halley, seconded by Supervisor Rolph, moved that the rules be suspended to permit the following measure to be considered out of order.

No objection and motion *carried*.

Consideration Continued.

The following from County, State and National Affairs Committee, without recommendation, was taken up:

Opposing SB 590 Which Would Permit the City and County of San Francisco to Exercise the Power of Eminent Domain for the Purpose of Establishing a Wholesale Produce Market.

File No. 15513-1, Resolution No. (Series of 1939).

Motion to Adopt.

Supervisor Halley stated that he would make a courtesy motion to adopt the legislation; courtesy second by Supervisor Ertola.

Discussion.

Supervisor Ferdon stated that it was the Chair's feeling that the right of eminent domain should not be extended unless the problem was more thoroughly thought out; that while he was in favor of Redevelopment Area E he was opposed to this measure.

Roger D. Lapham, Jr., President of the City Planning Commission, remarked that the Commission was in favor of the enactment of SB 590 because then the City would be in a position to condemn property in the South Basin Area for the new produce market.

Supervisor McCarty explained that he would vote for the proposed legislation because, at the present time, the City cannot exercise eminent domain under the Redevelopment Act except for the purpose of removing blight, but under SB 590 the City could condemn any property for a produce market.

Supervisor Rolph said that the City Attorney had rendered an opinion reaffirming the constitutionality of the provisions of SB 590, and that it was his (Supervisor Rolph's) opinion that under the provisions of SB 590 the City would be in a position to move the entire produce market to the South Basin area.

Refused adoption by the following vote:

Ayes: Supervisors Blake, Ertola, Ferdon, McCarty, McMahon—5.

Noes: Supervisors Halley, Rolph, Sullivan—3.

Absent: Supervisors Casey, Dobbs, McAteer—3.

The Chair suggested that the matter be left on the calendar so as to permit the entire Board to vote on it.

Supervisor Rolph, seconded by Supervisor McCarty, moved that the Board rescind its action, and that consideration of the measure be continued for one week.

No objection and motion *carried*.

Supervisor Rolph requested that the Mayor be informed that the measure would be considered by the Board at its meeting on April 22nd, and that he be invited to attend and express his views.

No objection and request *granted*.

Final Passage.

The Board resumed consideration of Finance Committee recommendations.

Hearings on Establishing Priority List of Projects.

Supervisor McCarty mentioned that Assemblyman Weinberger had again introduced in the State Assembly a bill looking to the maintenance and reconstruction of the California Palace of Fine Arts by the State of California and possible participation by the City and County of San Francisco. He expressed the opinion that it was incumbent upon the Board to have appropriate committee hearings for the purpose of establishing a definite priority list of state park projects in San Francisco. He felt that the committee should not take any action with respect to the Weinberger Bill or any other specific project until a complete priority list has been approved by the Board of Supervisors.

Referred to County, State and National Affairs Committee.

Resumption of consideration of the following measure, consideration of which had been temporarily postponed pending appearance of the Mayor:

Adopted.

The following measure from County, State and National Affairs Committee, without recommendation, was taken up:

Opposing SB 590 Which Would Permit the City and County of San Francisco to Exercise the Power of Eminent Domain for the Purpose of Establishing a Wholesale Produce Market.

File No. 15513-1, Resolution No. 17754 (Series of 1939).

April 15, 1957—Consideration continued to April 22, 1957.

The Mayor pointed out that for many years efforts have been expended for the purpose of redeveloping the area now being occupied by the Wholesale Produce Market and that many obstacles had been thrown in the way of such efforts. Efforts were made to relocate the present market in the South Basin area but this also fell through. The Federal Government was willing to sell the land very cheaply in the event the market moved there but again obstacles appeared. The opposition group have made efforts to locate in San Mateo County and have taken options on certain lands in South San Francisco. The Mayor reiterated his intention to redevelop the area now occupied by the produce market and asked that the Board turn down the pending measure and approve the passage of permissive legislation which would assure the ultimate redevelopment of the present wholesale produce area. The Mayor pointed out that the Board in the past had often approved the taking of eminent domain action, and without such power, the City is liable to lose the market to San Mateo County.

Motion.

Supervisor Halley moved, for the purpose of bringing the matter before the Board, that the pending measure be adopted. Motion seconded by Supervisor Sullivan.

Supervisor Ferdon stated that he felt just as strongly as the Mayor with respect to the redevelopment of the present produce market but

that he did not believe that the city had the power to compel merchants occupying about nine blocks of property to move from their present location, to a location chosen by the city.

Privilege of the Floor—Denied.

A motion made by Supervisor Sullivan to permit the privilege of the floor for Richard Meyerhoff of the Produce Dealers Association was rejected because of lack of unanimous approval thereof.

Supervisor McCarty expressed opposition to the idea of allowing the city to condemn private property such as the present produce market for use by other private interests although he was wholeheartedly in favor of its redevelopment.

The roll was thereupon called and the measure was *adopted* by the following vote:

Ayes: Supervisors Blake, Casey, Ertola, Ferdon, McCarty, McMahon—6.

Noes: Supervisors Halley, Rolph, Sullivan—3.

Absent: Supervisors Dobbs, McAteer—2.

Request for Information.

Supervisor Rolph requested that the City Attorney be requested to review the entire subject of priority lists of projects which may receive state aid, and to advise this Board whether the establishment of such priority lists falls within the jurisdiction of the City Planning Commission, by reason of its duty of preparing and maintaining a Master Plan, or the Board of Supervisors.

No objection and the *Clerk was directed to comply*.

Announcement of Committee Meeting.

Supervisor Halley announced a meeting of his County, State and National Affairs Committee for Wednesday, April 24, 1957, at 2:00 p. m. He asked that the Clerk determine from the interested departments their respective lists of recreational projects.

ADJOURNMENT.

There being no further business, the Board, at the hour of 3:45 p. m., adjourned.

Supervisor Halley moved, seconded by Supervisor Ertola, that the rules be suspended for the purpose of considering the following recommendation of County, State and National Affairs Committee out of order.

No objection and motion *carried*.

Adopted.

Opposing Enactment of AB 1647 Providing for the Creation of the San Francisco Bay Area Regional Planning District.

File No. 15513-2, Resolution No. 17792 (Series of 1939).

Discussion.

Supervisor Halley, Chairman of the County, State and National Affairs Committee, explained that his committee felt that regional planning could best be served on a voluntary basis, rather than through the creation of a Bay Area regional planning district. The Supervisor likewise pointed out that if state legislation were enacted, the Board would be divesting itself of certain powers in connection with planning which it now holds.

Controller Harry D. Ross likewise favored the adoption of the pending measure, adding that contracts between the various Bay Area planning commissions could be entered into for specific projects, if need be.

Mr. Roger D. Lapham, Jr., President of the City Planning Commission, and Paul Oppermann, Director of Planning, voiced their objections to the proposed measure, contending that voluntary planning would not be practical and expressed the opinion that the creation of the proposed district would redound to the benefit of the entire Bay Area.

The roll was thereupon called and the measure was *adopted* by the following vote:

Statement by Supervisor Blake's Counterpart, Kenneth C. Bollier of Riordan High School.

Mr. Bollier:

At the outset I wish to express my appreciation for the opportunity of serving as a member of the Board of Supervisors of the City and County of San Francisco, even though it is only for one day.

The experience I have gained during my tenure of office, short as it may be, has made me realize that to conscientiously fulfill the duties and obligations of the office of Supervisor requires more than just voting "aye" or "no" on each calendar matter.

At today's luncheon our Mayor, the Honorable Colleen Murphy, made certain suggestions which she believes will be for the benefit of the youth of San Francisco.

One suggestion that stands out in my mind is the request for the construction of a drag strip.

It is my opinion that a complete investigation should be made of the possibility of establishing such a drag strip and a complete program outlined for its supervision.

In this connection I would like to request that a communication be directed to departments concerned asking that they submit the following information:

1. Do they believe that it is feasible to construct a drag strip in San Francisco.
2. Where would be the most logical place to construct said drag strip.
3. What would be the cost of construction and fully equipping the drag strip.
4. What would be the City's liability if such a drag strip was operated.
5. Submit suggestions as to the manner in which the drag strip should be operated and supervised.

UNFINISHED BUSINESS.

The following recommendation of Finance Committee was taken up:

Adopted.

Budget of the City and County of San Francisco for the Fiscal Year 1957-1958.

File No. 15311

Statement by Supervisor Dobbs in Connection With 1957-1958 Budget.

Your Finance Committee presents, today, its recommendations in connection with the budget for the fiscal year 1957-1958.

The departmental budgets as submitted to the Mayor, this year, included requests totaling \$225,034,263, an increase of \$16,566,296 over the current fiscal year, and this without inclusion of salary increases resulting from salary standardization this year, pursuant to charter sections 151 and 151.1, in the amount of \$2,180,670.

The total budget as submitted by the Mayor, including increases due to salary standardization, is \$216,772,009.

After exhaustive scrutiny and study and with a view to strictest economy consistent with efficient operation, the Finance Committee recommends a total reduction in the budget as submitted by the Mayor in the amount of \$2,921,730, exclusive of items to be provided from bond funds.

Supplemental budget requests as submitted by the departments totaled \$2,509,340. Of these, the Mayor recommended items totaling \$1,860,210. Your Finance Committee recommends inclusion of supplemental budget requests for items, as indicated, in the amount of \$683,940.

The total budget then as recommended by the Finance Committee, including supplemental budget requests, amounts to \$214,534,219, an increase over the budget of the present fiscal year of \$6,066,252.

Principally the increases in this year's budget are required for increased retirement costs, salary increments due to salary standardization, bond interest and redemption and an increase in the budget of the School Department approximating \$2,000,000.

Although not yet adopted, there is in prospect in Los Angeles an increase in fire and police salaries which, if reflected in San Francisco, would result in an increase of approximately \$1,200,000 exclusive of retirement benefits. Too, it is expected that wage negotiations for the crafts will result in further increases for such employees in city service.

Motion to Adopt the Budget as Amended by the Finance Committee.

Supervisor Dobbs moved, seconded by Supervisors McMahon and McCarty, that the annual budget for the fiscal year 1957-1958, as transmitted by the Mayor, be amended as recommended by the Finance Committee and that there be included in said budget those supplemental budget items recommended by the Finance Committee.

Discussion.

Supervisor Halley inquired if revenues accruing to the City and County as a result of the current sales tax would be used for the purpose of constructing a baseball stadium or an underground garage in the Civic Center.

Supervisor McCarty replied that under the present law all revenues from sales tax source can only be used for capital expenditures and bond and interest redemption, and that his proposed amendment, now in Finance Committee, intended to have some of the exemptions removed so that increased sums may accrue to the City and County.

Request for Preparation of Legislation.

Supervisor Halley requested that the City Attorney be asked to prepare legislation amending the Purchase and Use Tax Ordinance to provide that surplus funds will automatically revert to the General Fund to be used to reduce the ad valorem tax base and not to be used for capital expenditures.

The President suggested that the request contain also language to the effect that such legislation shall not be binding on future Boards of Supervisors.

No objection and the Clerk *was directed to comply.*

Query by Supervisor Casey.

Supervisor Casey asked about the status of \$125,000 allegedly earmarked for the improvement of Seventh Street between Townsend and Sixteenth Streets.

It was determined that this improvement had not been submitted to the Board of Supervisors by the Mayor.

Substitute Motion.

Supervisor Halley moved as a substitute that the Board order out of Finance Committee Supervisor McCarty's proposed amendment to the Purchase and Use Tax Ordinance, and that it appear on next Monday's calendar. He stated he would abstain from voting on the proposed budget until study and disposition has been made of Supervisor McCarty's proposed amendment.

The President directed Supervisor Halley's attention to the fact that the budget must be adopted today.

Supervisor McCarty stated that his amendment would be before the Board prior to the end of the current fiscal year.

The President ruled Supervisor Halley's substitute motion out of order.

Discussion on City's Contribution Toward Construction of Proposed Civic Center Plaza Garage.

Supervisor McAteer called the Board's attention to certain language contained in a letter addressed to the Board of Supervisors under date of April 12, 1957, from the Mayor, which said that if after investigation it is determined that the Civic Center Garage must be financed by public funds, that it be inserted in the budget

and that the necessary amount be made available from the Capital Improvement Fund.

Mayor Christopher, who had been summoned to the Chambers, declared that the matter of a garage in the Civic Center area had been discussed with a private group which indicated that it would be willing to put up the sum of \$4,000,000 with the proviso that the City and County of San Francisco contribute \$1,000,000 likewise. The Mayor stated that this matter had been on his mind for quite some time and that he was very anxious to proceed because, he pointed out, it would eventually be built. He stated the \$1,000,000 was available from sales tax revenues and that his letter of April 12th suggested that these surplus sales tax funds be used for the garage. He stressed the fact that the construction of the garage is for the best interests of the City and County and should be constructed as soon as possible.

Supervisor McAteer mentioned that Supervisor McCarty's proposed amendment to the Purchase and Use Tax Ordinance will place the disposition of surplus funds in the hands of the Board of Supervisors, and that Supervisor Halley's proposed amendment will divert such surplus sales tax funds to the General Fund for the purpose of reducing the ad valorem tax rate.

The Mayor pointed out that the suggested \$1,000,000 contribution by the city toward the construction of the Civic Center Garage would provide a cushion in the event that the revenues from the operation of the garage proved insufficient to amortize the cost of the construction.

Supervisor McAteer asked the Mayor if it was his intention to use surplus sales tax funds for the construction of a municipal stadium to which the Mayor replied that such was his intention.

Motion Withdrawn.

There being no objection, Supervisor Dobbs withdrew his motion.

Motion.

Supervisor Dobbs moved, on behalf of and as a recommendation of the Finance Committee, the inclusion as a supplement in the budget for the fiscal year 1957-1958, of the following item:

Reserve Fund to guarantee the payment of principal and interest on the indebtedness to be incurred by private persons for the construction of a garage in or adjacent to the Civic Center, conditioned that satisfactory arrangements for the construction of such garage will have been concluded and approved by the Board of Supervisors prior to August 15, 1957 . . . \$1,000,000. Motion seconded by Supervisor McMahan.

Supervisor Dobbs pointed out that the Finance Committee does not necessarily agree with the theory that the garage should be built. This will give the members of the Board an opportunity to determine what type of garage may be appropriate on or before August 15th.

Supervisor Halley asked Deputy City Attorney Thomas Blanchard if the Board had the authority to budget funds on a hypothetical basis, to which Mr. Blanchard replied that the Board had authority over the budget and could repeal or rescind any portion of it.

Supervisor McCarty stated he was opposed to building a garage in the Civic Center area, contending that such an overhead garage could be built on the Commerce Playfield site at one-fifth the cost; however, by including the \$1,000,000 in the budget, no member of the Board was being committed to vote for the appropriation of funds.

Supervisor McAteer stated he would vote against the pending motion because it is proposed to use sales tax revenues to assure payment of any resulting deficit.

Supervisor Casey stated that his position with respect to the use and sales tax funds is well known and that he was under the impression that the Purchase and Use Tax Ordinance had been amended to provide that surplus funds would be used to reduce the ad valorem tax base. He would accordingly vote against the motion.

To a query, Controller Ross stated that an estimate of sales tax revenues for the fiscal year 1957-1958 reveals that \$13,000,000 is anticipated; bond interest and redemption would require \$9,800,000; capital improvements require \$1,600,000, leaving another \$1,600,000 unallocated.

Supervisor Halley again reiterated his belief that revenues from the sales tax measure should be used for relief of the taxpayer.

The roll was thereupon called on Supervisor Dobbs' motion and it lost by the following vote:

Ayes: Supervisors Dobbs, McCarty, McMahon, Rolph, Sullivan—5.

Noes: Supervisors Blake, Casey, Ertola, Ferdon, Halley, McAteer—6.

Motion.

Supervisor Dobbs renewed his motion that the annual budget for the fiscal year 1957-1958, as transmitted by the Mayor, be amended as recommended by the Finance Committee and that there be included in said budget those supplemental budget items recommended by the Finance Committee, with the exception of the item of \$1,000,000 for a Reserve Fund to guarantee principal and interest on the indebtedness to be incurred by private persons for the construction of a garage in or adjacent to the Civic Center.

Motion seconded by Supervisors McMahon and McCarty.

Supervisor McAteer stated he was opposed to the use of sales tax funds for certain capital projects which the Mayor has already indicated, such as the baseball stadium; accordingly he stated he would vote "no" on the budget until such time as the Board considered pending legislation relating to amendment of the Purchase and Use Tax ordinance.

Supervisor McCarty spoke on the policy of voting against the budget; either the members must vote for it or all should vote against it.

Supervisor Dobbs supported the stand of Supervisor McCarty.

Withdrawal of Objection.

Supervisor McAteer stated he was withdrawing his original objection to voting favorably on the budget but that this should not be construed as an indication that he would vote for the annual appropriation ordinance.

Disapproving Decision of the City Planning Commission Approving Application to Rezone Property Located at the Southeast Corner of Eucalyptus Drive and Nineteenth Avenue from First Residential District to Commercial District.

File No. 15598-2, Resolution No. (Series of 1939).

Resumption of Consideration of Proposed F.E.P.C. Ordinance.

Motion "Do Pass."

Supervisor Halley moved passage for second reading; seconded by Supervisor Rolph, it being expressed by both that they were so acting in order to bring the measure before the Board.

Amendments Taken Up Seriatim.

Supervisor Halley moved, seconded by Supervisor Ertola, that the following proposed amendments be taken up seriatim.

No objection and motion *carried*.

Supervisor Halley moved, seconded by Supervisor Sullivan, that Section 5, Subdivision "J," third paragraph, be amended to read as follows:

If the provisions of this ordinance are not otherwise violated, it shall not be an unlawful employment practice for any employer to select for employment any person who possesses qualifications, training or experience which best adapt him for the employer's business or profession, or for any employer, employment agency or labor organization to require citizenship or residence qualifications, or both, as a condition to employment or membership.

Supervisor Dobbs stated he would vote against the measure.

Supervisor Rolph declared he would vote against the foregoing amendment as shown above, but would vote for the following amendment, if duly proposed, which is similar to the one above but which has been amply clarified. It reads as follows:

If the provisions of this ordinance are not otherwise violated, and providing the requirement and/or qualification in its operation applies equally and uniformly to all employees or members without regard to race, color, religion, ancestry, national origin, or place of birth, it shall not be an unlawful employment practice for any employer or labor organization to require citizenship or residence qualifications, or both, as a condition to employment or membership, nor for any employment agency to inquire concerning such qualifications, nor shall it be an unlawful employment practice, if the provisions of this ordinance are not otherwise violated, for any employer to select for employment any person who possesses qualifications, training or experience which best adapt him for the employer's business or profession.

Supervisor Blake asked Mr. Thomas Blanchard, Deputy City Attorney, as to the effect of both proposed amendments. Mr. Blanchard replied that the first amendment was prepared by him at Supervisor Halley's request, and it appears to him that both amendments are substantially the same, although the second amendment is more explanatory.

Supervisor McCarty suggested that the Board adopt the first amendment because the provisions of the second amendment appear to be mandatory.

Supervisor Rolph stated in view of what the Deputy City Attorney has stated and in view of Supervisor McCarty's point, in which he concurred, he would vote for the first amendment.

The roll was thereupon called and the first amendment was adopted by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McAteer, McCarty, McMahan, Rolph, Sullivan—11.

Motion.

Supervisor Halley moved, seconded by Supervisor McMahan, that Section 8, Subdivision "B," first sentence, be amended to read as follows:

A complaint charging that any person has engaged or is engaging in any unlawful employment practice may be made by the Commission itself, or by an aggrieved individual. ((or by an organization

which has, as one of its purposes, the combatting of discrimination or the promotion of equal employment opportunities.))

Motion *carried* by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Halley, McAteer, McCarty, McMahon, Rolph, Sullivan—10.

No: Supervisor Ferdon—1.

Motion to Re-refer to Committee.

Supervisor Sullivan moved re-reference to committee for the purpose of giving further study to the pending amendments. Motion seconded by Supervisor Dobbs.

Supervisor Dobbs pointed out that the pending legislation was among the most important that the members have been called upon to consider and in his opinion it is incumbent for the committee to reconsider the matter when there are a number of proposed amendments. The Supervisor declared that his experience as Chairman of a committee convinces him that a committee has been able to resolve proposed amendments and come before the Board with a concrete proposal.

Supervisor Halley stated that the Deputy City Attorney had ruled that the committee could not act upon the amendments and that they had to come before the Board for adoption or rejection.

Deputy City Attorney Blanchard informed the Board that he had advised the County, State and National Affairs Committee that they could not adopt the amendments in committee but that they must come before the Board with or without the recommendation of the committee.

The roll was thereupon called and the motion to re-refer the measure to committee lost by the following vote:

Ayes: Supervisors Blake, Dobbs, Sullivan—3.

Noes: Supervisors Casey, Ertola, Ferdon, Halley, McAteer, McCarty, McMahon, Rolph—8.

Amendments.

Supervisor Halley moved, seconded by Supervisor Ertola, that Section 8, Subdivision "D," tenth line, be amended to read as follows:

The hearing shall be public and shall be before ((three (3))) four (4) or more members of the Commission at the time and place specified in said notice; . . .

Motion *carried* by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McAteer, McCarty, McMahon, Rolph—10.

Absent: Supervisor Sullivan—1.

Supervisor Halley moved, seconded by Supervisor Casey, that Section 8, Subdivision J, be approved, to read as follows:

The rights and remedies herein granted by the provisions of this ordinance to a person aggrieved are deemed to be entirely adequate and this ordinance and the provisions thereof shall not be construed as granting to an aggrieved individual any right to pursue a civil action in addition to, or in place of, the remedies enumerated in this ordinance; and in particular, the declaration set forth in Section 2, "that the right of every inhabitant of this city and county to equal employment opportunity without being subject to such job discrimination is hereby declared to be a civil right" shall not be construed as authorizing the maintenance of a civil action in addition or in place of remedies herein enumerated.

At the request of Supervisor Halley, Deputy City Attorney Blanchard explained that he did not prepare the foregoing language but he understood that the proposed language precluded the possibility of a civil suit for damages outside the scope of the proposed ordinance.

Supervisor Halley stated he understood both the opponents and proponents were aware of the meaning of the proposed amendment.

Deputy City Attorney Blanchard pointed out that the proposed language would not nullify any right any person has under existing law, and that any right granted by state law could not be abrogated by a local ordinance.

Addition of Word "To."

There being no objection, at the request of Supervisor McCarty, the word "to" was inserted in the last line so that the phrase would read: ". . . the maintenance of a civil action in addition to . . ."

The roll was thereupon called and the proposed new language was *adopted* by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McAteer, McCarty, McMahon, Rolph—10.

Absent: Supervisor Sullivan—1.

Supervisor Halley moved, seconded by Supervisor Rolph, that Section 9, first sentence, shall be amended to read as follows:

Any person who violates any of the provisions of this ordinance or who fails to comply with any order of the Commission shall be guilty of a misdemeanor and shall be subject to a fine of ((not less than \$100 and)) not more than \$500 ((and costs)) for each violation of any of the provisions of this ordinance, or for each failure to comply with any order of the Commission, as the case may be.

Motion *carried* by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Halley, McAteer, McCarty, McMahon, Rolph—9.

Noes: Supervisors Ferdon, Sullivan—2.

Statements.

Supervisor Sullivan stated he preferred to have the enforcement of any fair employment practices act pursued on a state level and that it would not be to the best interests of the City and County to enact such a measure locally. He stated that he had received communications and telegrams from those urging his support and promising that should he vote on the matter affirmatively, they would vote for him in November. He likewise stated he received word that should he vote negatively, every effort would be made to defeat him in November. The Supervisor stated that he would not barter his integrity for the purpose of remaining on the Board, and that he intended to vote on the merits of the measure as he viewed them.

Supervisor Rolph expressed the opinion that he would have preferred to have the measure enacted on a state level, and that he had gone to Sacramento in an effort to push the pending bill through to a successful conclusion. However, he pointed out that measures similar to the pending measure have been adopted in many cities and, subsequently, on a state level. He predicted that should the Board pass the measure today, in the not too distant future legislation on a state level will be enacted.

Supervisor Dobbs stated he believed in the principle of non-discrimination, and that if facts prove that there is discrimination in degree serious enough to warrant the enactment of a law, then he would vote for it. He believed the County, State and National Affairs Committee did not have the facts before them and this has been proven by the committee sending the matter to the Board

without recommendation. He was not criticizing any individual member but they failed to examine the facts and present such facts to the Board. He pointed out examples where in certain establishments such as Italian or Chinese, for example, it would be illogical as well as ruinous to business to hire anyone but an Italian or a Chinaman. Would this then be called discrimination? The Supervisor felt that an employer certainly had the right to run his business the way he saw fit. He called upon the Board to reject the measure, and added that he would renew the motion to remand the measure to committee. He thereupon so moved. Motion seconded by Supervisor Sullivan.

Supervisor Halley stated he saw no good purpose being served by sending the matter back to committee and that it would undoubtedly be returned to the Board in its present shape. He called attention to the fact that every member of the Board received a copy of the full transcript of the various hearings held and should be fully informed on the merits of the measure.

The roll was thereupon called and the motion to re-refer the measure to committee *lost* by the following vote:

Ayes: Supervisors Blake, Dobbs, Sullivan—3.

Noes: Supervisors Casey, Ertola, Ferdon, Halley, McAteer, McCarty, McMahon, Rolph—8.

Supervisor Dobbs referred to the provisions of Section 5 of the pending measure and termed them a "blackjack method." He urged that the matter be sent to committee for the purpose of determining facts and having the committee, after such determination, bring in their recommendation to the Board.

Supervisor Blake stated he supported the principle of fair employment practices. He stated he was an employer and that he hired people for their ability to work. He stated that the pending measure precluded him from doing things which he believed he had a right to do. He averred the purport of the pending measure goes farther than merely fair employment practices, and that the average businessman would not want this type of law. He expressed the opinion that the pending measure represented the worst piece of legislation that has come before the Board in quite some time and that certain clauses in the measure, if enacted, would set the city back some 20 years.

Supervisor Rolph said consideration of the measure in committee began in January of this year and the committee went over the measure in detail. He challenged Supervisor Dobbs' statement that no facts have been unearthed showing the existence of discrimination.

Supervisor Dobbs reaffirmed his stand that no facts have been divulged to the Board sufficient in extent to warrant the passage of the pending measure.

Supervisor Ertola stated he would vote for the measure, pointing out that evidence adduced at the various committee hearings called for the passage of such a measure.

To a query as to Board jurisdiction over the matter, Deputy City Attorney Blanchard advised the Board that it had the power to amend it or to repeal it should conditions warrant such action.

Statements by Members of the Board.

SUPERVISOR McATEER: For many years I have considered the principles of F.E.P. legislation. I have pondered the fundamentals of it from a moral position and from a practical viewpoint. In the past, I have concluded my position to be one of the school which believes that "morality may not be legislated." On this point, I have maintained, until recently, that the fundamentals of Fair Employment

Practices must come from within the people involved and may not be forced on these people by laws and regulations from without.

During the past several weeks, I have read and re-read the legislation before us today. I have re-examined my own previous beliefs and convictions in the field of State regulation. Through all of this recent study, I have been unable to adequately and conscientiously reject a statement made to me recently by a friend of mine of many years. Mr. Harry Kingman, recently retired as the Secretary of the Young Men's Christian Association at the University of California, has devoted over thirty years towards combatting community prejudices and discriminatory acts. At present, at his own expense, he is in Washington, D. C., endeavoring to convince Federal legislators that one of the necessary ingredients towards curbing juvenile delinquency and race prejudice, on a national level, is the enactment of a F.E.P. bill.

Mr. Kingman's recent statement to me, when discussing this proposed ordinance, was, "Virtually every statute and judicial decree—local, state or federal—to some extent, is a regulation of morality. In fact, if moral standards of individuals were not susceptible to community definition and regulation, we would probably not have emerged from primitive barbarism." To me, this statement will withstand the onslaught of whatever weapons the opponents of this particular legislation choose to use.

It must be clear to everyone in our democracy that our laws are founded on consensus. Sanctions and restraints are applied by the community. By legislative action, executive orders and judicial decrees, the race prejudices of Americans have been denied public sanction during the past twenty years. We have seen the elimination of "white primaries," the removal of racial restrictions in many professional associations and in public housing, the creation of F.E.P. commissions in a number of states and municipalities, the integration of our Armed Forces and the racial integration of many segregated schools.

At practically every stage in this current American social transition, strong opposition pleaded that "morality could not be legislated." However, in my opinion, the results indicate a high degree of compliance and only a few isolated instances of firm resistance. Further, the success of moral legislation of the nature of F.E.P. need only to be measured and evaluated against the usual standards of law enforcement—not against the hypothetical standard of one hundred. We all know that our laws against rape and homicide, which have universal and overwhelming support, are occasionally violated. Therefore, obviously, the proponents of this legislation can not, and do not, expect to attain one hundred percent compliance.

After wrestling with my conscience, I have concluded that I am no longer able to support my former academic position that "morality may not be legislated." Investigation and personal knowledge convince me that the continuance of the "voluntary plan" of F.E.P. is wishful thinking and hopeful evasion on the part of the opponents of this legislation. Truthfully, I wish that this were not the case. I wish that San Francisco, my native city, could proclaim to the world that our city's morals and community version of the Constitution's Preamble's reference to—"liberty and justice for all"—were such that we had voluntarily accomplished fair, equitable and non-prejudicial employment for all of our citizens in our community. However, such is not the case, in my opinion.

Along with some of my colleagues, I had hoped that the State legislative body would enact a Statewide F.E.P. bill. However, this has not happened. It may be that other sections of the State are waiting for a "proving ground" to be created within the State. They may be waiting to see how such legislation succeeds or fails within

a certain city in California. If this is true, it now appears to me that this is a golden opportunity for San Francisco to take the lead and to clearly demonstrate that our city is the "city that knows how—to award all her citizens *full citizenship*:"

There is one aspect of this legislation that has been dwelled upon in our discussion briefly by Doctor Ertola. This is an ordinance. It may be repealed by this body. If chaos, turbulence and economic unrest results from it, the Board of Supervisors will know of it, soon enough. In such case, the legislation may be repealed by six members of this Board. Therefore, those of you who are opposed to creating this Commission on Equal Employment Opportunity may justifiably view this as an experiment. It is not being accomplished by Charter Amendment which, as we all know, would require a majority vote of the electorate to place it into operation—and the same procedure to repeal it.

Our Declaration of Independence of 1776 indicates that "We hold these truths to be *self-evident*"—that among our unalienable rights are "life, liberty and the pursuit of happiness." It is about the latter "right" that I would like to briefly comment. Happiness infers a state of well-being, peace and comfort. It infers a freedom from frustration and insecurity. When individuals, families and communities are enjoying happiness, there is less juvenile delinquency and immorality. How is it possible for a member of the Filipino, Chinese, Negro or Indian groups of our city to attain complete happiness, when he knows that, at present, there are very few positions available for him, regardless of his education, ability, and desire to progress up the ladder of business and industry. He knows that the denial of the opportunity to prove his ability is a denial built upon a flimsy, non-American, non-democratic principle of dislike of skin-pigmentation. It is understandable why there is so much unrest and frustration in these groups.

We must recognize that the major exterior difference among us is the God-imposed one of skin color. Those of you who have seen a Negro infantry man, with his chest torn open by shrapnel, will remember that his blood was red and that his ribs and liver were the same color as yours. Those of you who have seen a Filipino scout with his hand blown off at the wrist will recall that his blood and tendons were of the same color as that of the Ute Indian alongside of him in the foxhole, who was hit in the shoulder by a sniper. If you have seen the deck of an LST filled with battlefield amputees, you will agree, I am sure, that the blood that each of them shed for his country was of equal quality and dignity. I am positive that it was, in the eyes of the Lord. In wartime we afford all of our eligible citizens an equal opportunity to get killed, regardless of race, creed or religion. I know of no instance where a soldier, sailor or marine was denied an equal chance to get shot at by the enemy because of skin pigmentation. It seems that we should now provide our peacetime citizens an equal chance to get a "shot" at employment without reference to his skin pigmentation! Accordingly, I shall vote for the F.E.P. legislation before us today.

SUPERVISOR HALLEY: Having considered all matters presented at our hearings, I wish to make the following statement:

I am in favor of this type of legislation. Discriminatory practices exist not only in San Francisco but apparently throughout the State and Nation. Their existence obstructs the constitutional, moral and social readjustment that may be the truly great accomplishment of our times. Other advances will be neutralized if economic opportunity is not required to maintain even pace.

Events have proved that the tide of discrimination can only be forced to recede by active measures. Enforcement of equality, however, is a process that requires great patience and time. We are all

slowly learning that there can be no islands of progress, but that an orderly development of equality requires great scope, both of time and area.

The proposed ordinance is not, in my opinion, suited to the task it purports to accomplish. Its failing lies not in its objective, nor in its form, as it is well drafted; its failing is that it is proposed as an ordinance to be effective within the limited geographical and population confines of the City and County of San Francisco.

There are many reasons why such legislation is undesirable as a municipal ordinance. The limited area of its proposed effectiveness makes it difficult to enforce, because unwilling employers can escape its operation by moving established industries out of San Francisco or by refusing to bring new industries in. Municipal FEP legislation is equivalent to spot-zoning and special legislation which have been found to be detrimental to the public good. To accomplish its object, this legislation must be enacted by the State Legislature, or better, by the Federal Congress.

San Francisco is today experiencing serious economic competition from its neighbors, near and far. We cannot afford to invite further losses for even the best motives and it cannot be denied that an ordinance of this kind will deter certain concerns and employers from operating in our city. What is good morals and good social legislation for us should also be so for Alameda, San Mateo, Los Angeles and the entire State, or Nation.

The facts further demonstrate that San Francisco has, in the last fifteen years, assimilated far more than its proportionate share of minority populations. I do not think it wise to accelerate this imbalance by passing this ordinance. The needs of these groups themselves will be better satisfied by a legal situation that will spread population groups as evenly as possible.

Even though I am against our passing this ordinance I will vote to have same reported out to the entire Board of Supervisors. I believe that the subject matter cannot be too often presented or too often considered.

Finally, I recommend that the full Board unanimously pass a resolution supporting State legislation covering this subject that is now pending before the State Legislature. This proposed State law is almost identical in form and substance to the proposed City ordinance. I am convinced that the State of California needs FEP legislation and that all good San Franciscans should support this bill now pending in Sacramento.

SUPERVISOR ROLPH: Since the commencement of the hearings on January 16, 1957, on the proposed Fair Employment Practices ordinance conducted before the County, State and National Affairs Committee of the Board of Supervisors, I have been impressed with the complete and excellent presentations which have been made by both the proponents and the opponents of this very important suggested legislation. As a member of this committee, I consider through the presentations made by both sides I have had the opportunity to become fully aware of the problems arising from discriminatory employment practices. At this time I wish to publicly express my appreciation for the many thoughtful letters and other expressions of opinion which I have received on this subject as they have indicated to me that there is a tremendous interest of our city in this very vital subject.

As a result of the hearings which have been conducted before this committee, I have come to the conclusion that the so-called voluntary plan, which was the subject of a resolution of our Board of Supervisors in 1950, has not been fully effective in terminating discriminatory employment practices. Experience has proved that positive legislation is needed.

As many states and cities have already adopted this type of legislation, we are in the fortunate position of being able to study the operation of the laws in those other jurisdictions. Following the enactment of the original New York law in the spring of 1945, similar laws have been enacted in 16 states including, among others, New York, New Jersey, Massachusetts, Pennsylvania, Connecticut, Rhode Island, Michigan, Minnesota, New Mexico, Wisconsin, Oregon and Washington and in 36 cities. All of the states and cities which have adopted this legislation uniformly report that the legislation is working successfully. In many instances those who opposed the adoption of the legislation most vehemently have, after the passage of the law in their particular jurisdictions, become its most enthusiastic supporters.

In reviewing the various written articles and other material on the subject of fair employment practices legislation, I have been particularly impressed with the study of the entire subject made by Mr. Elmer A. Carter, Commissioner of the New York State Commission Against Discrimination in his article which appeared in the Annals of the American Academy of Political and Social Science for March, 1956. In commenting on the New York State law adopted in 1945, he makes the pertinent observation:

"There seems to be universal agreement that there has been a significant change in the opportunity for employment among Negroes and striking alterations in the pattern of employment in the State of New York since the effective date of the law. This is likewise the verdict of most of the other states and many of the cities which have passed FEP legislation."

In his article Mr. Carter goes into considerable detail in pointing out the actual successes achieved in New York by virtue of the adoption of the law in that state in 1945. Similar favorable reports have been received from the other states which have enacted the legislation.

Here in San Francisco, however, we must stop and analyze at this time our current position to determine what should be done with reference to this proposed municipal ordinance in view of the fact that there is currently pending before the present session of the legislature in Sacramento a proposed state statute which, if adopted, will have the effect of giving to the entire state a fair employment practices statute. From the standpoint of uniformity for all of California, which I consider to be an extremely important consideration, I have concluded it will be desirable to have the legislation adopted on the state level, in the light of City Attorney's Opinion No. 1158, dated April 23, 1957, in which it is pointed out that the proposed legislation now pending in Sacramento indicates a legislative intent to preempt the field. In this connection I quote from page 2 of the City Attorney's opinion:

"A study of Assembly Bill No. 7 and Assembly Bill 2000 indicates to me an intent that the state legislation shall cover the entire field. Frequently state legislation makes provision for adoption of local ordinances on the same subject. These bills do not."

In view of the advantage of uniformity for equal job opportunities for our entire state, and in line with the City Attorney's opinion that the legislation presently pending in Sacramento does not contemplate the enactment of local ordinances on the subject, it is my opinion that it would be very untimely for the Board of Supervisors of the City and County of San Francisco to act on this proposed ordinance until such time as our state legislature has acted upon the bills which it is presently considering. In this connection, it is significant that the proposed state statute has passed the State Assembly by the decisive vote of 61 to 15 and is now before the State Senate. Accordingly, I consider it is in order for

this committee to report the proposed ordinance out of committee to our Board of Supervisors with the request that the ordinance be held on calendar and not considered until such time as the State Senate has acted on the proposed legislation it now has before it. In my opinion, all those who are interested in the passage of this legislation on the state level should make every possible effort to have the State Senate pass the legislation it is presently considering.

In this connection, it is my hope that my colleagues on the Board of Supervisors will agree with me that a resolution should be adopted by our Board at its meeting of next Monday, April 29, unequivocally establishing the legislative policy of the City and County of San Francisco as being in favor of the adoption of California employment practices law for the entire State of California and requesting and directing our city legislative representative in Sacramento as well as our State Senator to effectively support the proposed statute. I sincerely hope that many of those who have opposed the adoption of the ordinance on a local level will join with the proponents here in working for the adoption of the law for the entire state.

SUPERVISOR ERTOLA: I will preface these remarks with an unequivocal statement that I am wholeheartedly in favor of fair employment practices legislation. I believe that in supplementation of our constitutionally guaranteed rights, and more than that, in consonance with the principles of fair play which all Americans embrace, that an official approval of fair employment practices should be enacted.

My concept of fair employment practices goes beyond their mere enforcement on a local basis. I am convinced that what is good for the people, and specifically the minority peoples, of *one* community is *equally* good for those in all other communities within the State and within the nation.

Therefore, I have pledged myself to do all within my power to support fair employment practices legislation which will operate uniformly throughout the State of California and not merely extend the salutary operation of such legislation to any isolated community.

In other words, adhering to the conviction that fair employment practices legislation is necessary and desirable, I will devote my energies to assuring the passage of such a law on the State level, and withhold at *this time* my endorsement of a local ordinance which would extend the benefits sought to *only* a few in San Francisco and not extend these benefits incorporated in this bill to all minority groups. Certainly one who does *not* practice discrimination has nothing to fear from the law and one who does discriminate ought to be held responsible.

In conclusion I believe that the most important safeguard to this ordinance is the power of the Board of Supervisors to repeal the entire ordinance or any section thereof.

The roll was called on the pending measure, as amended, as follows:

Ayes: Supervisors Casey, Ertola, Ferdon, McAteer, McCarty, McMahan, Rolph—7.

Noes: Supervisors Blake, Dobbs, Halley, Sullivan—4.

Motion to Reconsider.

Before the result of the foregoing roll call was announced, Supervisor Dobbs changed his vote from "No" to "Aye" for the purpose of moving reconsideration, as a member of the prevailing side. The roll call then stood:

Ayes: Supervisors Casey, Dobbs, Ertola, Ferdon, McAteer, McCarty, McMahan, Rolph—8.

Noes: Supervisors Blake, Halley, Sullivan—3.

Supervisor Dobbs thereupon moved that the vote by which the foregoing measure was passed for second reading, be reconsidered. Motion seconded by Supervisor Blake.

File No. 15702, Resolution No. 17828 (Series of 1939).

Discussion.

Supervisor McCarty called the Board's attention to rumors to the effect that San Francisco will never get big league baseball. He stated such were without foundation. He reminded the Board that it took San Francisco a good many years to get the Golden Gate Bridge and that a good majority of the engineers stated that the construction of such a bridge was an impossibility. Other people did not believe in the eventual success of the Hetch Hetchy Project. The Supervisor pointed out that everything must be done to bring the major leagues here and that every effort should be expended toward that end.

Supervisor McAteer asked that he be furnished a copy of the revised resolution along with a copy of the calendar next weekend so that he may have an opportunity of studying the measure. He accordingly moved continuance for one week. Motion seconded by Supervisor Casey and lost by the following vote:

Ayes: Supervisors Blake, Casey, Ertola, Halley, McAteer—5.

Noes: Supervisors Dobbs, Ferdon, McCarty, McMahon, Rolph, Sullivan—6.

The roll was thereupon called on the measure and it was *adopted* by the following vote:

Ayes: Supervisors Casey, Dobbs, Ferdon, McCarty, McMahon, Rolph, Sullivan—7.

Noes: Supervisors Blake, Ertola, Halley, McAteer—4.

Consideration Continued.

Resumption of consideration of File No. 15143 entitled:

An Ordinance Prohibiting Discriminatory Practices in Employment Because of Race, Color, Religion, Ancestry, National Origin or Place of Birth by Employers, Employment Agencies, Labor Organizations, and Others; Creating a Commission on Equal Employment Opportunity, and Prescribing Its Duties and Powers Generally; and Providing Penalties for Violation.

File No. 15143, Ordinance No. . . . (Series of 1939).

(On Monday, May 20, 1957, the following vote was recorded on the question of passage for second reading of the foregoing measure:

Ayes: Supervisors Casey, Ertola, Ferdon, McAteer, McCarty, McMahon, Rolph—7.

Noes: Supervisors Blake, Dobbs, Halley, Sullivan—4.

Before the result of the foregoing roll call was announced, Supervisor Dobbs changed his vote from "No" to "Aye," for the purpose of moving reconsideration.

The vote on the question of passage for second reading of the foregoing measure then stood:

Ayes: Supervisors Casey, Dobbs, Ertola, Ferdon, McAteer, McCarty, McMahan, Rolph—8.

Noes: Supervisors Blake, Halley, Sullivan—3.

Thereupon Supervisor Dobbs moved, seconded by Supervisor Blake, that the vote whereby said measure was passed for second reading, be reconsidered.)

Discussion.

Supervisor Dobbs: I am pleased to advise you that the representatives of both sides to this question are here today to support my motion to defer consideration for a period of two weeks. They are here today in good faith and are requesting a two weeks' continuance. They feel they can get together on an ordinance which will satisfy both sides. I hope you will support this motion for a two weeks' extension with the hope that they will accomplish their goal.

Accordingly, Supervisor Dobbs moved, seconded by Supervisor McCarty, that the pending measure be continued on the calendar for a period of two weeks.

There being no objection, Supervisor Dobbs withdrew his motion to permit the privilege of the floor, accorded by unanimous consent of the members, to the following parties:

Mr. E. D. Osgood, Chairman of the Committee for Equal Job Opportunity, who stated: We fully appreciate the efforts of a majority of the members of the Board to pass this ordinance. However, we are reluctant to reject any effort to have a meeting of the minds. If an agreement can be reached on a workable ordinance, its effectiveness will be considerably enhanced. Mr. Adrien Falk has told us that a two weeks' postponement may result in an amicable solution. We request a two weeks' continuance to permit reaching a satisfactory solution.

Mr. George Johns, Secretary of the San Francisco Labor Council, likewise urged a two weeks' continuance within which to frame a workable ordinance, satisfactory to both sides.

Mr. Adrien Falk, representing the employers, stated: The employers have opposed enactment because they are firmly convinced that a voluntary program, representing employers, labor and minority groups, is more conducive to a good relationship. However, this ordinance has passed for second reading. The employers are faced with the alternative of either effectuating a compromise or a referendum. We believe an ordinance can be drafted that can be supported both by employers and minority groups and that it will be fair to all our citizens and strengthen the well-being of our community. I therefore request a two weeks' postponement in an effort to reach such an agreement and thus avoid a referendum.

Supervisor Halley moved that the measure be re-referred to the County, State and National Affairs Committee which will meet on Wednesday, June 5th, to consider the new proposal.

Supervisor McCarty urged that the requested two weeks' continuance be granted.

Supervisor Halley pointed out that if changes are to be made in the pending measure, they must first be reviewed by the City Attorney and re-referred to committee for hearings.

Supervisor Rolph stated he failed to see that anything was done out of order. He commended both Supervisors Dobbs and McCarty for their noteworthy efforts in bringing both sides together. If the issues cannot be resolved within the two weeks requested, then the new proposed measure can be heard in committee.

Supervisor Halley: I will go along with the qualification that only the matter on the calendar will remain over for two weeks and that nothing else will be placed on the calendar.

Mr. President: No member of the Board can put anything on the calendar.

There being no objection, Supervisor Halley *withdrew* his motion to re-refer the pending measure to committee.

Thereupon Supervisor Dobbs moved, seconded by Supervisor Halley, that consideration of the pending measure be continued for two weeks.

The President stated that in the event a substantially different ordinance is presented at the end of the two-week period, that matter will be referred to committee for study and the Board may then act on the pending measure in any manner they see fit.

The President suggested to the parties involved that a final determination be sent to the Board in writing before the expiration of the two-week period because it may well be that the pending measure may be amended without the necessity of extensive committee hearings.

The roll was thereupon called and the motion to continue consideration for two weeks *carried* by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ferdon, Halley, McAteer, McCarty, McMahan, Rolph, Sullivan—10.

No: Supervisor Ertola—1.

Statement by Supervisor Rolph Re Construction of Proposed Tiburon Bridge.

Supervisor Rolph called the Board's attention that on April 29, 1957, the Board of Supervisors adopted a resolution urging that no further action be taken by the State Legislature on SB 799, relating to the construction of the Tiburon Bridge, until public hearings had been held. Subsequently, at the request of the Legislation Committee, the resolution was amended to provide that no appropriation in excess of \$50,000 be approved for engineering studies of the proposed span. (Here Supervisor Rolph distributed photo-static copies of a map of San Francisco showing the proposed San Francisco terminus of the Tiburon span to be located between Polk and Larkin Streets.) Supervisor Rolph then stated that he received a copy of a letter dated June 5th from the San Francisco Planning and Housing Association, addressed to the Chairman of the Ways and Means Committee, vigorously opposing the passage of SB 799. Supervisor Rolph declared that insofar as he could determine, the bridge matter has not been considered by any city agency with respect to compliance with the Master Plan. Further, the engineers of the Golden Gate Bridge and Highway District have not been heard in the matter. He asked that the Board adopt a resolution memorializing the State Legislature not to adopt SB 799 for the reason that the City and County of San Francisco has not been given the opportunity of examining the matter thoroughly for the purpose of ascertaining the feasibility of placing such a financial burden upon this community. Supervisor Rolph also pointed out that the San Rafael-Richmond Bridge, constructed at such a high cost, was not doing so well financially and that it has failed to realize its anticipated income.

The President inquired into the precise status of the matter and Supervisor Rolph mentioned that it was his understanding that the Ways and Means Committee had cleared the matter and that it was now before the Assembly.

Objection.

Supervisor Blake objected to the consideration of any resolution along the lines indicated by Supervisor Rolph, contending that he favored passage of the bill so that when the matter has progressed to the point of determining just where the San Francisco terminus was to be located, San Francisco could then be in a position to make known its position.

Referred to County, State and National Affairs Committee.

Announcement of Committee Meeting.

Supervisor Casey announced a meeting of the Police Committee for Tuesday, June 11, 1957, at 2:00 p. m.

Communication.

The Clerk introduced a communication from the Committee Representing South of Market Industries and a petition from merchants on Ellis Street, protesting one-way street legislation affecting Howard and Folsom and Ellis Streets, respectively.

Discussion.

Both Supervisors Blake and Sullivan, members of the Police Committee, confirmed the fact that the Committee had been convinced by the arguments advanced by technical employees that the Board should adopt the pending legislation. They suggested that more complete data could be elicited from Director of Traffic, Captain Kiely; however, Supervisors McAteer and McCarty expressed the opinion that the reasons for the Committee's recommendation should emanate from the Committee members themselves.

Thereupon Supervisor Sullivan moved, seconded by Supervisor Blake, that consideration be continued for one week so that a more complete explanation may be had from Supervisor Casey, the Chairman of the Police Committee.

Motion *carried* by the following vote:

Ayes: Supervisors Blake, Dobbs, Ertola, Halley, Rolph, Sullivan—6.

Noes: Supervisors Ferdon, McAteer, McCarty, McMahan—4.

Absent: Supervisor Casey—1.

Rescission of Action.

Supervisor Dobbs moved rescission of action whereby consideration of the pending measure was continued for one week. Motion seconded by Supervisor McAteer and, there being no objection, motion *carried*.

Amendment.

Supervisor Dobbs moved as an amendment that the matter be re-referred to committee for further hearing and to arrive at a full and comprehensive report on the feasibility of authorizing the proposed one-way streets. Motion seconded by Supervisor McAteer.

Substitute Motion.

Supervisor Blake moved, as a substitute motion, that the Board resolve itself into a Committee of the Whole for the purpose of hearing from all interested parties. Motion seconded by Supervisor Sullivan.

Supervisor McMahan objected to the substitute, contended that she is not aware of the fact that all interested parties are presently in attendance in the chambers.

Supervisor McCarty stated he would oppose the substitute motion for the reason he believed this was strictly a committee matter.

Supervisor Halley expressed the opinion that the President of the Board had rapped the gavel too hastily when the motion to rescind was before the Board.

In order to permit a roll call on the motion to rescind and, there being no objection, Supervisor Dobbs withdrew his amendment and Supervisor Blake withdrew his substitute motion.

There also being no objection, the approval of the Board with respect to adopting the motion to rescind was likewise withdrawn.

The President thereupon ruled that the motion to rescind was properly before the Board.

The roll was thereupon called and the motion to rescind was *adopted* by the following vote:

Ayes: Supervisors Dobbs, Ferdon, McAteer, McCarty, McMahon, Rolph—6.

Noes: Supervisors Blake, Ertola, Halley, Sullivan—4.

Absent: Supervisor Casey—1.

Motion to Re-refer to Committee.

Supervisor Dobbs moved, as an amendment to the motion to postpone for one week, re-reference to Police Committee. Motion seconded by Supervisor McAteer.

Substitute Motion—Lost.

Supervisor Blake moved, seconded by Supervisor Sullivan, that the Board resolve itself into a Committee of the Whole for the purpose of hearing from all interested parties.

Supervisor Sullivan withdrew his second. Accordingly, the substitute motion *lost* for want of a second.

The roll was thereupon called and the motion to re-refer the measure to committee *carried* by the following vote:

Ayes: Supervisors Blake, Dobbs, Ertola, McAteer, McCarty, McMahon, Rolph—7.

Noes: Supervisors Ferdon, Halley, Sullivan—3.

Announcement of Committee Meeting.

Supervisor Rolph announced a meeting of the Public Buildings, Lands and City Planning Committee for Tuesday, July 2nd, at 2:30 p. m. to consider the proposed zoning ordinance and other matters.

Reference to Committee.

Supervisor Rolph informed the members of the Board that the Governor has before him for signature, AB 1400, calling for rehabilitation of the Palace of Fine Arts by the State of California. He suggested that the Board immediately send a letter to his Excellency, urging that he sign the measure.

Supervisor McCarty objected on the grounds that the city should determine whether or not it would be compelled to match the funds to be supplied by the state. (At this moment, Supervisor McCarty was informed by Donald Cleary, the City's Sacramento Legislative Representative, that the city would be obliged to contribute matching funds.)

Supervisor Rolph pointed out that the signature of the Governor would only be the first step in a series to effectuate the intent of the bill. When the bill has been signed, then the city would be given an opportunity of determining whether or not it would be in a position to contribute the matching funds.

Referred to County, State and National Affairs Committee.

Supervisor Halley, Chairman of the foregoing committee, stated it would meet on Wednesday, June 19th, at 2:00 p. m to consider the foregoing request.

Supervisor Rolph moved the suspension of the rules for the purpose of considering the following matter out of order. Motion seconded by Supervisor Ertola and, there being no objection, motion carried.

Inquiry into Status of Proposed Condemnation Proceedings Against Certain Properties Required by the State of California for Parking Purposes.

Supervisor Rolph mentioned that he understood the State Department of Finance was considering the institution of condemnation proceedings looking to the acquisition of property bounded by Van Ness Avenue, Golden Gate Avenue, Polk Street and Redwood Street, for parking purposes. The Supervisor suggested that there should be some form of coordination of activities between the Parking Authority, the State of California and the Federal Government so that possibly a long-term lease of parking space may be entered into with the Civic Center Garage for the parking of State and Federal cars, if and when the Civic Center parking facility is eventually constructed. This would likewise preclude the necessity of taking taxable property off the assessment rolls.

Mr. Vining T. Fisher, General Manager of the Parking Authority, informed the Board that his agency has always worked in close cooperation with the State and Federal Governments as well as with the Civic Center Corporation, and that all available information on the subject has been disseminated to the interested parties.

Mr. Albert E. Schlesinger, Chairman of the Parking Authority, assured the Board that his agency will watch the situation very closely.

Request of Committee Approved.

The following recommendation of County, State and National Affairs Committee was taken up:

The Committee Approves the Request of Supervisor Rolph Made in Meeting of the Board of Supervisors on Monday, June 17, 1957, that a Letter Be Transmitted to His Excellency, Governor Goodwin J. Knight, Urging Him to Sign AB 1400, Providing State Aid for the Rehabilitation of the Palace of Fine Arts.

Files Nos. 7836 and 15192

Supervisor Halley gave a brief history of the matter, and thereafter moved, seconded by Supervisors Ertola and Rolph, that the request be approved.

Request for City Attorney's Opinion.

Supervisor McMahon asked that the City Attorney be requested to render an opinion as to whether the city had the right to convey title to land and improvements comprising the Palace of Fine Arts, to the State of California, without a vote of the electorate. She likewise asked that the original grant from the Federal Government be reviewed in order to determine just what rights and obligations have accrued to the city as a result of such grant.

Supervisor McCarty inquired if, by voting to send the letter to the Governor urging him to sign AB 1400, the Board was likewise supporting the rehabilitation of the Palace of Fine Arts as a No. 2 priority project for State Parks in San Francisco.

Supervisor Rolph stated that he understood, through publicity media, that such was the case. He had discussed the matter with Assemblyman Weinberger who was under the impression that the Board had considered it as such.

Supervisor Halley, Chairman of the County, State and National Affairs Committee, stated that the recommendation of his committee did not include establishing the pending measure as a No. 2 priority project.

Supervisor McCarty stated he would vote for the pending measure because it does not say that San Francisco will put up the matching funds; however, he wanted it distinctly understood that he was opposed to designating the rehabilitation of the Palace of Fine Arts as a No. 2 priority project.

Supervisor Dobbs stated he would vote for the matter but that his vote is not to be construed as support for any budgetary commitment or bond issue to provide matching funds by the city.

The President thereupon directed that the Clerk, when transmitting the letter to the Governor, emphasize the fact that while the City does urge him to sign AB 1400, calling for the rehabilitation of the Palace of Fine Arts, it does so with the proviso that such approval does not carry with it any commitment on the part of the city to either establish any priority for State Park projects in San Francisco or to provide matching funds either through the exercise of budgetary procedures or through the issuance of bonds.

The roll was thereupon called and the motion was *adopted* by the following vote:

Ayes: Supervisors Casey, Dobbs, Ertola, Ferdon, Halley, McAteer, McCarty, McMahon, Rolph, Sullivan—10.

Absent: Supervisor Blake—1.

Adopted.

The following recommendations of Public Health and Welfare Committee were taken up:

Releasing David Robert Albright from Responsibility for the Support of His Mother, a Recipient of Old-Age Security Aid.

File No. 15826, Resolution No. 17982 (Series of 1939).

Request for City Attorney's Opinion.

Supervisor Ertola asked that the City Attorney render an opinion as to what can be done in connection with the feeling of Board members that they should have more information concerning the ability or inability of children to furnish financial aid toward the support of their parents who are recipients of old-age security aid.

Supervisor Ertola feels that affidavits or some similar assurances to confirm the financial status of the children who are released from such responsibility should be filed with the Board of Supervisors.

No objection and the *Clerk was directed to comply.*

Ayes: Supervisors Casey, Dobbs, Ertola, Halley, McAteer, McCarty, McMahan, Rolph, Sullivan—9.

Passage for Second Reading.

The following recommendation of County, State and National Affairs Committee was taken up:

An Ordinance Prohibiting Discriminatory Practices in Employment Because of Race, Color, Religion, Ancestry, National Origin or Place of Birth by Employers, Employment Agencies, Labor Organizations, and Others; Creating a Commission on Equal Employment Opportunity, and Prescribing Its Duties and Powers Generally; and Providing Penalties for the Violation of This Ordinance.

File No. 15143-2, Ordinance No. (Series of 1939).

Discussion.

Supervisor Halley gave a short historical résumé of the measure.

Supervisor Dobbs stated he would vote for it. However, he made it clear that he did not believe its enactment in San Francisco was necessary; that the downtown groups did not wish to institute referendum proceedings with its attendant clamor of racial discriminations, and therefore participated in a joint venture to arrive at a compromise measure. Supervisor Dobbs stated that his viewpoint may

be in error but if time proves that he is not, the matter should be reconsidered.

Supervisor McAteer asked for an explanation of the differences between the one tabled by the Board and the one now being considered by it. The explanation was made by Supervisor Halley.

Supervisor Rolph took the opportunity of thanking both sides to the issue for arriving at an amicable solution to the problem. He stated he had been in favor of the legislation since its inception; however, he pointed out the local action was merely the initial step and that he hoped to see the measure passed by the State Legislature.

Supervisor Sullivan declared he was convinced, in the preparation of the pending measure, that no matter existed which could not be resolved. He felt the original measure was not appropriate nor suitable and that the current legislation removes all of his objections, and that he was very happy to vote for it.

The roll was thereupon called and the measure was *passed for second reading* by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McAteer, McCarty, Rolph, Sullivan—10.

Absent: Supervisor McMahan—1.

Request for Consideration Regarding Use of Land for Small Boats Harbor.

Supervisor Halley requested that the Clerk direct a communication to the proper state agency asking that consideration be given to the possibility of developing plans for a small boats harbor in San Francisco and, as an alternative, in an adjacent community.

It was brought out that the Board had adopted legislation calling for a public auction to dispose of some 27 acres of surplus Water Department property located in South San Francisco, which property contains marshes and sloughs and the thought occurred to Supervisor Halley that perhaps the state might be interested in looking this particular property over with a view of possibly acquiring it for small boats purposes.

proposal to add certain streets to the downtown one-way street pattern.

Therefore, I wish at this time to move that the matter be called from committee by the Board.

Prior to June 17, when it was first before the Board, the plan was discussed at public hearings.

Testimony from the city's technical advisors as well as representatives of downtown business interests convinced me that it would be to the city's advantage for us to consider the matter favorably.

I have heard enough to believe that one-way streets will move more traffic faster and more safely. I can see how complicated intersection conflicts will be eliminated.

I am also impressed by the comments of businessmen who feel the plan is vital to the conduct and expansion of their business.

This is how I feel as a result of the hearings. As traffic control is a technical subject, I do think detailed questions should be answered by the technical experts.

I do have some reservations about the plan.

First, I am aware there is some question as to the advisability of making Grant Avenue one-way northbound for only one block between O'Farrell and Geary. Our technicians have explained this as being necessary to eliminate conflicts at the Market Street intersections. I have some honest doubts about it, but I will take their advice.

Secondly, I feel that perhaps there has been no need established for making Howard and Folsom Streets one-way. Third and Fourth—yes—because they are tied in with the North of Market movement.

The committee heard considerable opposition from South of Market groups, however, to including Howard and Folsom. It seems that traffic is moving at a fairly pleasant pace there now—especially since new freeway ramps have been opened.

Supervisor Blake moved, seconded by Supervisor Sullivan, that the measure now reposing in the Police Committee relating to the designation of certain streets as one-way streets and identified as File No. 15746 be called from committee and placed on the Board calendar for Monday, July 15th.

Discussion.

Supervisor Casey said he was informed that the position of J-168, General Foreman Trackman, was being paid the same rate as that being paid to other foreman categories under his supervision and felt that this inequity should be rectified, and suggested that a 15% differential be approved.

However, it was pointed out by the Deputy City Attorney that the Board had no jurisdiction in the matter; that it was up to the Civil Service Commission, pursuant to charter provisions, to certify the per diem rates to the Board and that the Board's scope of authority covered only the approval of such rates.

Privilege of the Floor.

Supervisor Sullivan moved the privilege of the floor to Terence O'Sullivan, representing the Construction and General Laborers' Union who spoke on the alleged inequity in rates paid the various foreman categories.

Supervisor McAteer inquired of Deputy City Attorney Thomas Blanchard if the Board had the power to amend the schedule currently before it. Mr. Blanchard replied that under the Charter, only the Civil Service Commission was vested with the power to certify the rates as well as the power to amend such rates and that the Board was vested only with the authority of either approving or disapproving them.

Consideration temporarily postponed pending appearance of Mr. William L. Henderson, Personnel Director and Executive Secretary of the Civil Service Commission.

Resumption of Consideration of Legislation Fixing Schedules of Compensation Effective July 1, 1957, to Be Paid Certain Employees Subject to the Provisions of Section 151.3 of the Charter.

Mr. Terence O'Sullivan, representing the Construction and General Laborers' Union, questioned Mr. Henderson on several phases of the matter.

Supervisor McAteer asked Mr. Henderson if he did not believe that the General Foreman classification should receive more pay than the sub-foreman or other foreman positions under his supervision.

Mr. Henderson replied that the Civil Service Commission is bound by contract provisions of the Charter with respect to certification of rates.

Supervisor McAteer asked Mr. Henderson if he had the authority to recommend a 10% increase in compensation for the top foreman classification without the necessity of reference to existing contracts.

Mr. Henderson replied that only the Civil Service Commission has the power to certify rates and those only pursuant to the provisions of the Charter.

Supervisor McAteer queried Deputy City Attorney Thomas Blanchard as to the existence of any method whereby the Board of Supervisors could rectify an obvious inequity.

Mr. Blanchard stated that after talking to Mr. Henderson the Board could probably pass the pending measure next week as an emergency provided the emergency feature complied with the provisions of the Charter and with the further proviso that the Civil Service Commission would certify the higher rate for the top foreman position.

Privilege of the Floor.

There being no objection, the privilege of the floor was extended to Mrs. Molly Minudri, Attorney-at-Law, who expressed her opinions in the matter.

The roll was thereupon called on the measure as amended and it was *passed for second reading* by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ferdon, McAteer, McMahon, Rolph, Sullivan—8.

Absent: Supervisors Ertola, Halley, McCarty—3.

Request for Consideration by the Civil Service Commission.

Supervisor McAteer expressed the belief that the Civil Service Commission should make some sort of a recommendation increasing the compensation for the supervising foreman and requested Mr. Henderson to convey his request to the Commission for consideration at its meeting on Wednesday, July 17th, and that should it find that an inequity existed that a recommendation be forthcoming to the Board for consideration at its next regular meeting to be held on Monday, July 22nd.

Mr. Henderson assured Supervisor McAteer that his request will be conveyed to the members of the Commission.

File No. 15941-2, Ordinance No. (Series of 1939).

Referred to Finance Committee.

Resumption of Consideration of File No. 15946 Adding Certain Streets to List of One-Way Streets.

Supervisor Casey, Chairman of the Police Committee, narrated briefly on the history of the measure. He stressed the fact that the employer group representing the South of Market industries was strongly against the proposal to add portions of Howard and Folsom Streets to the one-way street pattern.

He accordingly moved, seconded by Supervisor Blake, that Howard Street, westbound, between The Embarcadero and Twelfth Street, and Folsom Street, eastbound, between Second and Twelfth Streets, be deleted.

Supervisor McAteer said he could not understand how the pending matter could come before the Board with a recommendation and then action taken to delete Howard and Folsom Streets without having the committee further study that particular phase of it, in view of the fact that so much objection to it existed.

Supervisor Casey replied that before further consideration to that particular phase could be given, the matter was called out of the Police Committee.

Substitute Motion.

Supervisor Dobbs moved as a substitute that the Board now resolve itself into a Committee of the Whole for the purpose of hearing from all interested parties. Motion seconded by Supervisor McAteer. Supervisor Dobbs however prefaced his motion by stating that although his policy has been to have all matters thoroughly heard in committee, this particular measure had presented unusual facets which called for a public hearing by the Board.

Communication.

The Clerk read a communication from the North of Market Merchants and Property Owners Association protesting making portions of Kearny and Stockton Streets and Grant Avenue, one-way streets.

The roll was thereupon called on the motion to resolve the Board into a Committee of the Whole and it *carried* by the following vote:

Ayes: Supervisors Dobbs, McAteer, McMahan, Rolph, Sullivan—5.

Noes: Supervisors Blake, Casey, Ferdon—3.

Absent: Supervisors Ertola, Halley, McCarty—3.

Privilege of the Floor.

The privilege of the floor was extended to the following:

Proponents:

Mr. James R. McCarthy of the City Planning Commission, representing the city's technical expert committee.

Mr. Philip Landis, Chairman of the Parking and Transit Council.

Mr. Karl Stull, representing the Retail Drygoods Association.

Opponents:

Charles L. Conlan, representing Committee of South of Market Industries.

John F. Quigley, representing the Drake-Wiltshire Hotel.

J. W. Walsh, Jr., representing Committee of South of Market Industries.

No other person expressed a desire to speak on the subject; accordingly, Supervisor Blake moved, seconded by Supervisor Sullivan, that the Committee of the Whole now convene as a Board of Supervisors.

No objection and motion *carried*.

Discussion.

Supervisor McAteer inquired of Mr. James R. McCarthy, representing the City's technical experts' committee, if the pending measure constituted an amended plan of the Master Plan.

Mr. McCarthy replied that the foregoing measure had been approved by the Public Utilities, Police and City Planning Commissions and it is a staff recommendation.

Supervisor McAteer asked Mr. McCarthy if the recommendation of the technical staff conformed with the Master Plan. Mr. McCarthy replied that such was the case.

Supervisor McAteer asked Mr. McCarthy if his committee was opposed to the deletion of those portions of Howard and Folsom Streets as shown in the measure. Mr. McCarthy replied that his committee was opposed to such deletion.

Amendment.

Supervisor Casey moved, seconded by Supervisor Blake, that as an amendment to the pending measure, Howard Street, westbound, between The Embarcadero and Twelfth Street, and Folsom Street, eastbound, between Second and Twelfth Streets, be deleted.

Supervisor McAteer: What disposition will be made of Howard and Folsom Streets since they are recommendations of the committee of technical experts?

Supervisor Casey: I don't know exactly what will develop. I will leave them as they are. If conditions warrant making them one-way streets, they will be considered in the future.

The roll was thereupon called on the amendment and it was *adopted* by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ferdon, McAteer, McMahon, Rolph—7.

No: Supervisor Sullivan—1.

Absent: Supervisors Ertola, Halley, McCarty—3.

The roll was thereupon called on the measure as amended and it was *adopted* by the following vote:

Supervisor McAteer presented:

File No. 14417-3

Referred to Judiciary Committee.

Requesting City Attorney to Prepare Charter Amendment to Delegate Power to Adjust Per Diem Rates in Schedule Submitted to It by the Civil Service Commission.

Supervisor McAteer: I ask that the City Attorney's Office prepare for me a Charter amendment to take care of a situation which arose here today in connection with the schedules of compensation. It seems to me that eight of us have nothing to do but to pass the measure, and to sit back and have a mandate come to us from the Civil Service Commission without the power of addition or deletion, is a condition which I believe should be remedied. I fully realize that the Civil Service Commission are experts in their field. I have a great deal of respect and confidence in the members of that particular Commission; however, it seems to me that when a matter is presented in the manner in which it was presented today, this Board should have certain powers to correct inequities when they appear.

City Attorney requested to prepare the legislation.

Supervisor Rolph informed the members of the Board that he had given the subject appeal very serious consideration and had studied the City Attorney's Opinion in connection therewith and expressed the opinion that it would be inappropriate to wait until Supervisor McCarty's return to the Board two weeks hence, and urged that the Board consider it as soon as possible.

No Board action taken.

Rescission of Board Action.

The President of the Board explained the status of the matter, advising the members that it has been determined that even with the exclusion of the Housing Authority property, insufficient signatures would still remain. Further, the City Attorney had ruled that the Board had no jurisdiction over the pending matter and recommended that the Board rescind its action whereby it had heretofore adopted the resolution fixing the date for hearing the subject appeal.

Accordingly, Supervisor Halley moved, seconded by Supervisor Casey, that the Board rescind Resolution No. 18000 (Series of 1939), entitled:

No objection and the *Clerk was directed to comply*.

(Note: Supervisor Ferdon subsequently, under Roll Call, introduced a Charter Amendment along the lines indicated above.)

(The City Engineer has reported to the Board under date of August 7, 1957, that the signatures on the appeal have been checked as to ownership of property within a radius of 300 feet of the property covered by this appeal, and it has been found that they represent less than the necessary twenty percent of the area.

The following are excerpt's from City Attorney's Opinion No. 984, dated August 19, 1955: "The report of the City Engineer is to be considered along with any communication on this subject on the part of the protestants, and a determination made as to whether the required twenty percent has been obtained. If the Board determines that the protest is subscribed by the owners of twenty percent of the property affected . . . the Supervisors shall fix a time and place for

hearing such objections which shall be not less than ten nor more than thirty days after the filing. That determination is made affirmatively or negatively by affirmative or negative vote on the resolution fixing the time and place for hearing. If the Board finds the necessary twenty percent has not been obtained . . . it cannot set a time and place for hearing.”)

ROLL CALL FOR THE INTRODUCTION OF MEASURES AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Request for Improvement of Conditions Existing in Vicinity of Fisherman's Wharf and Aquatic Park.

Supervisor Casey requested that the Clerk communicate with the proper city departments for (a) installation of traffic signals at the intersection of Taylor and Bay Streets; and (b) installation of a promenade landscape or walk-way on Taylor Street, from Bay Street to Fisherman's Wharf, and also from the Hyde Street Cable Car turntable (at the end of Hyde Street) to Aquatic Park.

Supervisor Ertola requested that more adequate street lighting be sought along said streets or walk-ways.

The President made two inquiries as to whether there were persons in the Chambers who desired to speak on the matter. No one responded.

The following recommendation of Streets Committee was taken up:

Legislation Considered Out of Order.

Supervisor Dobbs moved, seconded by Supervisor McMahon, that the rules be suspended for the purpose of considering the following recommendation of the Finance Committee out of order, because of its bearing on the measure relating to airport rates (File No. 16056-2).

No objection and motion *carried*.

Adopted.

Approving Supplemental Agreement Between the City and County and United Air Lines, Inc., for Use of Common Use Facilities at San Francisco International Airport.

File No. 16056, Resolution No. 18148 (Series of 1939).

(The foregoing is not a modification of United's lease but is a separate agreement whereby it agrees to pay sums in addition to the rates and charges under the terms of its 1947 lease.)

Discussion.

Supervisor Dobbs pointed out that the United Air Lines are not insisting on observance of their original agreement, and under the circumstances the Finance Committee felt it is making the best recommendation possible; that United Air Lines, Inc., is acting in

good faith and keeping its pledge to the voters of the Airport Bonds to make the Airport self-sufficient and place it in the black instead of the red.

Mr. Ross, the Controller, felt that the contract was not satisfactory due to the uncertain money market, and that it should contain a proviso whereby the Airport would be guaranteed rates commensurate with future increased costs of operation.

Commissioner Don Fazackerley, speaking for the Public Utilities Commission, went into the matter at length, and stipulated that officials of United Air Lines had shown very good faith and would probably agree to an adjustment if a situation developed that revenues did not cover the capital costs of the Airport.

Supervisor Halley asserted that the Board of Supervisors is charged with the responsibility of maintaining the solvency of the Airport in keeping with the pledge made to the voters of the Airport Bond Issue, and requested that he be assured by the Public Utilities Commission that within four years the people can expect a tax-free Airport.

Mr. Fazackerley assured him that such would be the case.

The roll was thereupon called on the pending measure and it was adopted by the following vote:

Ayes: Supervisors Blake, Dobbs, Ertola, Ferdon, Halley, McCarty, McMahon, Sullivan—8.

Absent: Supervisors Casey, McAteer, Rolph—3.

SPECIAL ORDER—2:00 P. M.

The following measures, placed on the calendar by direction of the board, were taken up:

Adopted.

Making a Finding of Necessity for Tax Subsidy in Connection With Proposed Amendment to the Schedule of Rates and Charges for Common Use Facilities at the San Francisco International Airport.

File No. 16055-1, Resolution No. 18153 (Series of 1939).

Discussion.

Supervisor Dobbs stated that the rates set forth in the Schedule are anticipated to produce approximately \$4,200,000 over a five-year period. All airlines will be included, except TWA, which is maintaining their rights under the existing lease.

Upon being queried with respect to the TWA contract, Mr. Fazackerley, speaking for the Public Utilities Commission, stated that the TWA contract was processed early last week and would be before his Commission within two weeks; that all contracts would be retroactive to July 1, 1957, and that there would be no loss of revenue involved.

President Ferdon directed attention to the last paragraph of the communication from the Public Utilities Commission, under date of August 14, 1957, with respect to this matter, and directed that it be made part of the record:

"The effect of the above rates, we feel, will fulfill the promise contained in the report to the electorate that if the \$25,000,000 bond issue were approved the airport would be financially self-sustaining within a reasonable length of time."

There being no further discussion, Supervisor Dobbs moved adoption of the pending measure; motion seconded by Supervisors McCarty and McMahon.

Adopted by the following vote:

Ayes: Supervisors Blake, Dobbs, Ertola, Ferdon, Halley, McCarty, McMahon, Sullivan—8.

Absent: Supervisors Casey, McAteer, Rolph—3.

Accordingly, Supervisor Sullivan moved that the description of the property be changed to reflect the correction. Motion seconded by Supervisor Ertola and, there being no objection, motion *carried*.

Roger D. Lapham, Jr., President of the City Planning Commission, spoke on behalf of the Commission.

James M. Glynn, representing the Cayuga Improvement Association.

Mrs. J. C. Roth.

Explanation of Voting Procedure.

The President of the Board explained that an "Aye" vote would grant the appeal and disapprove the ruling of the City Planning Commission; a "No" vote would approve the ruling of the City Planning Commission and deny the appeal.

The roll was thereupon called and the pending measure was *refused adoption* by the following vote:

Supervisor Dobbs objected to the practice of bringing the subject matter before the Board at the very last minute and to expect any member of the Board to assimilate the contents of 14 or more pages of the proposed Charter amendment during a Board meeting, is something difficult for him to understand. The matter should be re-referred to committee for further study. If the matter is put to a vote, he would vote against its submission.

Tax Rate Ordinance for the Fiscal Year Ending June 30, 1958.

File No. 16121, Ordinance No. . . . (Series of 1939).

(Rate—\$7.37.)

Statement by Supervisor Dobbs.

Supervisor Dobbs informed the Board that the 31-cent increase in the tax rate came to him as a distinct surprise since he was under the impression that miscellaneous revenues, together with the increase in assessments would preclude any appreciable increase. If his attention had been called earlier to the fact that a substantial increase in the tax rate was imminent, he would have taken action which would have resulted in economies in certain projects. He exhorted every member of the Board to watch this situation closely, and that future supplemental appropriations be scanned closely. He brought out the fact that increases in the tax rate would adversely affect industries in San Francisco. He pointed out that he had requested the Controller to keep the Finance Committee informed from time to time as to the city's fiscal status and expressed the hope that the Board members would take this matter more seriously in the future.

The President requested the Board's Cost Analyst to supply data for the weekly Board calendar which would detail the requests of the various appropriation measures, their necessity and steps which may be taken to avert their recurrence.

The President further pointed out that it was the responsibility of every member of the Board to keep the tax rate at a reasonable level.

Supervisor Halley pointed out that most of the increase in the tax rate represented items over which the Board had absolutely no control; and the Finance Committee had done a fine job with the budget and that if more cuts were possible, the Finance Committee would have made them.

The roll was thereupon called and the pending measure was *passed for second reading* by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McAteer, McCarty, McMahan, Rolph, Sullivan—11.

List of Priorities for Park Projects Eligible for State Tideland Funds.

Mayor Christopher addressed the Board briefly and called to the Board's attention the urgency in connection with the establishment of a list of priorities of park projects which would be eligible for State Tideland Funds. He stated that it was his opinion that the Board should consider the possibility of grouping a number of the smaller projects into one package and submit a bond issue therefor.

Mayor Christopher said that he had been informed that if the City did not make application for the available money in the near future the State would return the money to the Tideland Fund and reallocate it to some other city, and, in light of this probability, he was of the belief that the Board should: (1) either submit to the State Division of Beaches and Parks the No. 1 priority of the City, or (2) if the Board does not choose to submit the No. 1 priority then it might submit all four or five projects that are pending.

The Clerk presented a communication from his Honor, the Mayor, relative to the urgency of adopting an official policy in connection with park project priorities.

Communications.

The Clerk presented the following communications from Supervisor Halley:

September 19, 1957.

Honorable John J. Ferdon, President
Board of Supervisors
City and County of San Francisco
155 Montgomery Street
San Francisco, California

Mr dear John:

I have been informed by the public press and also informed by Supervisor McCarty that there will be submitted to the Board of Supervisors for its consideration at the meeting scheduled for Monday, September 23, 1957, a Letter of Intent addressed to a corporation that is purported to be owners of a baseball team called "New York Giants."

After consulting with my attorneys, Halley and Bechtold, and J. E. Halley, I am convinced that the forwarding of this Letter of Intent could be construed as an inducement to the officials of the National Baseball League to transfer its franchise to San Francisco. If such a Letter of Intent could be established as a prime factor in such inducement, any deviation from the letter or the suggested intent of the Letter of Intent could well become a cause for litigious procedures. I have attempted to receive a copy of this Letter of Intent and was informed that none was available at the present time.

As I have been excused from attendance at the meeting on Monday next, I wish to register a formal protest, as a member of the Board of Supervisors, to the signing of this Letter of Intent until such time as said Letter of Intent could be examined by the writer and be subjected to public examination at a hearing in a committee meeting of the Board of Supervisors.

I am greatly concerned, in view of what has transpired in a sister county, that any precipitate action by the Board of Supervisors without having the full facts of the entire transaction under consideration before them, might be considered as a violation of the principle of feaisance. Therefore, I respectfully request that this matter, at least, be sent to committee. In the event that it is decided to put the matter to roll-call, I again respectfully request that I be paged at the San Francisco Civic Auditorium where I will ask to be excused for the purpose of attending the Board meeting and to register my vote.

Yours sincerely,

JAMES LEO HALLEY, *Supervisor*
City and County of San Francisco

September 20, 1957.

Honorable John J. Ferdon, President
Board of Supervisors
City and County of San Francisco
235 City Hall
San Francisco 2, California

My dear John:

From reports found in the San Francisco press, those who are proposing that San Francisco enter into certain declarations of intent with reference to bringing big league baseball to San Francisco have

altered their course and now refer to a lease. I do not understand that San Francisco has a stadium to lease, in fact, it seems clear that we have not even acquired the land for a stadium. No one up to this time has informed me, or the Board, of any particulars justifying us in assuring the proposed tenant that we will have a stadium to lease to anyone.

It is apparent to me, and I believe to the public, that haste is being urged at the expense of mature consideration. The Board of Supervisors is being asked to commit San Francisco's tax-payers to an obligation exceeding ten millions of dollars and I, as a member of the Board of Supervisors do not intend rushing headlong into a situation where a transaction is not crystal clear to everyone and where the extent of San Francisco's liability is so uncertain. Therefore, I respectfully request that the Clerk of the Board, through your office, arrange for a verbatim report of the proceedings before any committee, or the Board of Supervisors, on any matter dealing with the above named project.

May I again call to your attention that the record discloses that I supported the five million dollar bond issue to provide a stadium for baseball in San Francisco when it became evident that a so-called "big league" tenant decided to come here, and I will continue to support any project that will bring big league baseball to San Francisco *providing* that the proposal is economically feasible and conforms to all lawful procedures associated with my duties as a public official.

Yours sincerely,

JAMES LEO HALLEY, *Supervisor*
City and County of San Francisco

The President stated that the Board did not have funds for a reporter to make a transcript, so a verbatim report would not be furnished by the City and County of San Francisco.

From the Recreation and Park Commission, declaring its policy regarding approval of the terms and conditions for leasing the proposed Bay View Park Stadium for major league baseball.

Referred to Finance Committee with directions that they act upon it at their regular meeting on Wednesday, September 25th, and return to the Board on September 30th.

Deleting Stockton Street, Southbound, Between Sutter and Post Streets, from List of One-Way Streets, All Times.

File No. 15746-1, Resolution No. 18324 (Series of 1939).

Discussion.

Supervisor Casey explained the measure.

The Director of Traffic, Captain Kiely, and Ross Shoaf of the Engineering Bureau spoke against the recommendation of the committee.

Supervisor Sullivan stated he would vote in favor of it.

Supervisor Halley spoke against it and moved that the measure remain on the calendar for a period of 120 days. Motion seconded by Supervisor McMahan.

Supervisor McCarty suggested that the measure be adopted and permitted an opportunity to see how it would work out.

Supervisor Casey reminded the Board that, in the event the measure proves to be unworkable, the Board could always rescind its action.

The roll was thereupon called on the motion to keep the measure on the calendar for 120 days and it *lost* by the following vote:

Ayes: Supervisors Blake, Halley, McMahan—3.

Noes: Supervisors Casey, Dobbs, Ertola, Ferdon, McAteer, McCarty, Rolph, Sullivan—8.

The roll was then called on the pending measure and it was *adopted* by the following vote:

Ayes: Supervisors Casey, Dobbs, Ertola, McAteer, McCarty, Rolph, Sullivan—7.

Noes: Supervisors Blake, Ferdon, Halley, McMahan—4.

Adopted.

The following recommendation of the Finance Committee was taken up:

Declaring Policy Regarding Approval of Terms and Conditions for Leasing of Proposed Bay View Park for Major League Baseball.

File No. 16217, Resolution No. 18340 (Series of 1939).

Supervisor Dobbs explained the history of the measure.

Supervisor Halley presented a letter from Halley and Bechtold, attorneys at law, commenting on the proposal to bring the New York Giants to San Francisco and recommending a procedure to follow in order to safeguard the city's interests.

Supervisor Halley asked City Attorney Dion R. Holm whether the pending measure contained safeguards sufficient to protect the city's interest in every possible way. Mr. Holm replied that the measure did contain such safeguards.

Supervisor Halley then asked whether the recommendations made by the Recreation and Park Commission were binding upon the Board of Supervisors. Mr. Holm replied that the Board of Supervisors had the final say with respect to determination of policy.

Supervisor Halley stated he was satisfied that the pending measure did contain sufficient safeguards in view of the statement made by the City Attorney that the original draft presented in the Board of Supervisors on September 23 has been changed and that the measure, as revised, had been considered at two meetings of the Finance Committee.

Request for Information.

Supervisor McAteer requested that the Clerk obtain for him a copy of the letter of intent written by the Mayor to Horace Stoneham, President of the New York Giants.

No objection and the *Clerk was directed to comply.*

Controller Harry D. Ross assured the Board members that just as soon as the entire baseball picture is clarified, with its many ramifications, financial data relating to same will be supplied each member of the Board.

The roll was thereupon called on the measure and it was *adopted* by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McAteer, McCarty, McMahan, Rolph, Sullivan—11.

Passage for Second Reading.

The following recommendation of the Police Committee was taken up:

Amending Sections 1134 and 1135, Chapter VIII (Police Code), Part II of the San Francisco Municipal Code, Relating to Rates of Fares for Sedans, Limousines and Taxicabs.

File No. 15798-1, Ordinance No. (Series of 1939).

September 10, 1957—Consideration continued to September 30, 1957.

Discussion.

Various members of the Board asked questions of both Mr. Paul Beck, Chief Valuation and Rate Engineer from the City Attorney's office, and of Mr. Nathan Cooper, representing the Utility Audits Division of the Controller's office, on various phases of the measure.

Supervisor Dobbs expressed the belief that the information gleaned from the Yellow Cab Company by Mr. Beck and Mr. Cooper has not been certified as being correct, and the company, based on their

figures, earned more money than its counterpart in Los Angeles. He suggested that the matter be re-referred to committee for further study.

Supervisor McCarty asked Mr. Beck if he considered the proposed rates constituted a fair return on the company's investment. Mr. Beck replied that he believed them to be proper and not exorbitant.

Supervisor McCarty declared that in the absence of error, the rates reported by Mr. Beck and Mr. Cooper appeared to be basically correct.

The roll was thereupon called and the measure was *passed for second reading* by the following vote:

Ayes: Supervisors Blake, Casey, Ertola, Ferdon, Halley, McAteer, McCarty, McMahan, Rolph, Sullivan—10.

No: Supervisor Dobbs—1.

Consideration of Off-Calendar Measure.

Supervisor Halley moved, seconded by Supervisor Rolph, that the rules be suspended for the purpose of considering the following off-calendar recommendation of the County, State and National Affairs Committee out of order.

Motion seconded by Supervisor Halley and *carried* by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Halley, McAteer, McMahan, Rolph, Sullivan—9.

Absent: Supervisors Ferdon, McCarty—2.

The roll was then called on the measure, as amended, and it was *adopted* by the following vote:

Absent: Supervisors Ferdon, McCarty—2.

The following recommendation of Public Health and Welfare Committee was taken up:

Urging the Board of Directors of the Bay Area Air Pollution Control District to Grant a 60-Day Extension of Time for the Prohibition of Open Dump Burning in the City and County of San Francisco.

File No. 9574-6, Resolution No. . . . (Series of 1939).

Discussion.

Supervisor Ertola explained that the extension would give the S. F. Salvage Association the time needed to discuss the problem of alternative solution with the Bay Area Air Pollution Control District.

Supervisor McMahan, a member of the Board of Directors of the Bay Area Air Pollution Control District, read a letter from the Air Pollution Control Officer, dated September 30, 1957, which transmitted a report concerning types of operations carried on by the S. F. Salvage Association; a partial summary of land-filled and disposal; a full summary on the businesses doing open burning or using it, and a standard statement on incinerators.

Thereupon, at the request of Supervisor McMahan, the letter hereinabove mentioned was ordered filed as part of the record.

Supervisor McMahan further stated that public hearings on open burning were first started in January of this year; that there have been many cases which were extended beyond the October 1 deadline for open burning; and that San Francisco would be put in bad light if it were to grant the extension to the Salvage Association at this late date.

Supervisor Ertola maintained that 1,000 men would be put out of work and that another 60 days' extension will have no harmful effect on the regulation of the Control District.

Supervisor McMahan stated that inasmuch as the Salvage Association had not attempted to resolve its problem during the six-month period prior to October 1, there was no indication that it would do so within a 60-day extension, and that many thousands of people in San Francisco are severely and adversely affected by open dump burning.

Substitute Resolution.

Supervisor McCarty stated he concurred with Supervisor McMahan and was opposed to an extension of 60 days, and proposed a substitute resolution to the effect that the Control District study any possible alternative solutions offered it by the S. F. Salvage Association. He moved the adoption thereof; seconded by Supervisor Ertola.

Supervisor McMahan expressed her opposition to the substitute resolution, stating that the Salvage Association problems could be resolved by the use of incinerators similar to those used in Los Angeles.

Substitute Resolution Lost.

Thereupon the roll was called on the substitute resolution, and said measure was *refused adoption* by the following vote:

Ayes: Supervisors Casey, Ertola, McCarty, Rolph, Sullivan—5.

Noes: Supervisors Blake, Dobbs, McMahan—3.

Absent: Supervisors Ferdon, Halley, McAteer—3.

Resumption of Consideration of Measure Relating to Taxicab Rates.

Discussion.

Supervisor McAteer inquired of Mr. Paul Beck, Chief Valuation and Rate Engineer of the City Attorney's office, as to the percentage of the gross revenues accruing to the Yellow Cab Company in California, applicable to administrative overhead. Mr. Beck replied that of the statewide 19½ million dollar gross, \$279,000 was chargeable to administrative overhead in California while \$97,000 was specifically chargeable to San Francisco.

To another query by Supervisor McAteer, Mr. Beck replied that he did not personally believe in the establishment of a point-to-point rate.

Amendment.

Supervisor McAteer moved the following amendment, to be inserted at the end of the last sentence, to read as follows:

"provided any taxicab operator filing with the Chief of Police a notice of intention to do so, may charge a maximum of \$2.50 for a point-to-point transportation within the City and County of San Francisco, and provided further, that said maximum fare shall be permanently displayed on and in each such taxicab." Motion seconded by Supervisor Dobbs, for the purpose of having the Board consider the motion.

Supervisor Dobbs expressed the opinion that any driver or owner should have the right to charge something less than the rates fixed in the ordinance, and thereupon asked Deputy City Attorney Thomas Blanchard whether it would be possible to insert language in the ordinance which would provide that a cab owner could charge something less than the rates fixed by ordinance. Mr. Blanchard stated he desired a few minutes to study the matter.

Supervisor Halley declared that he would take the recommendations of Mr. Paul Beck who is the rate expert for the City and County of San Francisco.

At this point, Deputy City Attorney Thomas Blanchard, in reply to Supervisor Dobbs' query above noted, stated that the Supervisor's proposed language could be incorporated in the ordinance.

Amendment to the Amendment.

Thereupon Supervisor Dobbs moved as an amendment to the amendment that in Section 1135 the language which reads "The rates of fare for taxicabs shall be as follows:" shall be amended to read "The *maximum* rates of fare for taxicabs shall be as follows:". Motion seconded by Supervisor McAteer.

Amendment Withdrawn.

There being no objection, Supervisor McAteer withdrew his amendment.

Supervisor McAteer asked Deputy City Attorney Thomas Blanchard whether, in the event of passage of Supervisor Dobbs' amendment to the amendment, taxicab operators could post signs in the interior of the cabs with respect to the applicable rates. Mr. Blanchard stated he felt that should the amendment to the amendment carry, the posting of such signs would be permissible.

Supervisor McCarty spoke against the amendment to the amendment, contending that its adoption would result in poor service. The cab drivers are now guaranteed \$247.45 per month. If there is no guarantee, the salaries will go below that.

Supervisor McAteer asked Deputy City Attorney Thomas Blanchard to review the contract to determine whether the drivers' guarantees would be adversely affected in the event the amendment is passed.

Mr. Blanchard expressed the tentative opinion that the amendments, if passed, would adversely affect the pension and vacation rights of the drivers, and Supervisor McAteer thereupon stated he would never jeopardize such rights of the employees involved and accordingly he withdrew his second given to Supervisor Dobbs' amendment.

Supervisor Dobbs stated that the pending measure possesses many ramifications which should be studied further in committee, including the amendments suggested by both Supervisors Dobbs and McAteer, and accordingly moved re-reference to committee. Motion seconded by Supervisor McAteer.

Substitute.

Supervisor Halley moved as a substitute, seconded by Supervisor Casey, that the measure remain on the Board calendar for a period of one week.

Motion lost by the following vote:

Ayes: Supervisors Blake, Casey, Ertola, Ferdon, Halley—5.

Noes: Supervisors Dobbs, McAteer, McCarty, Rolph, Sullivan—5.

Absent: Supervisor McMahan—1.

Supervisor McCarty stated that the pending measure should be passed and the company granted the relief that it seeks. He pointed out that the measure could be amended by the Board at any time.

Supervisor Casey stated he was opposed to the amendment to re-refer the matter to committee, emphasizing that he believed in the integrity of the City's rate expert.

Consideration temporarily postponed pending consideration of Special Order of Business.

Resumption of Consideration of Taxicab Measure.

Supervisor Sullivan expressed the opinion that no good purpose would be served by re-referring the matter to committee.

The roll was thereupon called and the motion to re-refer the pending measure to committee *lost* by the following vote:

Ayes: Supervisors Blake, Dobbs, Ferdon, McAteer, Rolph—5.

Noes: Supervisors Casey, Ertola, Halley, McCarty, Sullivan—5.

Absent: Supervisor McMahon—1.

Motion to Continue for One Week.

Supervisor Dobbs moved continuance for one week to permit the City Attorney's office to issue a ruling with respect to the effect on the labor contract in event amendments to the pending measure are passed.

Supervisor McAteer stated he was very much interested in knowing if certain pension and vacation benefits in the proposed contract would be adversely affected in event the point-to-point fare was approved.

Deputy City Attorney Blanchard declared that the pension and vacation rights in the proposed contract would be adversely affected in event the point-to-point amendment should pass.

Both Supervisors Halley and Casey stated they would vote against postponement for one week.

Supervisor Blake: If the pending measure is passed today and then subsequently a measure containing Supervisor McAteer's amendment is approved, would it affect the existing contract?

Mr. Blanchard: What effect a subsequent modification would have, I cannot say at this time.

The roll was thereupon called on the motion to defer consideration for one week and it *lost* by the following vote:

Ayes: Supervisors Blake, Dobbs, Ferdon, McAteer, Rolph—5.

Noes: Supervisors Casey, Ertola, Halley, McCarty, Sullivan—5.

Absent: Supervisor McMahon—1.

Motion Renewed.

Supervisor Dobbs renewed his motion to amend by adding the word "maximum" in Section 1135.

Motion lost for want of a second.

Supervisor McAteer stated that in view of the opinion of the City Attorney that the drivers' pension and vacation rights would be adversely affected in event that the proposed amendments to the pending measure were approved, it would be impossible for him to support the amendments. He did, however, point out that in his opinion the proposed rates would seriously affect the long-haul business.

Supervisor Dobbs declared that many people would be penalized by the Board's not approving a week's postponement for the purpose of eliciting further information; further, he was surprised that two members of the committee had indicated they were perfectly satisfied with the hearings already held.

Supervisor Ferdon stated that although he voted for the measure on first reading, he was now changing his vote.

The roll was thereupon called and the measure was *refused final passage* by the following vote:

Ayes: Supervisors Casey, Ertola, Halley, McCarty, Sullivan—5.

Noes: Supervisors Blake, Dobbs, Ferdon, McAteer, Rolph—5.

Absent: Supervisor McMahan—1.

Consideration Continued.

Rescinding Resolution No. 16909 (Series of 1939), Entitled "Authorizing Acquisition by Eminent Domain Proceedings of a Certain Portion of Assessor's Block 573, San Francisco, for Helen Wills Playground Addition."

File No. 14622-1, Resolution No. (Series of 1939).

Supervisor McMahon, Chairman of the Education, Parks and Recreation Committee, stated a petition from 600 persons had been received by the Board of Supervisors and was referred to the Committee for hearings. The petition protested the expansion of the Helen Wills Playground and asked for reconsideration of the resolution authorizing eminent domain proceedings for the acquisition of the property proposed to be taken for the expansion of the playground.

The Committee found that there was diminishing use of the facilities of the Helen Wills Playground, that the expansion was not warranted, and therefore recommends rescission of the resolution authorizing the eminent domain proceedings, and the deletion of that portion of the appropriation ordinance which authorized the expenditure of \$330,000 for the expansion of the playground and for the construction and installation of facilities.

Mr. Funke, General Manager of the Recreation and Park Department, stated that the Recreation and Park Commission strongly urges the enlargement of the Helen Wills Playground, the Commission's position being that the expansion is necessary to keep pace with the growing population of the neighborhood.

Supervisor Halley, seconded by Supervisor Sullivan, moved that the matter, because of the divergence of opinion, be continued two weeks for a personal survey by the members of the Helen Wills Playground and of its use.

Supervisor Rolph stated that he had spoken to the principals of St. Brigid School and the Spring Valley Elementary School and both indicated a need for this expansion, and moved re-referral to Committee so that these groups and others interested in the problem could express their views.

Supervisor Halley withdrew his motion and seconded the motion for re-referral.

Supervisor McMahon stated there was no objection to the legislation being held over, but no reason could be seen for re-referral to the Committee as several hearings and thorough consideration had been given to the matter.

Supervisor Dobbs, seconded by Supervisor Casey, moved a substitute motion for consideration to be continued two weeks and asked the members of the Board to visit the Helen Wills Playground in the interim.

The roll was thereupon called and motion *carried* by the following vote:

File No. 14387-9, Ordinance No. (Series of 1939).

Referred to Finance Committee.

Consideration of Proposal to Prohibit Fishing at Lake Merced as Well as Picnicking Along Its Banks.

Supervisor McCarty presented a communication from Homer A. Miles with editorials condemning the proposal to prohibit fishing at Lake Merced and picnicking along its banks after February of 1958.

Supervisor McCarty pointed out that such action, if placed into effect, would be harmful in that (1) it would affect the sale of fishing gear and appurtenances used in the catching of fish; it would deprive hundreds of youngsters as well as adults of the one enjoyable means of relaxing and would affect the sale of fishing licenses.

Supervisor McCarty asked that the matter be referred to the proper committee for consideration and study.

Referred to the Public Utilities Committee.

Veterans' Day Parade, November 10.

Supervisor Rolph urged the members of the Board to participate, if possible, in the annual Veterans' Day parade to be held on Sunday, November 10th.

Consideration Continued on Motion to Reconsider.

Appropriating \$19,935, City Attorney, from Emergency Reserve, for Expenses to Be Incurred in the Intervention in the Application of the Pacific Telephone and Telegraph Company for an Increase in Rates; an Emergency Measure.

File No. 16062-1, Ordinance No. (Series of 1939).

Mr. Holm, the City Attorney, explained the necessity for the enactment of the legislation to permit him to hire an outside expert to strengthen San Francisco's case in the litigation.

Supervisor McAteer remarked that he was not opposed to any of the appropriation except the \$8,000 for the hiring of an outside expert and as long as the amount was retained in the legislation he would vote against it.

The President inquired of the City Attorney whether the rate engineer in the City Attorney's office would be able to present the case or if it was absolutely imperative that the City secure an outside expert with a nation-wide reputation. Also, if the person the City Attorney had in mind as first choice were not available, would the other people under consideration possess the qualifications to represent San Francisco.

Mr. Holm replied that while the rate evaluation engineer in his own office was an efficient person, in this particular case the City must have a nationally known expert, one who knows the bond market and rates throughout the country. Without this type of expert it would be impossible for the City to present a favorable case. Any of the people under consideration will perform an excellent job.

Thereupon the roll was called and the vote was as follows:

Ayes: Supervisors Dobbs, Ertola, Ferdon, Halley, McCarty, McMahon, Rolph.

Noes: Supervisors Blake, McAteer, Sullivan.

Absent: Supervisor Casey.

Before the vote was announced Supervisor Halley changed his vote from "Aye" to "No" and gave notice that he would move to reconsider.

Thereupon the measure was *refused* final passage by the following vote:

Ayes: Supervisors Dobbs, Ertola, Ferdon, McCarty, McMahon, Rolph—6.

Noes: Supervisors Blake, Halley, McAteer, Sullivan—4.

Absent: Supervisor Casey—1.

Supervisor Halley, seconded by Supervisor Dobbs, moved that the vote by which the foregoing legislation was refused final passage be reconsidered.

Upon inquiry of Supervisor Halley through the Chair, Mr. Thomas Blanchard, Deputy City Attorney, remarked that the rules of the

Board of Supervisors state that the vote on a motion to reconsider could not be taken until the next regular meeting of the Board but such rule may be suspended by the affirmative vote of eight members of the Board.

Supervisor Halley, seconded by Supervisor Ertola, moved that the rules be suspended for the purpose of immediate reconsideration, and that when reconsidered the question should be divided.

Supervisor Dobbs stated that he did not believe that the question should be divided and that on roll call he would introduce legislation authorizing the appropriation out of funds other than the emergency reserve fund and deleting the declaration of an emergency.

Supervisor Halley requested permission to withdraw his motion for immediate reconsideration and the division of the question.

No objection and motion *withdrawn*.

Explanation.

Supervisor Dobbs explained that the foregoing measure is similar to the preceding item, which was discussed last week in the Board and before the Finance Committee, and was being submitted as a non-emergency ordinance requiring only six votes.

In response to several queries by Supervisor Blake regarding the percentage of increase sought by the telephone company, Supervisor Dobbs stated that a saving of one-tenth of one per cent in any increase of rates is equivalent to a \$250,000 savings to subscribers of telephones and he felt that the requested appropriation is a small amount to pay for safeguarding the rates.

The roll was thereupon called and the measure was *passed for second reading* by the following vote:

Noes: Supervisors Blake, Casey, McAteer, Sullivan—4.

Discussion.

Supervisor Casey objected to the suggested continuance, pointing out that the measure had been under study in committee for many months.

Supervisor Sullivan supported the stand of Supervisor Casey, likewise contending that much time and effort had been given the measure and that all interested parties had been heard and therefore saw no justification for any continuance.

Supervisor McAteer withdrew his second so that the merits and demerits of the measure could be discussed.

Supervisor Dobbs thereupon seconded Supervisor Ertola's motion for one week's continuance.

Statement Re Effort of Jefferson Elementary School District to Acquire Land in City and County of San Francisco for School Purposes.

Supervisor Halley mentioned that at the meeting of the State Allocation Board held at Sacramento on November 25th, discussion was had with respect to the desire of the Jefferson Elementary School of San Mateo County to acquire land within the City and County of San Francisco for school purposes. Since no agreement could be reached, the State Allocation Board took action authorizing release of funds only for the acquisition of land within the County of San Mateo. The Supervisor added that San Francisco would fight any encroachment attempts on the part of its neighboring county.

Supervisor McCarty stated that had he been in attendance at the regular Board meeting held on November 18th, he would have voted against the motion adopted by the Board petitioning the State Allocation Board to favorably consider that certain Site Utilization Plan for the General Pershing Elementary School of the Jefferson Elementary School District, Daly City. The Supervisor contended that Daly City is apparently not interested in compromises and that the Board should make it known that we are withdrawing from the controversy.

Supervisor Halley stated that in its present status, the matter reverts to the city's original position: that any encroachment would be litigated.

Supervisor Rolph stated that it is his understanding that San Mateo County wants ten acres of land, three of which are located in the City and County of San Francisco, on which to build an elementary school to house 450 students, while San Francisco is proposing to construct, close by, an elementary school to be designed to house 600 students on only three acres of land.

No further discussion on the subject was had.

Adopted.

Discussion on Open Dump Burning in San Francisco.

Supervisor Blake called the Board's attention to a recent meeting held by the San Francisco Air Pollution Control District on the subject of open dump burning in the Bay Area. He stressed the fact that the responsible city agencies were not cooperating to the point of enforcing local laws with respect to dump burning and if this condi-

tion continued to persist, other member counties of the District would refuse to cooperate any further.

The President suggested that Supervisor Blake arrange to talk to the Mayor, as the City's chief executive and enforcement official, so that ways and means may be found to be assured of cooperation from the interested city departments.

There being no objection, the Clerk was directed to communicate with the Mayor for the purpose of arranging a discussion on the subject with Supervisor Blake.

ADJOURNMENT.

There being no further business, the Board, at the hour of 4:25 p. m., adjourned.

Rescinding Resolution No. 16909 (Series of 1939), Entitled "Authorizing Acquisition by Eminent Domain Proceedings of a Certain Portion of Assessor's Block 573, San Francisco, for Helen Wills Playground Addition."

File No. 14622-1, Resolution No. 18556 (Series of 1939).

Supervisor Dobbs stated that the only matter before the Board was whether or not it was desirous of acquiring several pieces of property to be used for the construction of a softball diamond that would be substandard in size.

Supervisor McMahan, in response to inquiry by Supervisor McCarty, remarked that the money would be used for the purchase of the property, the leveling of the field, the construction of concrete retaining walls and the laying of an asphalt covering for the playground.

Supervisor McCarty stated that he believed if approximately one-third of a million dollars was to be spent, expanded facilities should be constructed which would be attractive to children. He further remarked that he believed the Recreation and Park Commission should reconsider the matter and submit new plans for the project.

Mr. James Lange, representing the Recreation and Park Department, explained the playgrounds served three schools, and that there were approximately 22,000 people residing within six square blocks of the playground. He further explained the money to be expended was not to be used for a softball diamond only, but was to be used for a multiple purpose area for a number of sports.

Adopted by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ferdon, McCarty, McMahan—6.

Noes: Supervisors Ertola, Halley, McAteer, Rolph, Sullivan—5.

Refused Passage for Second Reading.

Amending Ordinance No. 9621 (Series of 1939), Appropriating Funds from the 1955 Recreation Bond Fund for Development and Improvement of Recreation Areas and Playgrounds, by Amending the Title of Said Ordinance to Reflect a Reduction in the Total Appropriation of \$3,240,000 to \$2,910,000, and by Deleting from Section 1 of Said Ordinance the Sum of \$330,000 Allocated for the Helen Wills Recreational Facilities.

File No. 14267-1, Ordinance No. . . . (Series of 1939).

Mr. Blanchard, Deputy City Attorney, in response to inquiry of Supervisor Halley, stated the original ordinance appropriated \$330,000 for the specific purpose of Helen Wills Playground facilities, that this legislation would rescind the appropriation, the money returning to the unappropriated balance of the 1955 bond funds, and would again have to be appropriated for this purpose.

Supervisor Halley urged the members of the Board to vote against the proposed legislation on the grounds that the Recreation and Park Commission would then have to submit new plans for the expansion of the playground but the \$330,000 would still be allocated for that specific purpose.

Supervisor Blake in explaining his vote remarked that he was going to vote against the legislation because he felt that it would then be mandatory for the Recreation and Park Commission to present new plans for the expansion of the existing facilities.

Refused Passage for Second Reading by the following vote:

Ayes: Supervisors Casey, Dobbs, Ferdon, McCarty, McMahan—5.

Noes: Supervisors Blake, Ertola, Halley, McAteer, Rolph, Sullivan—6.

No objection and requested *granted*.

Progress Report—Mayor's World's Fair Committee.

President Ferdon stated that he had invited Mr. Leland Cutler, Chairman of the Mayor's World's Fair Committee, to attend the meeting to inform the Board of the progress being made.

Supervisor Halley now presiding.

There being no objection, the privilege of the floor was granted to Mr. Leland Cutler.

Mr. Cutler advised the Board that the Committee was working diligently on the proposal and, in view of the difficulties Seattle was experiencing, that San Francisco was in an excellent position to be successful in its efforts to secure the world's fair.

Legislation Considered Out of Order.

There being no objection the following matter was taken up out of order.

Refused Final Passage.

The following recommendation of Police Committee, heretofore considered, was taken up:

Amending Sections 1134 and 1135, Chapter VII (Police Code), Part II, of the San Francisco Municipal Code, Relating to Rates of Fare for Sedans, Limousines, and Taxicabs.

File No. 15798-1, Ordinance No. (Series of 1939).

The Clerk presented a communication from the Controller stating that a review of the annual report of Yellow Cab Company and subsidiaries, prepared by Peat, Marwick, Mitchell & Co., had been made and the results lead to the conclusion that a material change in the Controller's report of July 22nd is not justified.

Filed.

Supervisor Casey explained that the request for an increase in rates of fare results from the new agreement signed with the Chauffeur's Union which provides for an increase in wages, vacations and pension benefits. He further advised the Board that he had been informed by a representative of the Chauffeur's Union that rejection of such increase might lead to a strike vote by the taxicab drivers. Also, that Marvin E. Lewis, representing the independent cab companies, had stated if a point to point rate of \$2.50 was established the independents would withdraw their objection to the increase, and if such rate was not allowed that consideration should be given to the establishment of a maximum rate.

Supervisor McCarty explained the record revealed that on September 30, 1957, the legislation was passed for second reading, that on October 7, 1957, there was a five to five vote and the City Attorney ruled that that was an annulity and the matter was re-referred to committee. Supervisor McCarty requested he be informed of the present status of the legislation.

Mr. Blanchard, Deputy City Attorney, explained that the legislation was before the Board on "Question on Final Passage."

Supervisor Dobbs stated, if the Board is going to act as a rate making body, he believed that it had the responsibility of investigating the statements of the cab companies. That the Board should have a true audit of the operation of the companies. Also, he

believed that it was a question of allocation of costs and where a cab company operates in other cities the Board must be doubly certain as to how the allocation of costs is related to San Francisco.

The Chair suggested in order to properly place the legislation before the Board that the action of October 7th, whereby the Board refused to finally pass the legislation, be rescinded.

Supervisor Casey, seconded by Supervisor Ertola, moved that the Board rescind its action of October 7th whereby it refused to finally pass the legislation relating to rates of fare for sedans, limousines and taxicabs.

Motion carried by the following vote:

Ayes: Supervisors Casey, Ertola, Halley, McCarty, McMahon, Rolph, Sullivan—7.

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

MONDAY, DECEMBER 16, 1957—2:00 P. M.

In meeting of Board of Supervisors, San Francisco, Monday, December 16, 1957, 2:00 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Blake, Casey, Dobbs Ertola, Ferdon, Halley, McAteer, McCarty, McMahan, Rolph, Sullivan—11.

Quorum present.

President John J. Ferdon presiding.

Presentation of Guests.

The President announced the attendance of the following guests:

Mr. W. O. Graicher, representing the West of Twin Peaks Central Council.

Mr. Gerald Wyckoff, accompanied by a number of students from the Senior Civics Class of Mission High School.

Approval of Journal.

There being no objection, the Journal of Proceedings for Monday, December 2, 1957, was considered read and approved.

UNFINISHED BUSINESS.

Adopted.

The following recommendation of the Police Committee, heretofore considered, was taken up:

Adding Intersections of Geary Boulevard to List of Street Intersections from Which Left-Hand Turns Are Prohibited at All Times.

File No. 15747, Resolution No. 18573 (Series of 1939).

(Into Collins and Parker Avenues, Arguello Boulevard, Second, Fifth, Sixth, Ninth, Tenth, Funston, Fourteenth, Sixteenth, Seventeenth, Twentieth, Twenty-first, Twenty-fourth, Twenty-fifth, Twenty-eighth, Twenty-ninth and Thirty-second Avenues.)

Discussion.

Supervisor Casey, on request for an explanation by Supervisor McAteer, stated that the matter had been heard in the Police Committee and that the departments of the City Government entrusted with the responsibility of traffic movement and flow have unanimously recommended the proposal. Referring to the apprehension expressed by Dr. Edward V. O'Gara, General Chairman of the United

Committee for Geary Boulevard Parking, on behalf of Park-Presidio Civic Club and the Geary Boulevard Merchants Association, regarding the possible elimination of angle parking due to the proposed 14-foot center strip, Supervisor Casey maintained that so far as the Police Committee is concerned, it will not deprive the merchants in the area of angle parking. That the sidewalks were to be reduced, making Geary Boulevard one of the widest streets in the city.

Supervisor Ertola stated that a 6-foot center strip was considered sufficient by the merchants of the area, and asked Mr. Thomas Blanchard, Deputy City Attorney, whether the Board of Supervisors has any jurisdiction in deciding the width of the center strip.

Mr. Blanchard stated that in a previous opinion issued in connection with a similar situation on Forty-fourth Avenue near Sloat Boulevard, it was determined that a center strip (traffic control island) was a traffic control device, that the Police Commission under Section 35 of the Charter has the power to regulate traffic, including the location and use of traffic control devices for that purpose, and that the Board of Supervisors has no power to act thereon.

Supervisor Rolph inquired whether it was proposed to make an easier flow of traffic or to handle more traffic on Geary Boulevard.

Mr. Duckel, Director of Public Works, stated that they were trying to achieve the best traffic flow and felt that it would be accomplished by the adoption of the proposed measure.

Supervisor Rolph suggested consideration of the point previously brought up by Supervisor Casey, to the effect that merchants on Geary Boulevard propose that the center strip be modified to a 6-foot strip and that left-hand turns be permitted at intersections except at rush hours when they would be regulated by neon signs as on Lombard Street.

Mr. Duckel explained that Lombard Street has a width of 100 feet, as compared with 125 feet on Geary Boulevard and Van Ness Avenue, the latter of which is now equipped with 14-foot center strips, and left-turn havens. Left-turn havens would also be constructed on Geary Boulevard, thereby permitting left-hand turns even during peak hours.

Motion for Privilege of the Floor.

Supervisor Rolph expressed the feeling that the matter was of vital concern to the merchants of Geary Boulevard, and moved that the privilege of the floor be extended to Dr. O'Gara and others in order that both sides may be heard.

Supervisor McMahon opposed the motion, stating that the matter had been fully and properly considered in committee, and that nothing could be gained by hearing from the opposition.

The Chair ruled, as there was opposition to the proposed motion, the privilege of the floor could not be granted.

Motion defeated.

Supervisor Dobbs Excused from Voting.

Supervisor Dobbs requested that he be excused from voting due to his interest in certain businesses on Geary Boulevard.

No objection, and Supervisor Dobbs was *excused from voting.*

Explanation of Vote.

Supervisor Rolph stated that he was going to vote against the proposal on the ground that he doesn't feel there has been sufficient showing that the full grounds of opposition have been presented to the entire Board.

Statement of Supervisor Casey.

Supervisor Casey stated that the matter was thoroughly discussed in the Police Committee of which he is the Chairman; that no one was shut off regardless of the number of times he spoke and that everyone completely spoke himself out on the matter. He objected to the inference that equal opportunity wasn't afforded the opposition on the matter.

The roll was thereupon called and the pending measure was adopted by the following vote:

Ayes: Supervisors Casey, Halley, McAteer, McCarty, McMahon, Sullivan—6.

Noes: Supervisors Blake, Ertola, Ferdon, Rolph—4.

Excused from voting: Supervisor Dobbs—1.

Re-reference to Committee.

The following recommendation of Finance Committee, heretofore considered or Passed for Second Reading, was taken up:

Amending Ordinance No. 4537 (Series of 1939), Purchase and Use Tax Ordinance, by Adding Section 18.2 Thereto, Providing for an Exemption from Tax on Purchases of Property Used in Connection With Public Works Under Contracts for Such Work Executed Prior to October 1, 1956.

File No. 14387-9, Ordinance No. (Series of 1939).

Supervisor McCarty moved re-reference to Finance Committee for further study; seconded by Supervisor Dobbs and, there being no objection, motion *carried*.

NEW BUSINESS.

Legislation Taken Up Out of Order.

Supervisor Dobbs, seconded by Supervisor McMahon, moved that the rules be suspended for the purpose of considering the following recommendations of the Finance Committee out of order.

No objection and motion *carried*.

Adopted.

Approving Form of Agreement, and Other Documents Including Operating Lease, Between the City of San Francisco Uptown Parking Corporation and the City and County for Acquisition of Site and Construction of the Sutter-Stockton Public Parking Facility.

File No. 14262-5, Resolution No. 18571 (Series of 1939).

(Details included, among others:

City to acquire and provide site, estimated cost \$2,150,000; construction of garage, approximately 950 stalls, to be privately financed; City to establish parking rates; term of lease, 50 years; Board to select bid most beneficial to City.)

Supervisor Ferdon Excused from Voting.

Supervisor Ferdon stated that his law firm had an interest in the matter and wished to be excused from voting on the pending measure.

No objection, and Supervisor Ferdon was *excused from voting*.

Supervisor McAteer Chairman Pro Tempore.

By direction of the Chair, Supervisor McAteer was appointed Chairman Pro Tempore during consideration of the pending and following measure.

Discussion.

Supervisor McAteer questioned the rates to be charged per hour, and was informed by Supervisor Dobbs that the higher rates to be charged were necessary to satisfy the loan obligation, and could be reduced when the loan was liquidated.

Mr. Vining T. Fisher, General Manager, Parking Authority, stated the gross business of St. Mary's Square Garage is approximately 40 per cent greater than anticipated.

In response to a query as to whether there would be a reduction of rates, Mr. Fisher stated that it would be up to the lessee, who is under no obligation to do so.

Supervisor McAteer questioned the reason for the Board of Supervisors not having the power to approve leases between lessee and sub-tenants, as outlined in item 10 on page 2 of the report dated December 11, 1957, on the proposed agreement, lease and bid forms.

He was informed that the Director of Property is charged with the responsibility of approving sub-leases, which has been considered sufficient to protect the interests of the City and County.

Supervisor Blake inquired as to the length of time it would take to complete the project, and was told by Mr. Fisher that it would take approximately six months to complete the purchase of the property required and approximately one year after start of construction, and that everything possible would be done to avoid any undue delay.

Statement.

Supervisor Blake requested that it be made part of the record that a year and a half from today the Board members will be able to review these proceedings and assure themselves that, as stated here today, the garage is in operation.

There being no objection, *so ordered*.

Thereupon the roll was called and the pending measure was adopted by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Halley, McAteer, McCarty, McMahan, Rolph, Sullivan—10.

Excused from voting: Supervisor Ferdon—1.

Approving Recommendations of the Parking Authority for Acquisition of Sutter-Stockton Public Off-Street Parking Site, and Authorizing Clerk of the Board to Request an Appropriation Therefor in Sum of \$2,150,000 from the 1947 Off-Street Parking Bond Fund.

File No. 14262-6, Resolution No. 18572 (Series of 1939).

Adopted by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Halley, McAteer, McCarty, McMahan, Rolph, Sullivan—10.

Excused from voting: Supervisor Ferdon—1.

President John J. Ferdon Presiding.

President John J. Ferdon resumed the Chair.

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

MONDAY, DECEMBER 23, 1957—2:00 P. M.

In meeting of Board of Supervisors, San Francisco, Monday, December 23, 1957, 2:00 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Blake, Casey, Dobbs, Ertola, Halley, McAteer, McMahon, Rolph, Sullivan—9.

Absent: Supervisors Ferdon, McCarty—2.

Quorum present.

President Pro Tem. Supervisor McMahon presiding. (See below.)

Supervisors Ferdon and McCarty excused from attendance. (See below.)

Appointment of President Pro Tem.

Supervisor Halley moved, seconded by Supervisor Ertola, that Supervisor McMahon be appointed President Pro Tem.

No objection and motion *carried*.

Supervisors Ferdon and McCarty Excused.

President Pro Tem. Supervisor McMahon reminded the Board that it had, at its meeting held on December 16th, excused Supervisors Ferdon and McCarty from attendance at today's meeting.

Approval of Journal.

There being no objection, the Journal of Proceedings for Monday, December 9, 1957, was considered read and approved.

Legislation Considered Out of Order.

Suspension of Rules.

Supervisor McAteer moved, seconded by Supervisor Rolph, that the rules be suspended for the purpose of considering the following calendar measure out of order.

No objection and motion *carried*.

Consideration Continued.

The following measure, called from the Police Committee by Supervisor McAteer, was taken up:

Amending Article 16, Chapter VIII (Police Code) Part II of the San Francisco Municipal Code, Relating to Regulation of Public Passenger Vehicles, by Adding Thereto Section 1078.1, Excepting Airport Ground Transportation Operator from Taxi License Requirements. File No. 15737, Ordinance No. . . . (Series of 1939).

Motion to Continue Consideration.

Supervisor Casey moved, seconded by Supervisor Dobbs, that consideration be continued until such time as the full Board is in attendance.

Supervisor McAteer opposed the motion to defer consideration.

Supervisor Rolph reminded the Board that Supervisor McAteer would attend only three more regular meetings of the Board, that there was no assurance that the full Board would be in attendance at any of the meetings prior to his retirement, and would therefore go along as opposing the motion to continue consideration. He also based his opposition on the fact that the members of the Public Utilities Commission were in attendance, that the matter had been publicly announced for hearing before the Board today, and that while normally he would prefer a full Board on all matters, he was making an exception in this case.

Both Supervisors Ertola and Sullivan expressed opposition to postponement.

Supervisor Blake stated he felt the members present today were adequate in number to permit the handling of the measure efficiently.

Supervisor Halley called the Board's attention to the fact that the motion to defer consideration did not contain a time certain. The Clerk, upon questioning, expressed the opinion that under the circumstances such a motion should contain a specific time.

Accordingly, there being no objection, Supervisor Casey amended his motion to provide for continuation of consideration of the pending measure to December 30, 1957. Motion seconded by Supervisor Dobbs and *lost* by the following vote:

Ayes: Supervisors Casey, Dobbs, McMahan—3.

Noes: Supervisors Blake, Ertola, Halley, McAteer, Rolph, Sullivan—6.

Absent: Supervisors Ferdon, McCarty—2.

Motion for Passage to Second Reading.

Supervisor McAteer moved, seconded by Supervisor Sullivan, that the pending measure be passed to second reading, in order to bring it properly before the Board.

Committee of the Whole.

Supervisor McAteer moved, seconded by Supervisor Sullivan, that the Board now resolve itself into a Committee of the Whole for the purpose of hearing from all interested parties.

Motion carried by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Halley, McAteer, McMahan, Rolph, Sullivan—9.

Absent: Supervisors Ferdon, McCarty—2.

Query.

Supervisor Halley asked Thomas Blanchard, Deputy City Attorney, whether passage of the pending measure would in any way interfere with the existing contracts between the Public Utilities Commission and the Airport taxicab operator. Mr. Blanchard replied in the negative.

Privilege of the Floor.

The privilege of the floor was extended to the following:

Proponents:

Joseph Martin, Jr., President of the Public Utilities Commission.

Mr. Martin expressed the hope that the Board would find a solution to the problem and declared his Commission was satisfied with the contents of the pending measure.

The Clerk was instructed to read the minutes of the meetings of the Public Utilities Commission held on May 28, June 6 and July 9, 1956, having to do with the calling of bids for transportation privileges from the San Francisco Airport.

Mr. Martin was interrogated by members of the Board.

Joseph L. Alioto, Counsel, representing the Barrett Transportation Company.

It developed in the course of discussion that Mr. Alioto was willing to stipulate that his company would reduce the fare \$.50 each way provided it was given the authority to transport passengers to the Airport.

Supervisor Casey asked that members of the Police Commission be requested to attend the Board meeting and to state their position with respect to the pending legislation. However, it developed that the members could not do so but promised to be in attendance at the next regular Board meeting to be held on December 30th with a statement of policy.

Motion to Rise and Report.

Supervisor Dobbs moved, seconded by Supervisor McAteer, that the Board now rise and report.

No objection and motion carried.

Consideration of Legislation Out of Order.

Suspension of Rules.

Supervisor Dobbs moved, seconded by Supervisor Casey, that the rules be suspended for the purpose of considering the following calendar matters out of order.

No objection and motion *carried*.

Adopted.

The following recommendation of Finance Committee was taken up:

Authorizing and Directing the Controller to Draw Warrant in Favor of Joseph Guiliacci and Melvin Belli in Sum of \$30,669.74, Net Amount Due in the Case of Guiliacci vs. Rattler, et al., Superior Court No. 441046.

File No. 16498, Resolution No. 18589 (Series of 1939).

Adopted by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Halley, McAteer, McMahan, Rolph, Sullivan—9.

Absent: Supervisors Ferdon, McCarty—2.

Granting Permission for Use of Board's Facilities.

There being no objection, permission was granted the City Engineer to use the Board's chambers on December 27th between 9:00 and 11:00 a. m., in connection with discussion on new big league baseball park.

Committee of the Whole.

Supervisor McAteer moved, seconded by Supervisor Halley, that the Board again resolve itself into a Committee of the Whole for the purpose of considering the proposed measure heretofore considered, relating to exempting Airport ground transportation operator from taxicab license requirements of the Police Code.

No objection and motion *carried*.

Privilege of the Floor.

The privilege of the floor was extended to the following:

Opponents:

Lloyd Ackerman, Counsel for the Yellow Cab Company. Mr. Ackerman charged that passage of the proposed measure would be illegal and unconstitutional since it would deny to the currently licensed taxicab operators equal protection of the law by giving to the Airport taxicab operator an economic advantage over the currently licensed taxicab operators, said advantage being an exclusive right to pick up passengers at the Airport.

Anthony Cancilla, Secretary-Treasurer of the Chauffeurs' Union.

Roy Jones, President, DeSoto Cab Company.

Albert E. Morris, Veterans' Cab Company.

Rebuttal.

Rebuttal time was accorded both sides to the controversy.

Mr. Alioto, attorney for the Barrett Transportation Company, said his company was willing to put into effect a reduction of \$1.00 in the round trip charge from and to the Airport, 50 cents each way.

Joseph Martin, Jr., of the Public Utilities Commission stated he believed the Barrett Transportation Company could place a \$2.00 reduction in effect.

To this, Mr. Alioto stated that once the \$1.00 reduction was placed into effect, a study could be entered into later on with a view of possibly effectuating a further reduction.

Supervisor McAteer asked Mr. Alioto if the Barrett people would immediately, upon passage of the pending measure, reduce fares by fifty cents each way, to and from the Airport. Mr. Alioto replied that his firm would do so, and added that if a later investigation disclosed the advisability of reducing the fares even further, they would be so reduced.

To a further query, Mr. Alioto stated he saw no objection to reducing the foregoing statements about reduction in fares to writing.

Motion to Rise and Report.

Supervisor Halley moved that the Committee of the Whole now rise and report. Motion seconded by Supervisor Dobbs and *carried* by the following vote:

Ayes: Supervisors Blake, Dobbs, Ertola, Halley, McAteer, McMahon, Rolph, Sullivan—8.

Absent: Supervisors Casey, Ferdon, McCarty—3.

Opinions Requested.

The following requests for opinion of the City Attorney were made by various members of the Board:

(1) Is the Board, in discussing and entertaining offers from the Airport taxicab contractor to reduce fares for trips from the Airport to San Francisco, acting in violation of Charter Section 22 by interfering with a Public Utilities Commission contract? (Supervisor Halley.)

(2) Are oral representations made to the Board by the Airport taxicab contractor, to the effect that certain fare reductions will be made effective immediately upon enactment of the proposed ordinance, of binding effect on the contractor? If reduced to writing, will they be of binding effect on the contractor? If reductions are made effective will they derogate from the terms of the contract by reducing the amount of percentage payments to the City? (Supervisor Casey.)

(3) Is the proposed ordinance unconstitutional since it would deny to the currently licensed taxicab operators equal protection of the

law by giving to the Airport taxicab contractor an economic advantage over the currently licensed taxicab operators, said advantage being an exclusive right to pick up passengers at the Airport? (Supervisor McMahon.)

(4) Where a contract is awarded upon competitive bidding by a public agency such as the Public Utilities Commission, with the invitation for bids prescribing the terms upon which the contract will be entered into, may the terms of such contract be altered subsequently by the parties, to the advantage of the private contractor, without committing a wrong with respect to those who might have bid, or those who did in fact bid on the original basis, had the terms of the contract been as subsequently amended? (Supervisor McMahon.)

(5) Does the rate-fixing authority of the Board of Supervisors extend to fixing precise taxicab fares to be charged from any point in San Francisco to the Airport? Will an amendment of existing pertinent sections of the Police Code be required for such purpose? Should the answers be in the affirmative, draft of an appropriate amendment, leaving the fares unspecified, is respectfully requested. (Supervisor Halley.)

(6) Should the Board of Supervisors prescribe in the proposed ordinance a specific fare applicable to trips from San Francisco to the Airport, will it, in effect, unlawfully alter or modify the existing contract between the Public Utilities Commission and the Airport taxicab contractor? (Supervisor McMahon.)

No objection and the *Clerk was directed to comply.*

Motion.

Supervisor Dobbs expressed the thought that there should be incorporated in the proposed ordinance an amendment delineating the actual fares to be charged to and from the Airport by the contract operator, specifying precise charges. He thereupon moved that the City Attorney be requested to draft such an amendment, and also an amendment to the contract between the Public Utilities Commission and the operator.

There being no second to the foregoing motion, motion *failed for lack of a second.*

Motion to Defer Consideration.

Pending receipt of information from the City Attorney, Supervisor Dobbs moved consideration of the subject measure be deferred for a period of one week. Motion seconded by Supervisor Halley.

Supervisor Blake stated he could not vote for the measure until he had concrete, tangible evidence of a rate reduction and accordingly would vote for deferment.

Supervisor Rolph said he would go along with the postponement in order to get the answers to the several questions mentioned hereinabove.

The roll was thereupon called on the motion to defer consideration for one week and it *carried* by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Halley, McMahon, Rolph—6.

Noes: Supervisors Ertola, McAteer, Sullivan—3.

Absent: Supervisors Ferdon, McCarty—2.

Consideration of Legislation Out of Order.

Suspension of Rules.

Supervisor Halley moved, seconded by Supervisor Rolph, that the rules be suspended for the purpose of considering the following calendar measure out of order.

No objection and motion *carried.*

Adopted.

The following recommendation of County, State and National Affairs Committee was taken up:

Memorializing the State Department of Public Works to Defer Action on Removal of Rails from the San Francisco-Oakland Bay Bridge Pending Submission of Plans for a Rapid Transit System for the Bay Area Rapid Transit District.

File No. 9671-2, Resolution No. 18604 (Series of 1939).

Adopted by the following vote:

Ayes: Supervisors Casey, Dobbs, Ertola, Halley, McAteer, Rolph, Sullivan—7.

No: Supervisor McMahan—1.

Absent: Supervisors Blake, Ferdon, McCarty—3.

Rescission of Board Vote.

Supervisor Dobbs moved, seconded by Supervisor Casey, that the Board rescind its action whereby it had heretofore adopted the subject measure, to permit Supervisor Blake an opportunity to pose certain questions.

No objection and motion *carried*.

Supervisor Blake asked questions of Supervisor Halley. Supervisor Blake expressed apprehension over the possibility that a decision might not be forthcoming with respect to the removal of the rails for quite some time and called the Board's attention to the fact that traffic on the bay bridge has been increasing by leaps and bounds and that city agencies should study the matter with a view to recommending use for the bridge rails at the earliest possible moment.

The roll was thereupon called and the measure was *adopted* by the following vote:

Ayes: Supervisors Casey, Dobbs, Ertola, Halley, McAteer, Rolph, Sullivan—7.

Noes: Supervisors Blake, McMahan—2.

Absent: Supervisors Ferdon, McCarty—2.

Supervisor Rolph to Be Excused.

There being no objection, Supervisor Rolph was granted permission to excuse himself from Board attendance at 6:40 p. m.

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

MONDAY, DECEMBER 30, 1957—2:00 P. M.

In meeting of Board of Supervisors, San Francisco, Monday, December 30, 1957, 2:00 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McAteer, McCarty, McMahan, Rolph, Sullivan—11.

Qorum present.

President John J. Ferdon presiding.

Introduction of Distinguished Visitor.

The President of the Board welcomed Mr. Grover S. Tracy, representing the West of Twin Peaks Central Council.

SPECIAL ORDER—2:00 P. M.

Assessment Confirmed.

Hearing of Protests—Improvement of University Street Between Olmstead Street and a Point 250 Feet Northerly Therefrom, and the Construction of a Sewer Between Olmstead and Dwight Streets.

File No. 13932

The President inquired if there was any one present who desired to protest the assessment.

There being no response, the Board thereupon, on motion of Supervisor Blake, seconded by Supervisor Halley, by unanimous vote *confirmed the assesement* and directed the Clerk of the Board to so inform the Director of Public Works.

SPECIAL ORDER—2:00 P. M.

Assessment Confirmed.

Hearing of Protests—Improvement of Mansell Street Between Somerset and Goettingen Streets, Including the Crossing of Mansell and Somerset Streets.

File No. 15835

The President inquired if there was any one present who desired to protest the assessment.

Mrs. Caroline Bosel, residing at 324 Mansell Street, appeared and protested orally the improvement on the basis that the manner in which the work was done denied her means of ingress and egress from her home.

Inquiry by the Chair educed the fact that Mrs. Bosel had failed to make a written protest as required by the provisions of the Street Improvement Ordinance of 1934.

Mr. Edward J. Tracey, General Contractor, stated that he had done the work in accordance with the plans and specifications of the Department of Public Works, and, inasmuch as a certificate of completion had been approved by the Director of Public Works, he believed he was now entitled to be paid the contract price.

Mr. Lloyd Whaley, representing the Department of Public Works, remarked that the protest stems from the fact that the property owners had placed some red rock in the roadway and after the work was completed the contractor did not replace it, and it was the contention of the Department of Public Works that he was not required to replace it.

Thereupon, on motion of Supervisor Blake, seconded by Supervisor Halley, the Board by unanimous vote *confirmed the assessment* and directed the Clerk of the Board to so inform the Director of Public Works, and also notify him that Mrs. Bosel appeared and made a verbal protest.

SPECIAL ORDER—2:00 P. M.

Hearing of Appeal from the Decision of the City Planning Commission by Its Resolution No. 4780, Disapproving Application to Rezone Property Located on the Northeast Corner of Parnassus and Hillway Avenues from Second Residential District to Commercial District.

File No. 16459

Privilege of the Floor.

The privilege of the floor was accorded to the following:

Ben K. Lerer, attorney at law, representing the appellant.

Roger D. Lapham, Jr., President, City Planning Commission.

Harold Shain, representing some of the property owners protesting the proposed rezoning.

Eugene Camptou, protesting the proposed rezoning.

Rebuttal time was accorded both sides of the issue.

Refused Adoption.

The Clerk read the following:

Disapproving Decision of the City Planning Commission by Its Resolution No. 4780, Denying Application to Rezone Property Located on the Northeast Corner of Parnassus and Hillway Avenues from Second Residential District to Commercial District.

File No. 16459-2, Resolution No. . . . (Series of 1939).

Supervisor Sullivan, seconded by Supervisor Ertola, moved adoption.

Explanation of Parliamentary Procedure.

The Chair explained the parliamentary procedure as follows: "An 'aye' vote will disapprove the decision of the City Planning Commission and rezone the property; a 'no' vote will approve the decision of the City Planning Commission and deny the rezoning. It requires 8 'aye' votes to override the decision of the City Planning Commission."

Refused adoption by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Halley, McAteer, McCarty—7.

Noes: Supervisors Ferdon, McMahon, Rolph, Sullivan—4.

Legislation Considered Out of Order.

There being no objection the following recommendation of the Public Buildings, Lands and City Planning Committee was taken up out of order.

(Supervisor Rolph dissenting from recommendation.)

Adopted.

Directing the Public Buildings, Lands and City Planning Committee of the Board of Supervisors to Amend the Proposed Comprehensive Zoning Ordinance by Deleting Therefrom Section 22, which Specifies the Ratio of the Aggregate Gross Floor Area of a Building to the Area of the Lot upon which the Building Is Located.

File No. 4608-1, Resolution No. 18605 (Series of 1939).

Communications.

The Clerk presented the following communications:

From the Northern California Chapter, American Institute of Architects, the Cow Hollow Improvement Club and the San Francisco Planning and Housing Association, requesting postponement of action on Section 22 of proposed Comprehensive Zoning Ordinance.

From the Owners and Lessees Apartment House Association, Incorporated, and Building Owners and Managers Association of San Francisco, urging the Board to enact the legislation deleting Section 22 of proposed Comprehensive Zoning Ordinance.

Motion to Re-refer to Committee.

Supervisor Rolph, seconded by Supervisor Sullivan, moved that the legislation be re-referred to the Public Buildings, Lands and City Planning Committee for the purpose of reviewing the proposed resolution with the City Planning Commission.

Motion refused adoption by the following vote:

Ayes: Supervisors Blake, Rolph, Sullivan—3.

Noes: Supervisors Casey, Dobbs, Ertola, Ferdon, Halley, McAteer, McCarty, McMahon—8.

Supervisor Rolph explained the necessity for the retention of Section 22 in the ordinance, and stated that the regulation was a recommended standard and there were specific provisions elsewhere in the ordinance whereby the City Planning Commission was empowered to grant variances.

Supervisor Dobbs stated that in his opinion the regulation was restrictive and would make it impossible for an owner to construct an economically feasible building, also the enactment of the proposed legislation would eventually increase the amount of money the City would receive in taxes.

Supervisor McAteer explained that the approval of the Comprehensive Zoning Ordinance was approximately two years away, and failure to enact the legislation that was now before the Board would work a hardship on persons planning the construction of new buildings.

Roger D. Lapham, Jr., President of the City Planning Commission, presented the views of the City Planning Commission and stated that they did not believe that the ratios as recommended by the Commission were too restrictive, and under certain conditions would permit the construction of skyscrapers.

Adopted by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McAteer, McCarty, McMahon, Sullivan—10.

No: Supervisor Rolph—1.

Legislation Considered Out of Order.**Consideration Continued.**

There being no objection, the following legislation, called from Police Committee by Supervisor McAteer, was considered out of order:

Amending Article 16, Chapter VIII (Police Code) Part II of the San Francisco Municipal Code, Relating to Regulation of Public Passenger Vehicles, by Adding Thereto Section 1078.1, Excepting Airport Ground Transportation Operator from Taxi License Requirements. File No. 15737, Ordinance No. (Series of 1939).

Communication.

From Barrett Transportation, Inc., stating that should the pending measure be acted upon favorably the fares to and from the Airport would be reduced by 50 cents each way.

Ordered filed.

City Attorney's Opinion.

From the City Attorney, opinion No. 1214 re taxicabs to airport; proposed addition to Police Code permitting airport transportation contract holder to operate taxi service from San Francisco to Airport.

Motion to Amend.

Supervisor McAteer, seconded by Supervisor Sullivan, moved that the following sentence, contained in page 4 of the City Attorney's opinion, be incorporated in the pending measure: "Any such person, firm or corporation, and the drivers for any such person, firm or corporation shall be subject to all other ordinances of the City and County of San Francisco governing the operation of taxicabs, and registration and licensing of drivers, the same as though any such person, firm or corporation held permits to operate an intracity taxi service."

Motion carried by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McAteer, McCarty, McMahon, Rolph, Sullivan—11.

Privilege of the Floor.

The privilege of the floor was granted to the following:

Mr. Harold R. McKinnon, President of the Police Commission, speaking on the amendment, suggested that the word "other" be omitted so that the owner and drivers would be subject to all ordinances governing operation of taxicabs, in order to provide the Police Department with effective penalties for violations of general taxi regulations.

Mr. Joseph Martin, Jr., President of the Public Utilities Commission, stated that the supplemental contract with the Barrett Transportation, Inc., would include a requirement of complete compliance with all taxicab laws and a breach of the covenant would be sufficient to abrogate the contract.

Motion to Continue.

Supervisor McCarty, seconded by Supervisor Casey, moved that the pending measure be continued for a period of four weeks, for the purpose of permitting the introduction of substitute proposals by interested parties to eliminate if possible the present taxicab situation which limits the Airport contractor and the taxicab companies to one-way carrying of passengers to and from the San Francisco Airport.

Substitute Motion.

Supervisor Halley, seconded by Supervisor Blake, moved as a substitute, continuance for four weeks, and that the pending measure, as amended, together with City Attorneys opinion, be referred to the Public Utilities Commission for review and report to the Board of Supervisors.

Motion *carried* by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Halley, McCarty, McMahon, Rolph—8.

Noes: Supervisors Ferdon, McAteer, Sullivan—3.

Request Granted.
